(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view showing a display screen with animated graphical user interface showing a first image in the sequence thereof;  
FIG. 2 is a second image in the sequence of the display screen with animated graphical user interface;  
FIG. 3 is a third image in the sequence of the display screen with animated graphical user interface;  
FIG. 4 is a fourth image in the sequence of the display screen with animated graphical user interface;  
FIG. 5 is a fifth image in the sequence of the display screen with animated graphical user interface;  
FIG. 6 is a sixth image in the sequence of the display screen with animated graphical user interface;  
FIG. 7 is a seventh image in the sequence of the display screen with animated graphical user interface;  
FIG. 8 is an eighth image in the sequence of the display screen with animated graphical user interface; and,  
FIG. 9 is a ninth image in the sequence of the display screen with animated graphical user interface.  
The outermost broken line perimeter illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface which form no part of the claimed design.  
The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-9. The process or period in which one image transitions to another image forms no part of the claimed design.
