(57) **CLAIM**

The ornamental design for a dispensing bottle, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of the front side of a bottle of the present invention; and,
FIG. 2 is a front elevational view of the bottle depicted in FIG. 1.

The ornamental design which is claimed is shown in solid lines in the drawings. The dashed broken lines are shown for the purpose of illustrating portions of the bottle that form no part of the claimed design. The sides of the bottle that are not shown in the Figures contain no claimed elements.
