(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence of an animated graphical user interface showing our new design on a display screen;

FIG. 2 is the second image in the sequence; and,

FIG. 3 is the third image in the sequence.

The appearance of the animated graphical user interface sequentially transitions between the images shown within FIGS. 1-3. The process or period in which an image sequence transitions from one image to another image forms no part of the claimed design. The broken line showing of a finger, portions of the graphical user interface, and the display screen is for environmental purposes only and forms no part of the claimed design.
