(57) **CLAIM**

The ornamental designs for a display screen portion with a graphical user interface, as shown and described.

DESCRIPTION

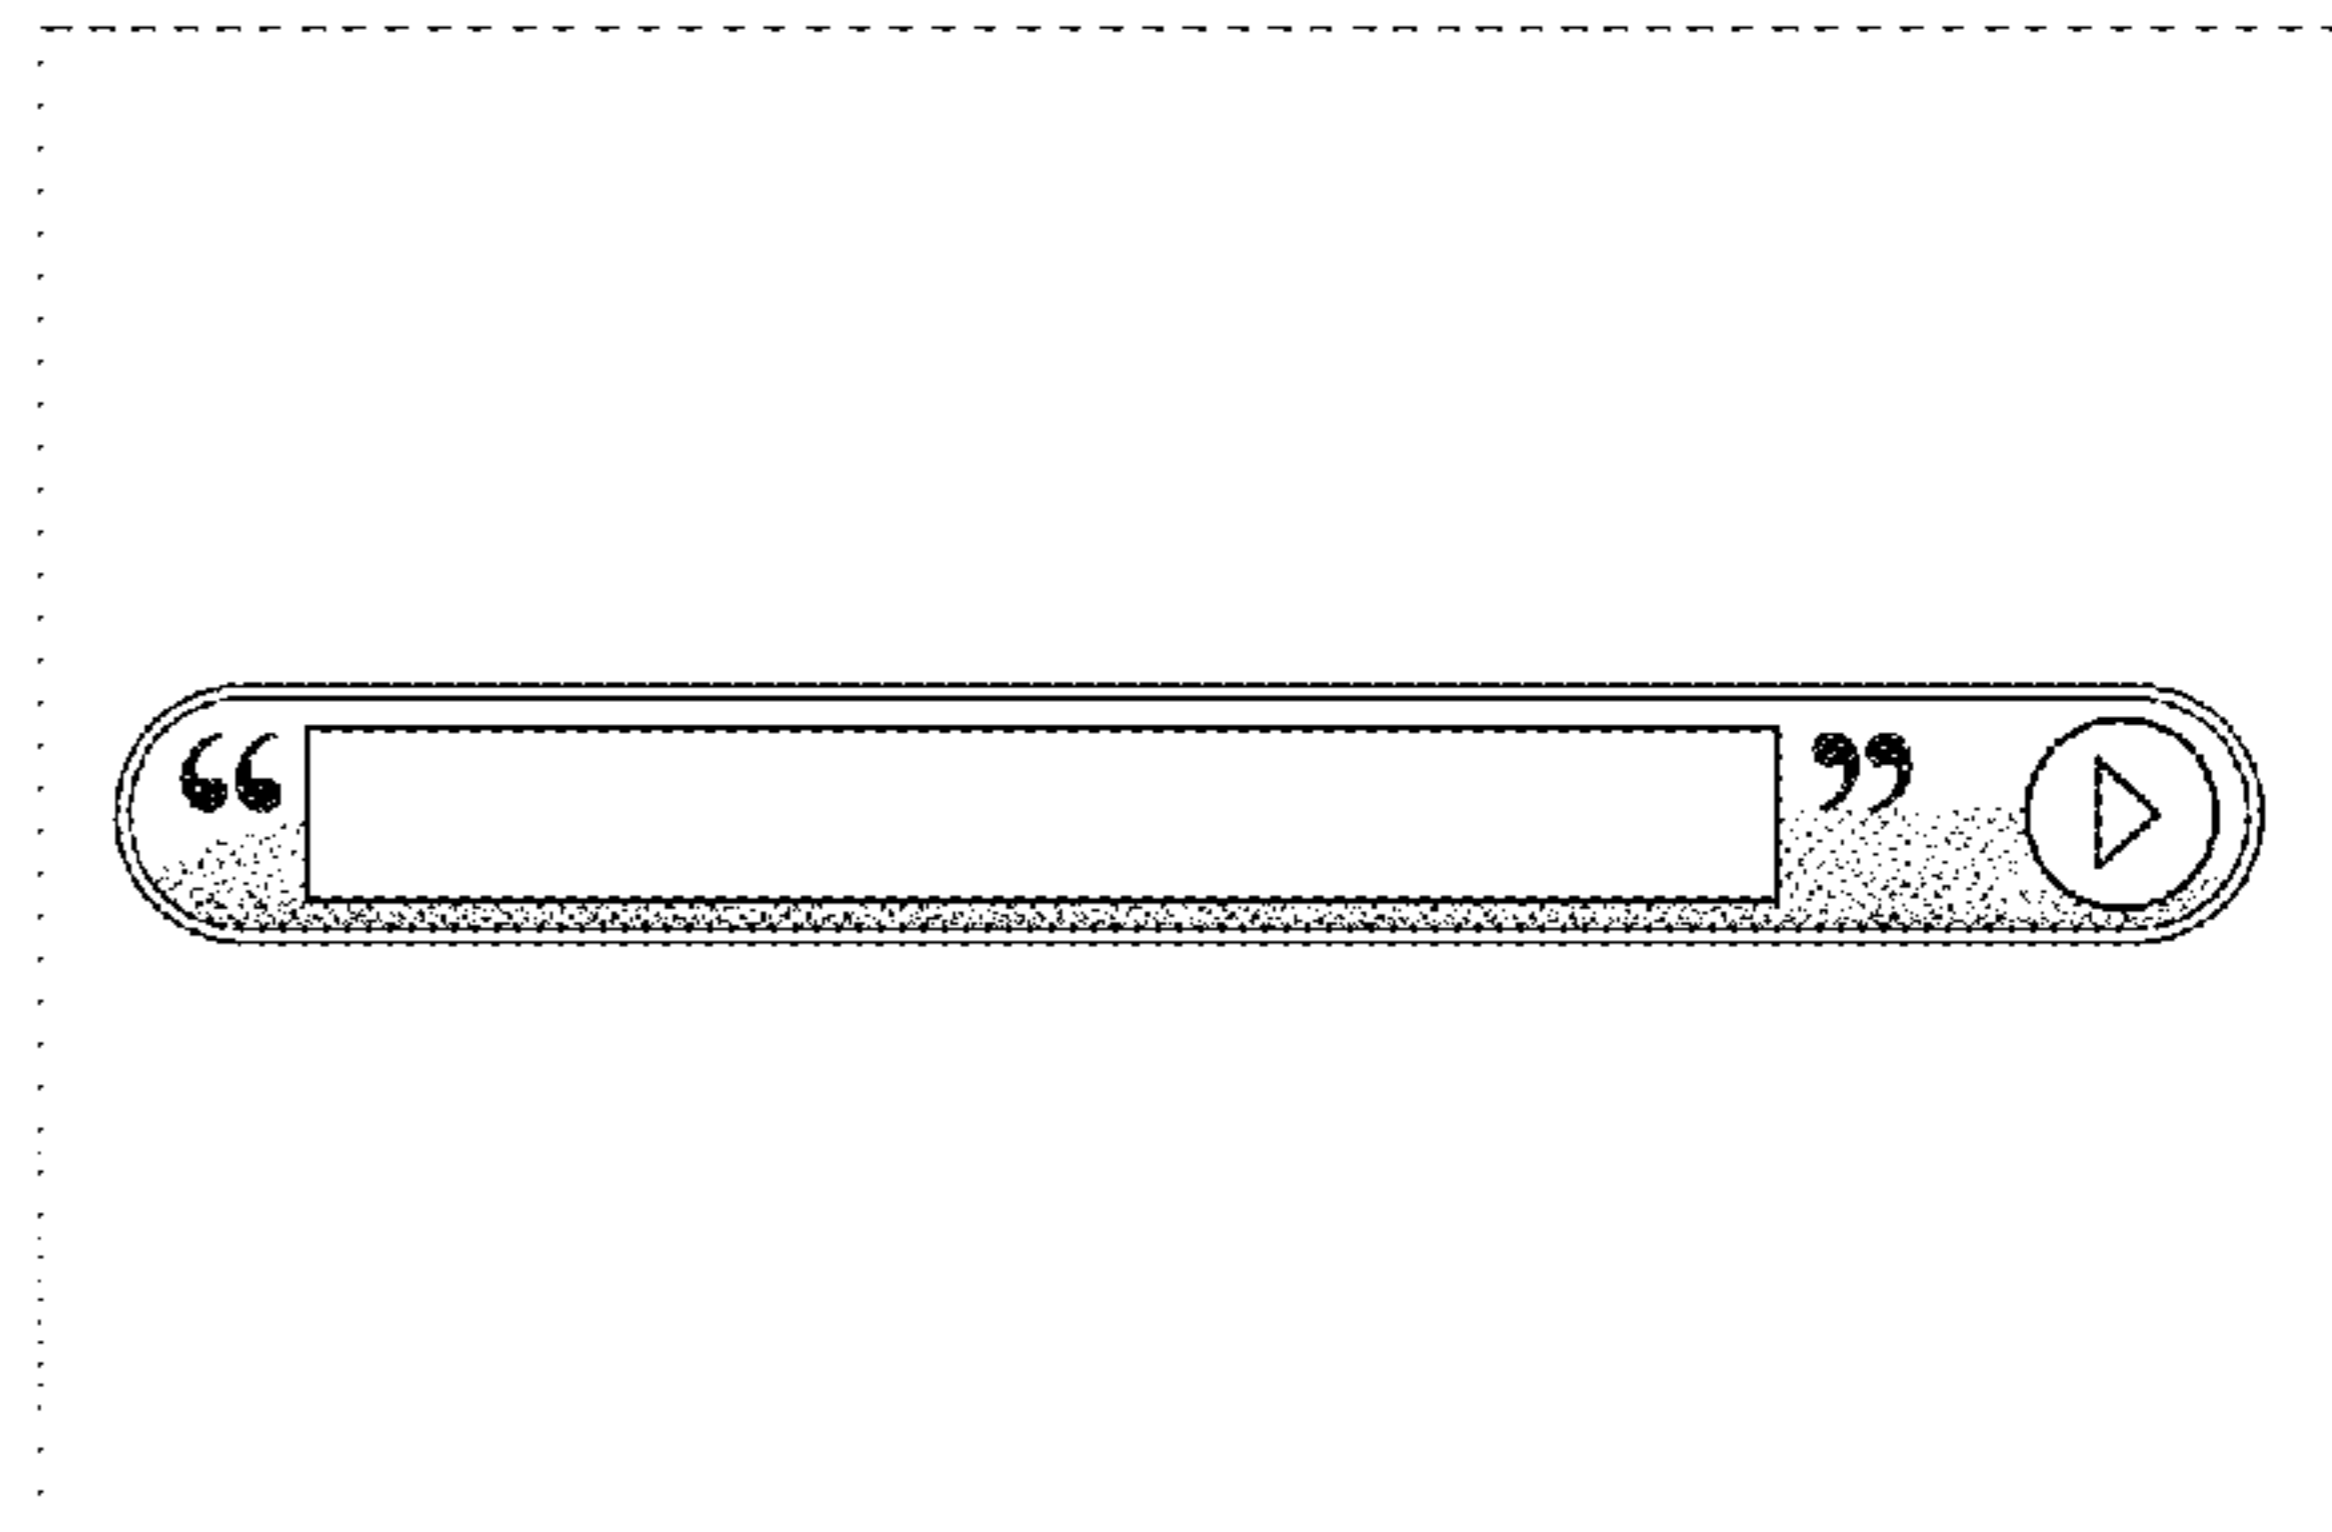

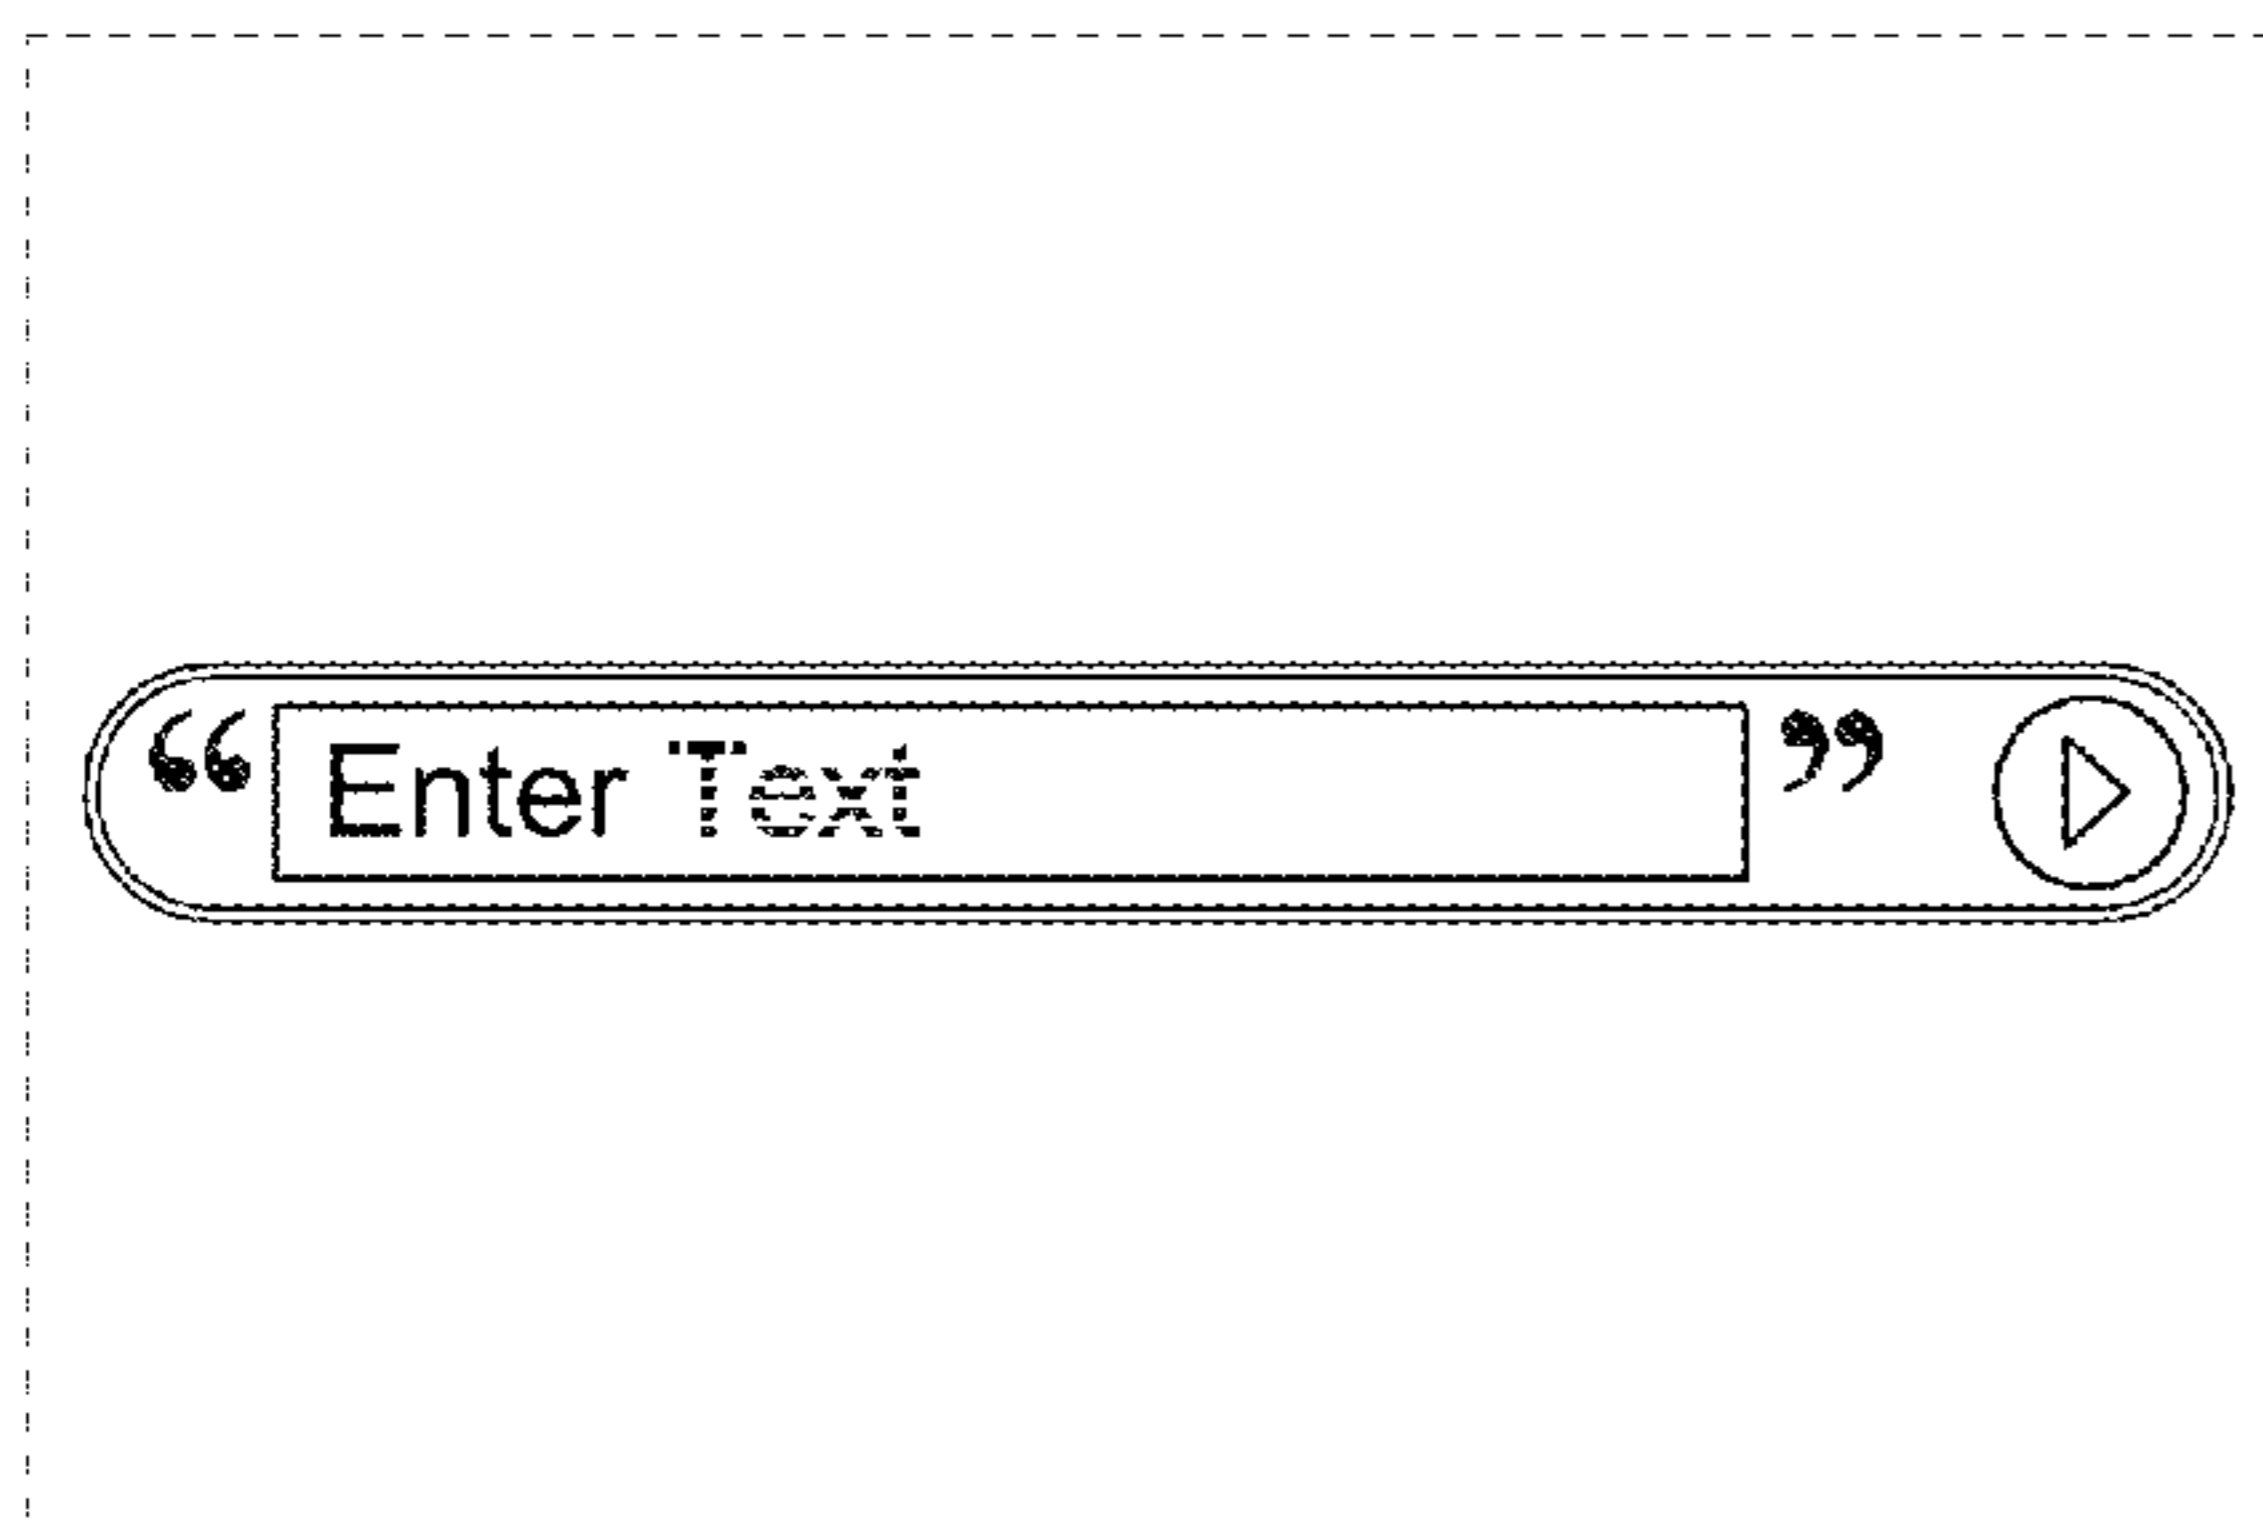

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

FIG. 1 is a front view of a first embodiment of a user interface embodied in a portion of a display screen showing our new design; and,

FIG. 2 is a front view of a second embodiment of a user interface embodied in a portion of a display screen showing our new design.

The broken lines in the drawings illustrate the display screen and portions of the graphical user interface which form no part of the claimed design.
