(57) **CLAIM**

The ornamental design for a scrub top, as shown and described.

**DESCRIPTION**

This application makes reference to U.S. Design application Ser. No. 29/449,211 filed Mar. 14, 2013. The '211 application, and all of the subject matter disclosed therein, is incorporated herein by reference in its entirety.

FIG. 1 is a front perspective view of a first embodiment of a scrub top, showing our new design, with the outermost short sleeves in a pulled down position;

FIG. 2 is a second front perspective view thereof, with the right outermost short sleeve in a pulled up position;

FIG. 3 is a rear perspective view thereof, with the outermost short sleeves in a pulled down position;

FIG. 4 is a second rear perspective view thereof, with the right outermost short sleeve in a pulled up position;

FIG. 5 is a front elevation view thereof, with the outermost short sleeves in a pulled down position;

FIG. 6 is a rear elevation view thereof;

FIG. 7 is a front perspective view of a second embodiment of a scrub top, showing our new design, with the outermost short sleeves in a pulled down position;

FIG. 8 is a second front perspective view thereof, with the right outermost short sleeve in a pulled up position;

FIG. 9 is a rear perspective view thereof, with the outermost short sleeves in a pulled down position;

FIG. 10 is a second rear perspective view thereof, with the right outermost short sleeve in a pulled up position;

FIG. 11 is a front elevation view thereof, with the outermost short sleeves in a pulled down position; and,

FIG. 12 is a rear elevation view thereof.

The dot-dash lines illustrating human hands and wrists are shown for environmental purposes and form no part of the claimed design.

The evenly spaced dashed lines on the scrub top represent stitching and form no part of the claimed design.

The cross-hatched pattern on the long sleeve portions of the scrub, although shown intermittently, is meant to represent an elastic fabric, and is understood to be distributed uni-

(Continued)

formly over the long sleeve portions of the scrub. The cross-hatched pattern itself forms no part of the claimed design.
