(57) **CLAIM**

The ornamental design for a drone system component including rings, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a drone system component including rings showing my new design; and, FIG. 2 is a top plan view thereof, the bottom plan view not being visible and/or not being claimed herein. The broken lines shown in the figures are included for the purpose of illustrating portions of the drone system component including rings and form no part of the claimed design. Views of the drone system component including rings that are not shown in the drawings or described herein form no part of the claimed design.

1 Claim, 2 Drawing Sheets
