(57) **CLAIM**

The ornamental design for an electronic audio message recording and playback device with light activation, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the electronic audio message recording and playback device with light activation; FIG. 2 is a front view thereof; FIG. 3 is a left-side view thereof; FIG. 4 is a right-side view thereof; FIG. 5 is a rear view thereof; FIG. 6 is a top view thereof; and, FIG. 7 is a bottom view thereof. The broken lines shown in the drawings depict portions of the electronic audio message recording and playback device with light activation that form no part of the claimed design; including the broken-line indicia GREET-O-MATIC illustrated in FIGS. 1 and 2.
