(57) **CLAIM**

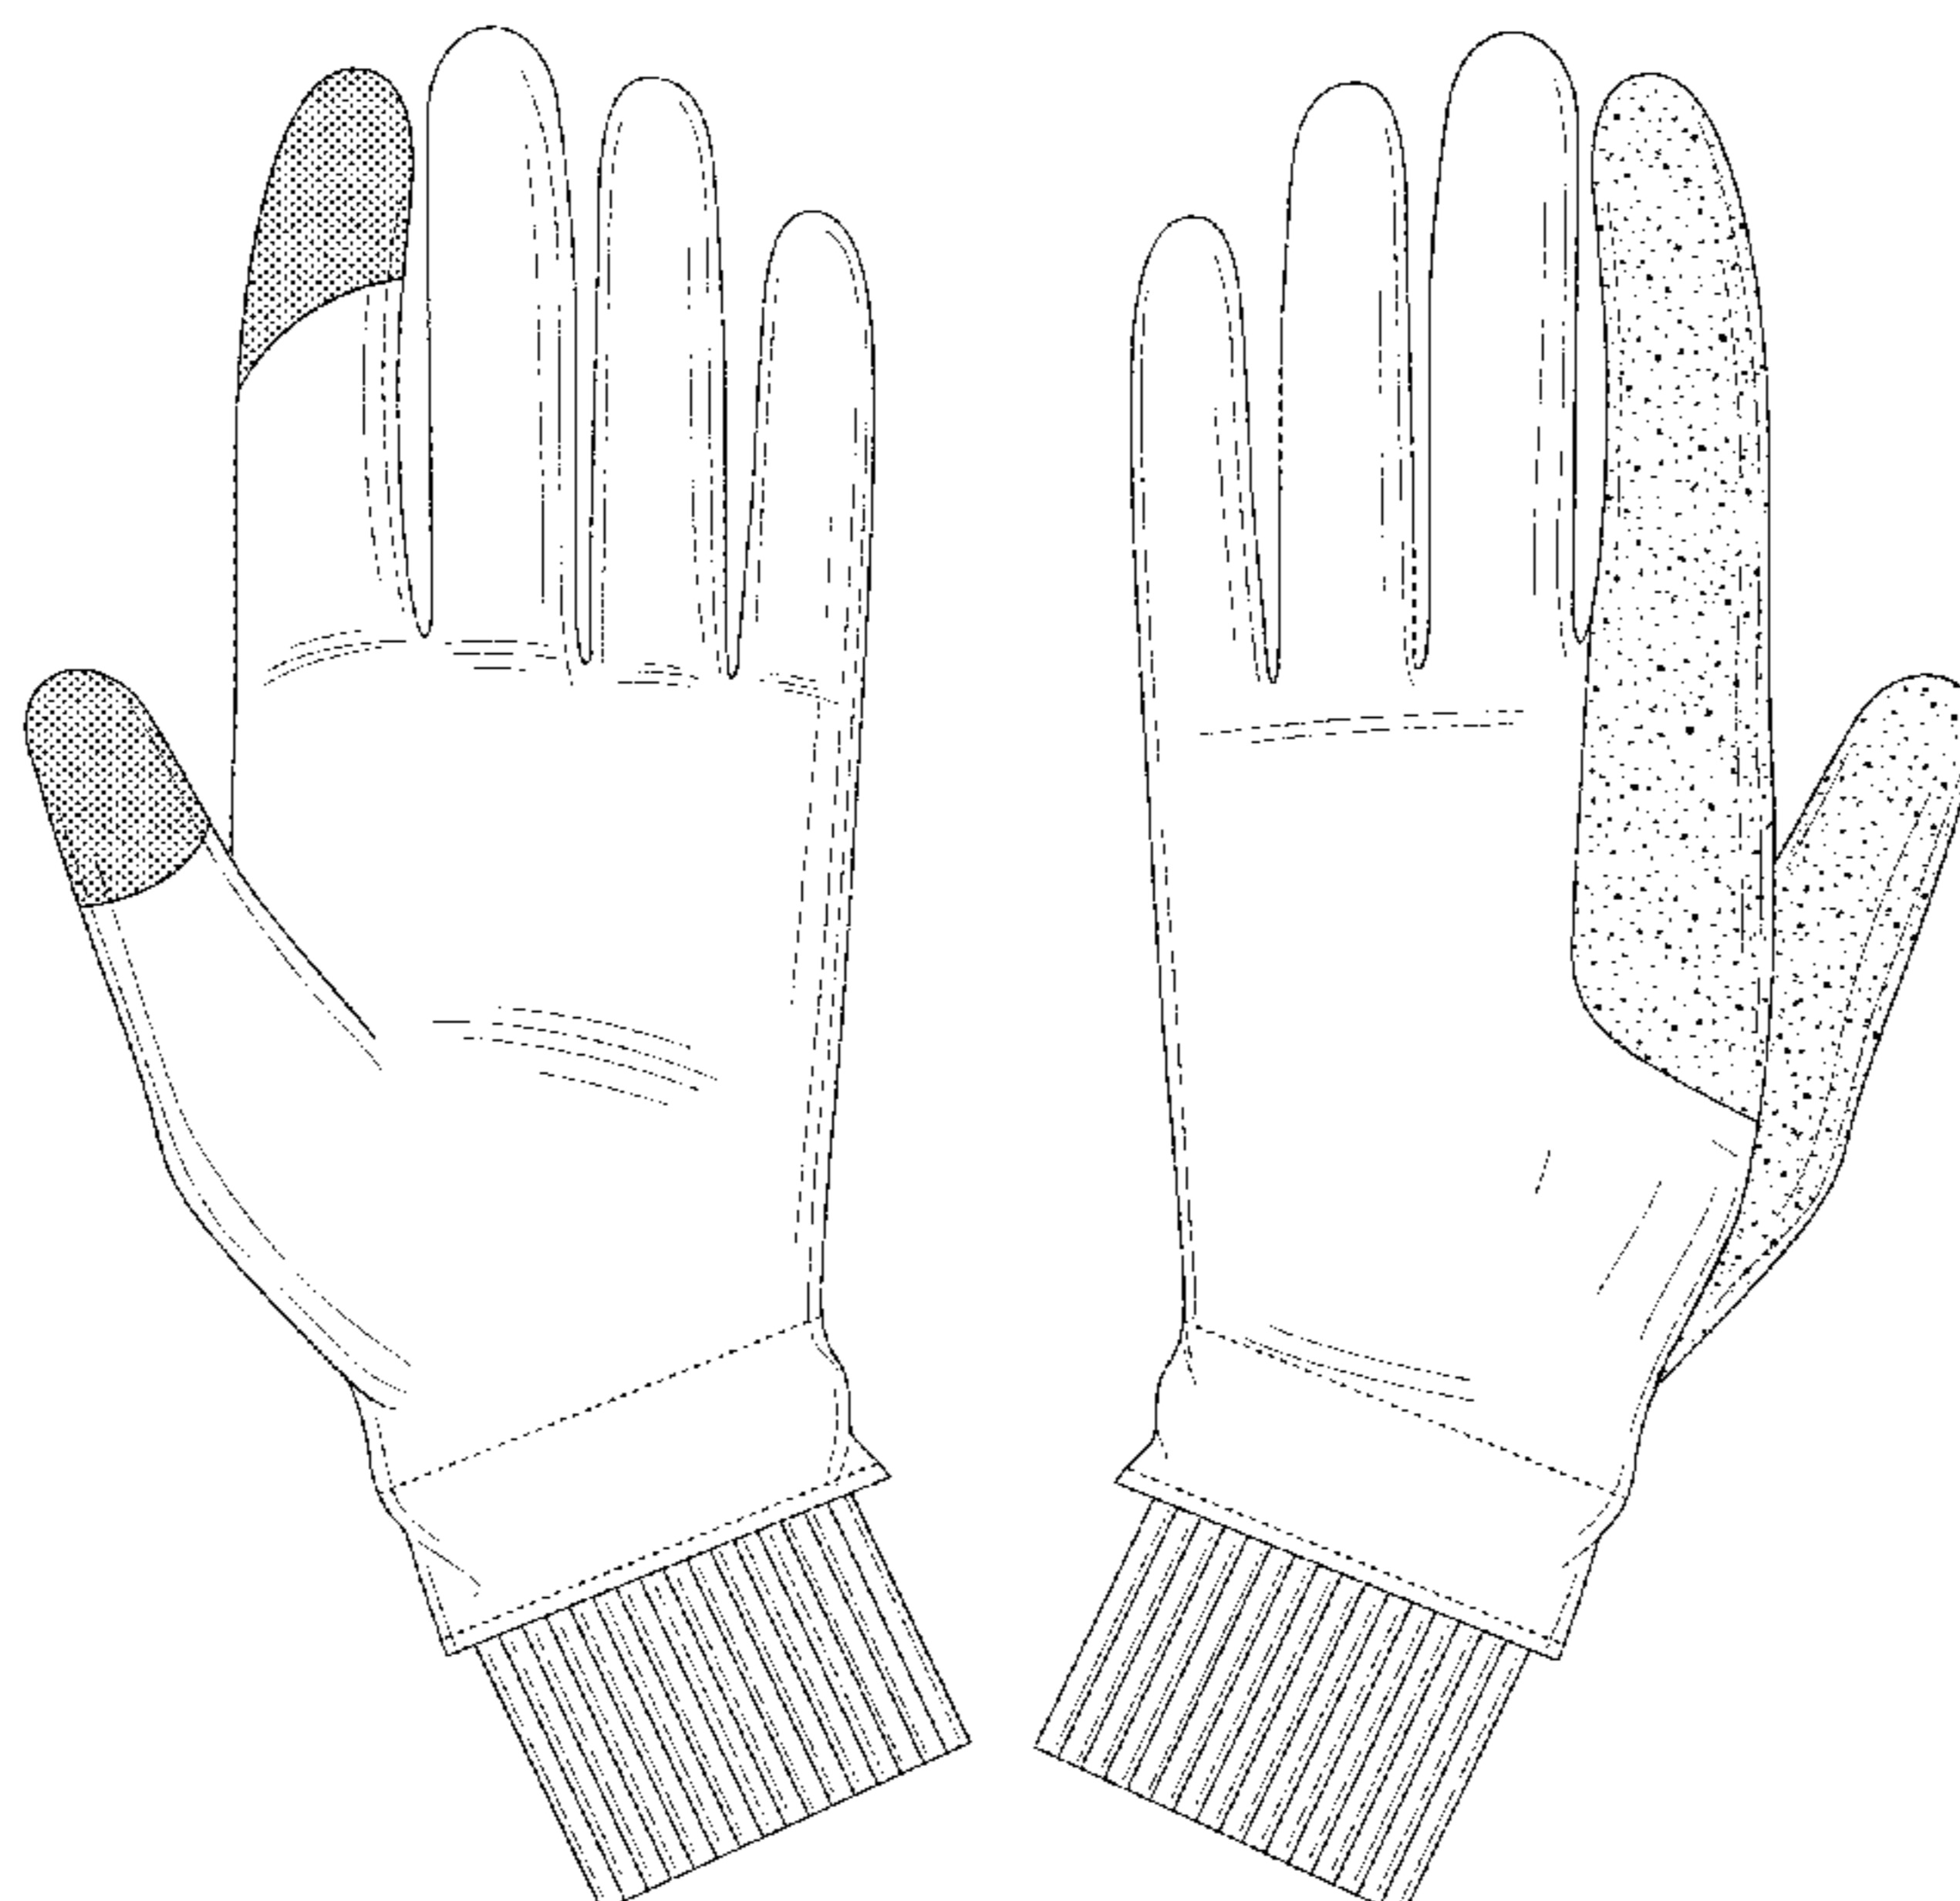

The ornamental design for a glove, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a glove showing my new design;
FIG. 2 is a front view thereof;
FIG. 3 is a rear view thereof;
FIG. 4 is a left side view thereof;
FIG. 5 is a right side view thereof;
FIG. 6 is a top view thereof; and,
FIG. 7 is a bottom view thereof.

The broken, dashed line on the glove exterior represents stitching. The stippling on the back side of the index finger and thumb represents a first type of material (e.g., fleece) differing from the body material of the glove. The dotted areas on the front of the glove represents a second type of material different from the first type of material. In FIG. 5 and FIG. 7, the broken, dash-dot-dash line within the cuff is a boundary line; consequently, it is not part of the claimed design.
