(57) **CLAIM**

We claim the ornamental design for an illuminating hammock, as shown and described.

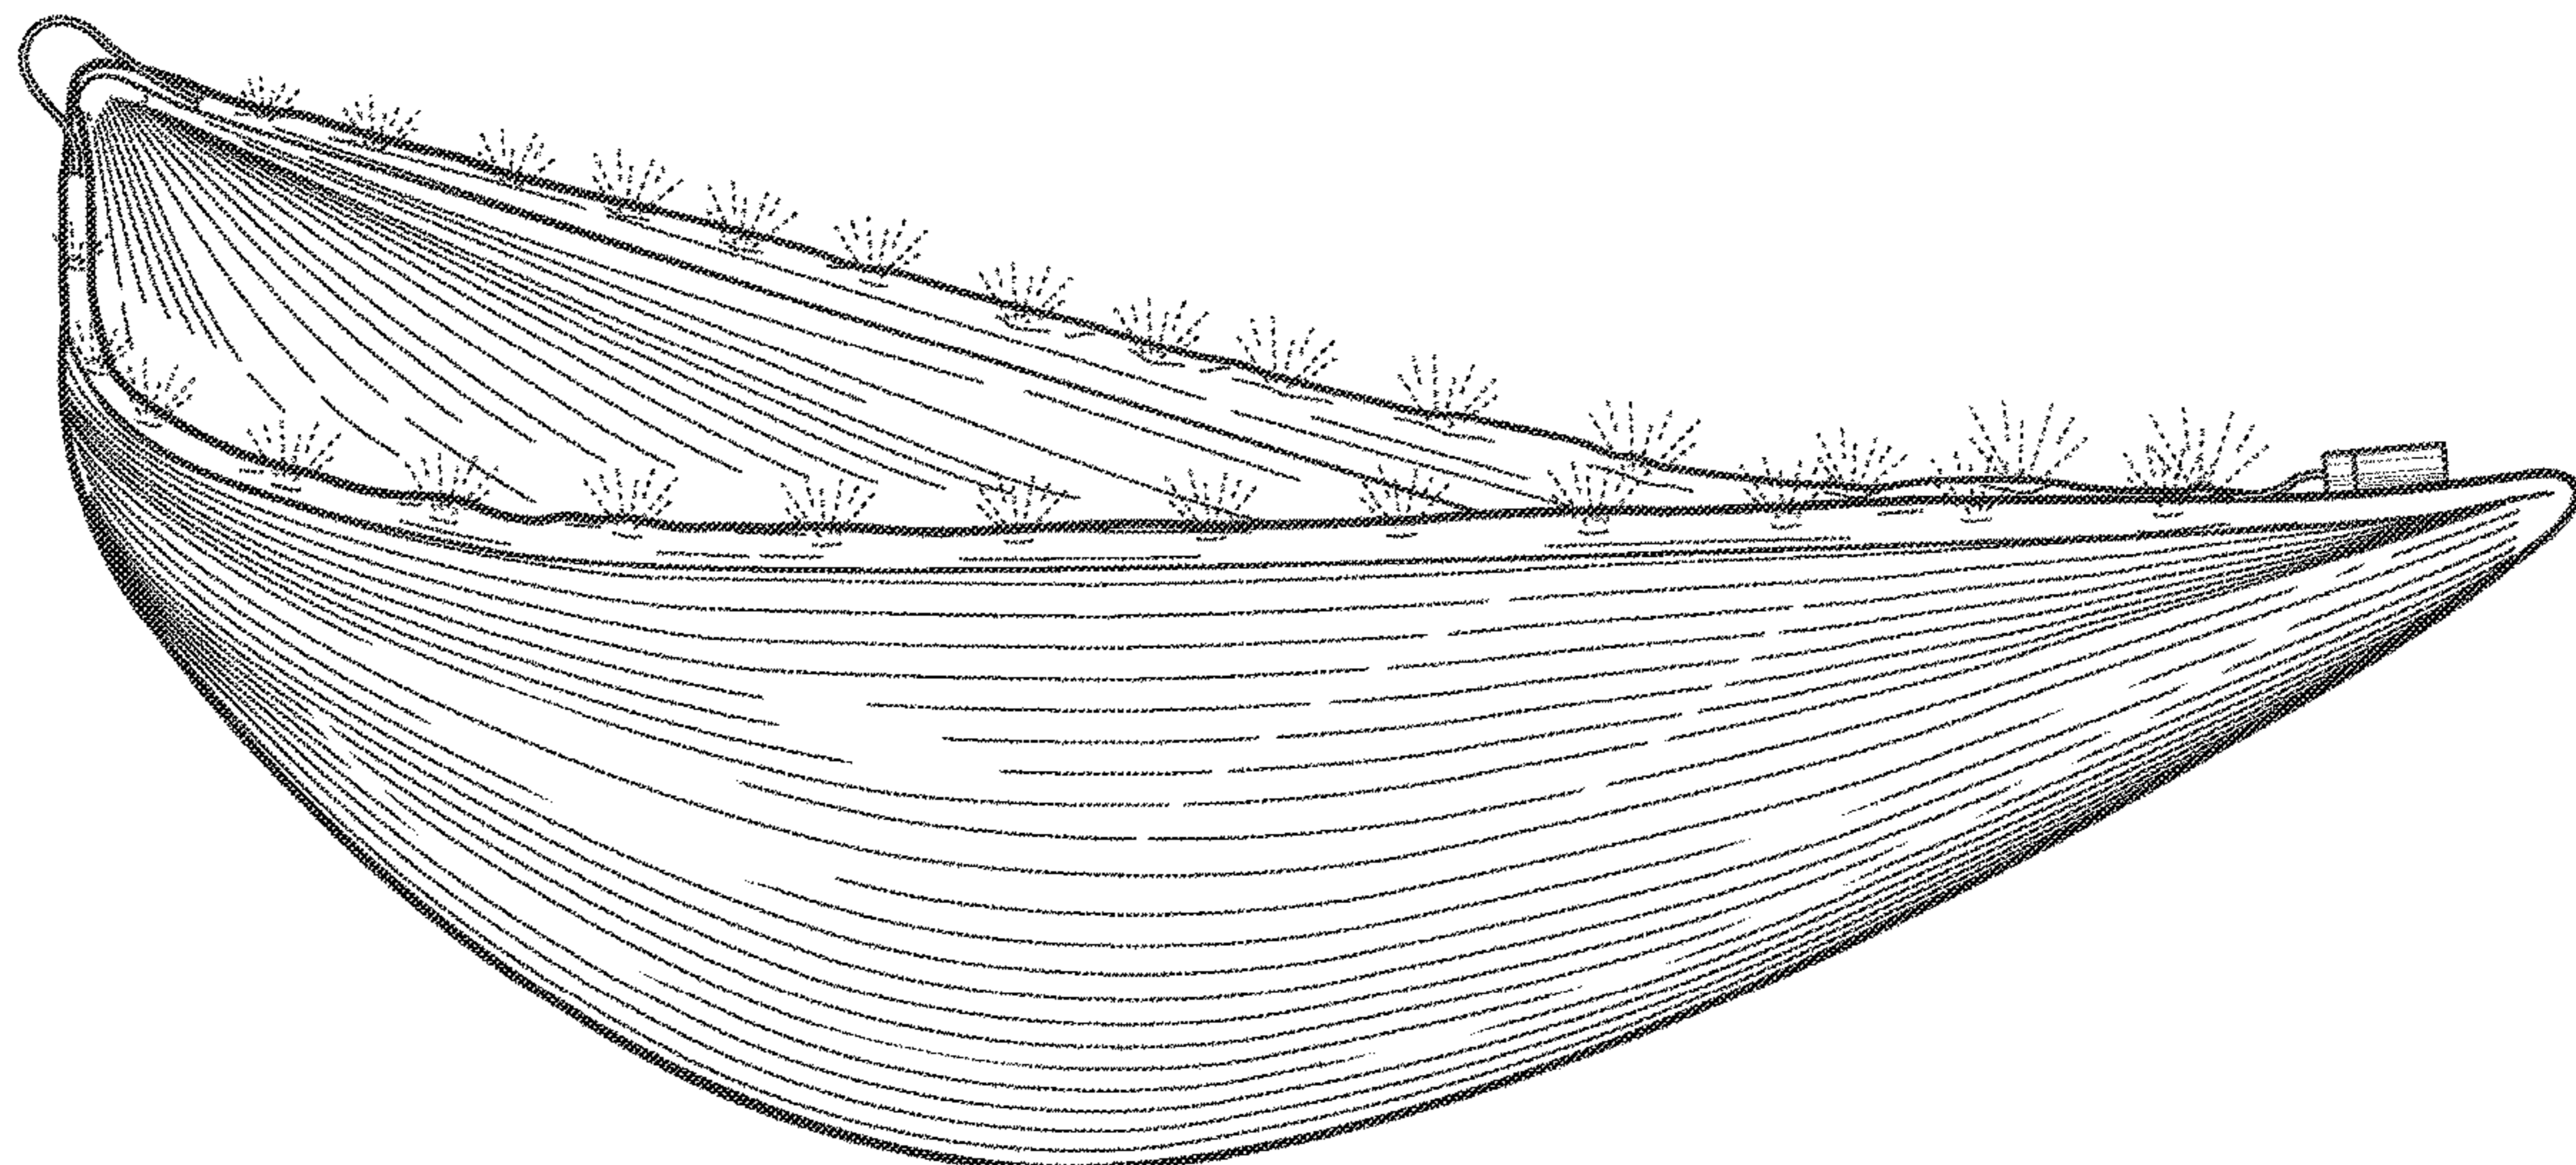

**DESCRIPTION**

FIG. 1 is a perspective view of the illuminating hammock; FIG. 2 is a side view thereof; FIG. 3 is the opposite side view thereof; FIG. 4 is a top plan view thereof; FIG. 5 is a bottom plan view thereof; FIG. 6 is an end view thereof; and, FIG. 7 is the opposite end view thereof.

The clusters of radiating lines in the drawings portray the illusion of illumination coming from an internal string of lights.

The long regular lines shown on the hammock surface are shading lines that illustrate contour, and are not surface ornamentation.
