(57) **CLAIM**

The ornamental design for the display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design; and, FIG. 2 is another front view of the display screen or portion thereof with graphical user interface shown in an alternate environment.

The broken lines represent the display screen and elements of the graphical user interface which form no part of the claimed design. The broken lines within the segments of the circle are not claimed subject matter.
