CLAIM

The ornamental design for a shooting target, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a shooting target showing the embodiment of the design of the invention. The broken line showing of a structural feature is included for the purpose of illustrating non-claimed subject and forms no part of the claimed design in this and all following Figures,

FIG. 2 is a bottom perspective view thereof;

FIG. 3 is a front view thereof, the back view being a mirror image;

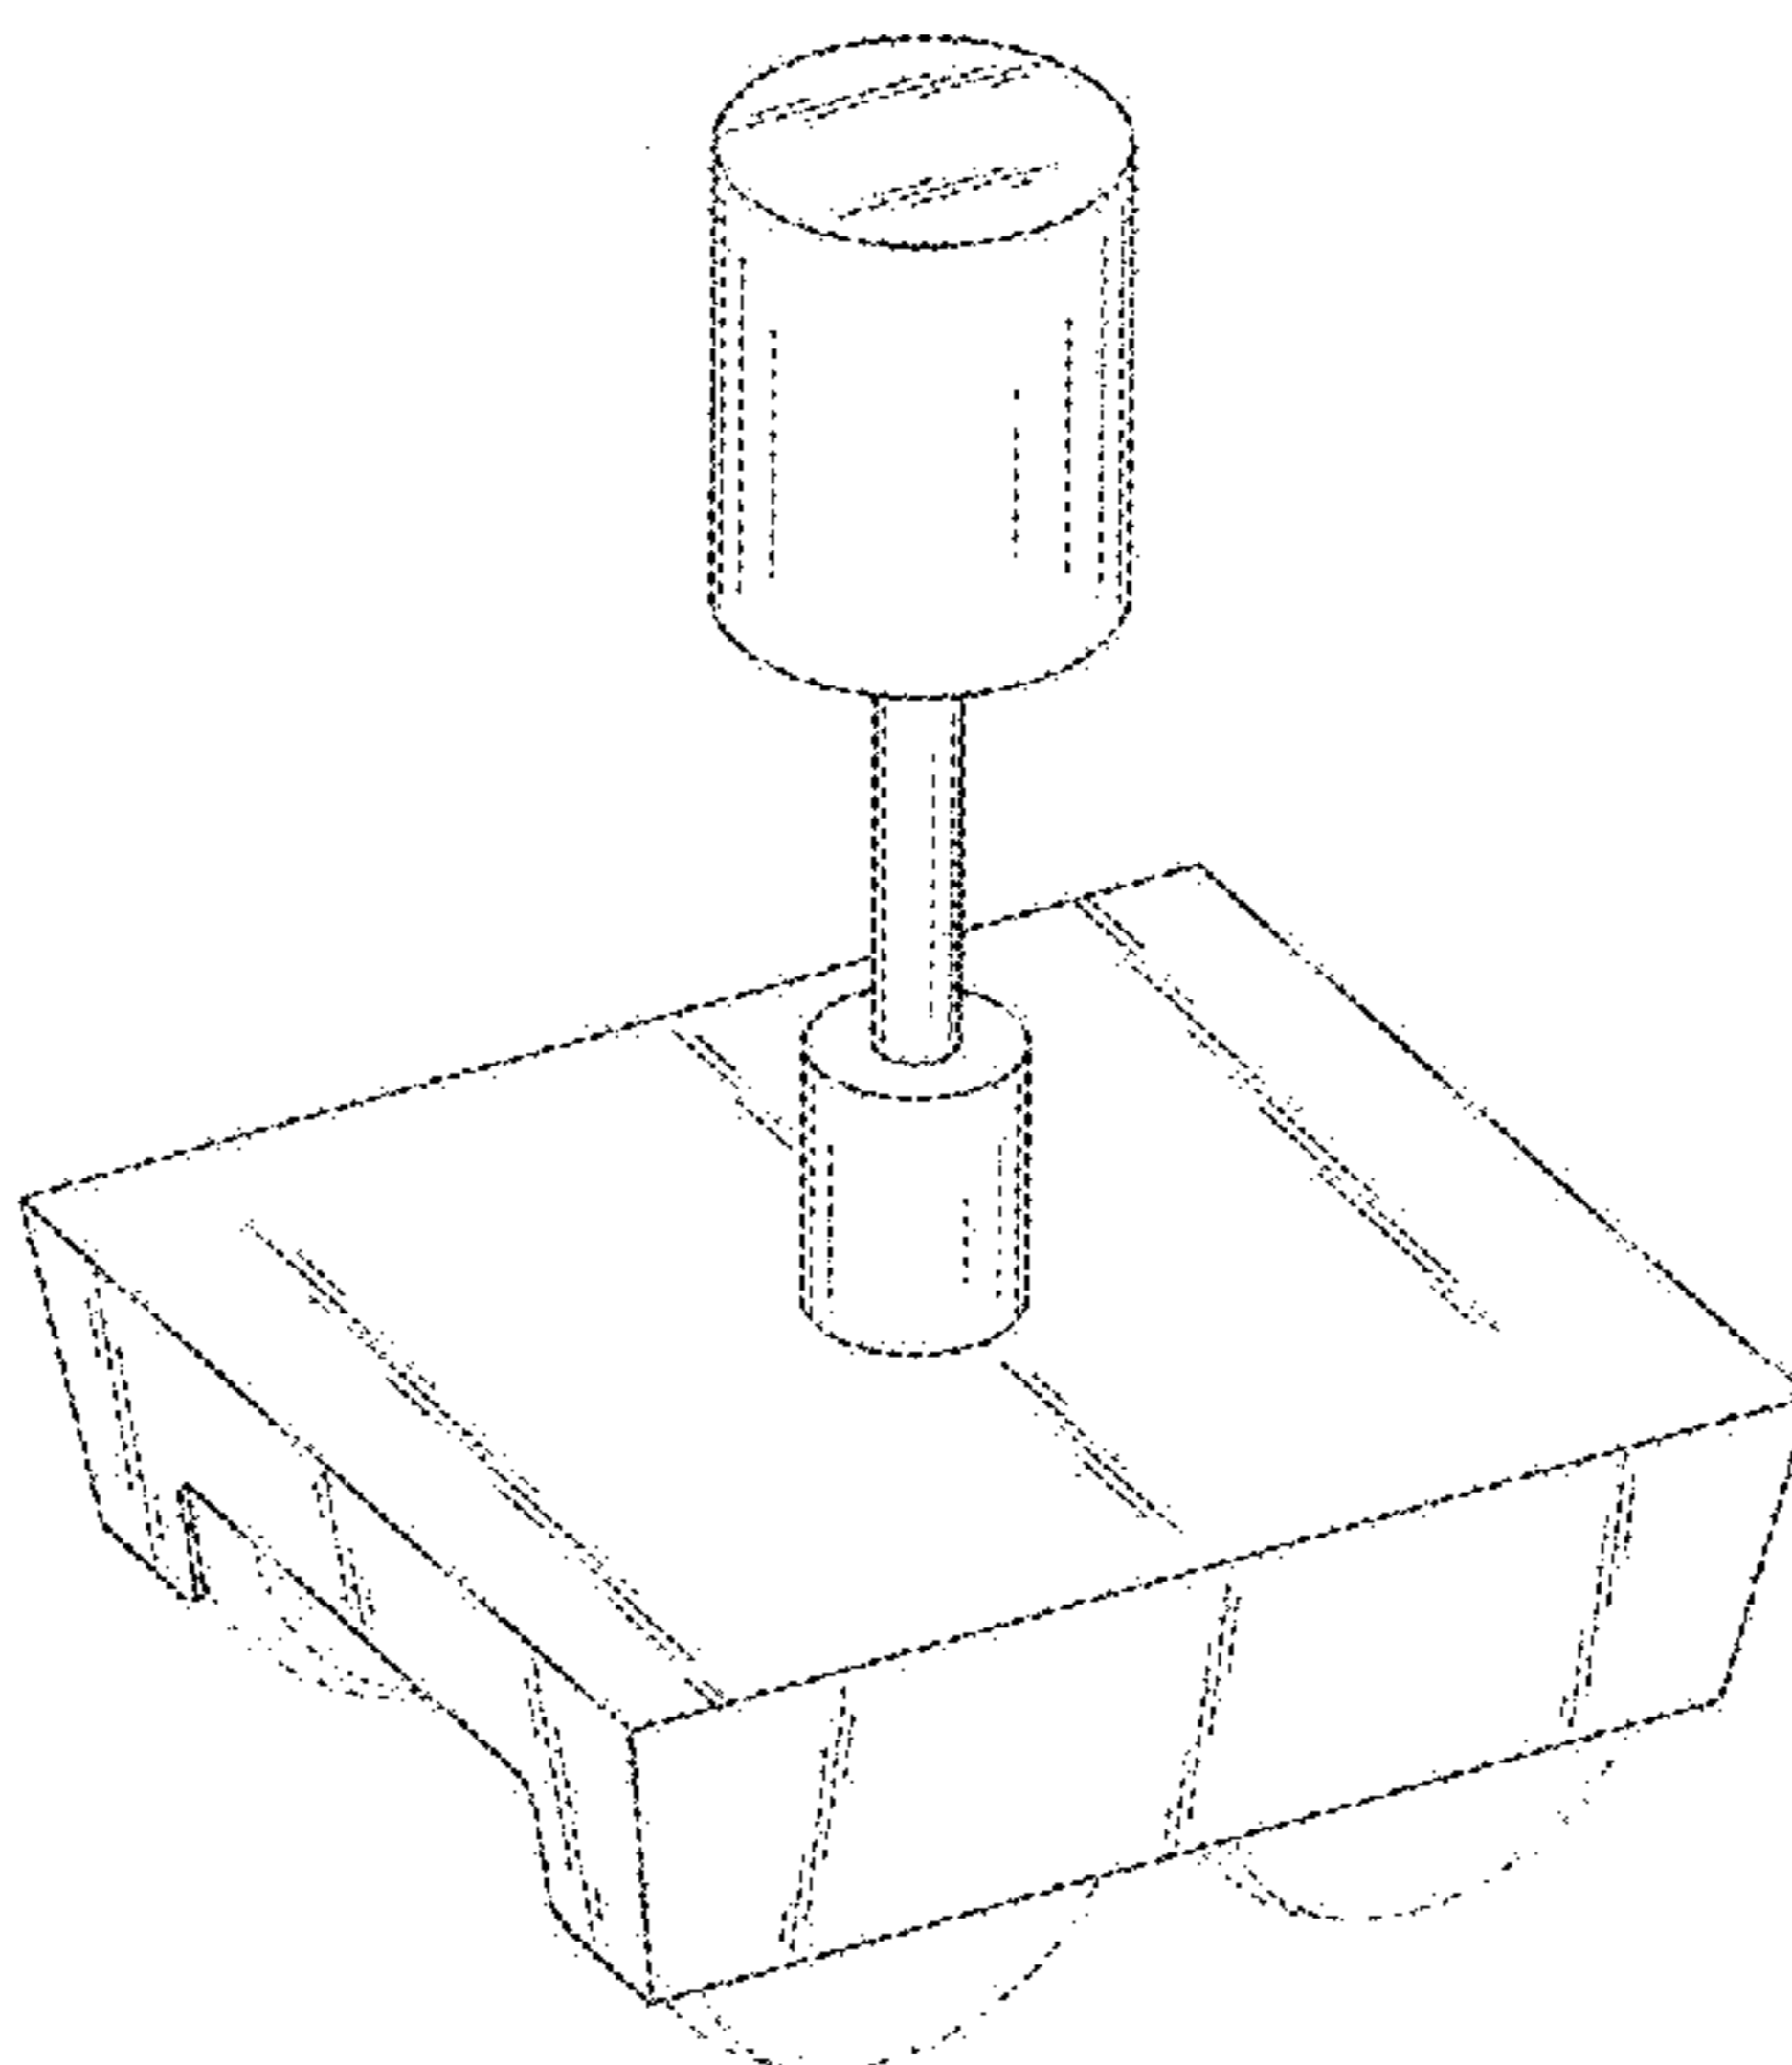

FIG. 4 is a side view thereof, the opposite side being a mirror image;

FIG. 5 is a top view thereof; and,

FIG. 6 is a bottom view thereof.

The design is for a shooting target which is used in shooting sports and in training of law enforcement and military personnel. The target is adapted to be coupled to a robot for movement.

1 Claim, 5 Drawing Sheets
