(57) **CLAIM**

The ornamental design for a glove, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a glove showing my new design;  
FIG. 2 is a front view thereof;  
FIG. 3 is a rear view thereof;  
FIG. 4 is a left side view thereof;  
FIG. 5 is a right side view thereof;  
FIG. 6 is a top view thereof; and,  
FIG. 7 is a bottom view thereof.  
The stippling on the back side of the index finger and thumb represents a first type of material (e.g., fleece) differing from the body material of the glove. The grid pattern on the front of the glove represents a second type of material different from the first type of material.  
Each broken, dashed line on the palm of the glove is a boundary line, while each dash-dot-dash line within the cuff is another boundary line; consequently, they are not part of the claimed design.
