(57) **CLAIM**

The ornamental design for a graphical representation for a flow cytometer, as shown and described.

**DESCRIPTION**

FIG. 1 is a view of a first embodiment of a graphical representation for a flow cytometer of our new design; and, FIG. 2 is a view of a second embodiment of a graphical representation for a flow cytometer of our new design. The portions of the features depicted in broken lines are not part of the claimed design.
