(57) **CLAIM**

The ornamental design for a display screen with transitional icon, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image of a display screen with transitional icon;

FIG. 2 is a front view of a second image thereof;

FIG. 3 is a front view of a third image thereof;

FIG. 4 is a front view of a fourth image thereof;

FIG. 5 is a front view of a fifth image thereof;

FIG. 6 is a front view of a sixth image thereof; and,

FIG. 7 is a front view of a seventh image thereof.

The broken line showing of a display screen, and the shaded areas shown within the broken line circle in all the FIGS. and the broken line triangle in FIG. 4, are included for the purpose of illustrating portions of the article and forms no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 7 Drawing Sheets
