(57) **CLAIM**

The ornamental design for a mountable light, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of an ornamental design for a mountable light;

FIG. 2 is a second perspective view thereof from an opposite end;

FIG. 3 side view of a first side thereof;

FIG. 4 is a side view of a second side thereof;

FIG. 5 is a side view of a third side thereof;

FIG. 6 is a side view of a fourth side thereof;

FIG. 7 is an end view of a first end thereof;

FIG. 8 is an end view of a second end thereof; and

FIG. 9 is a perspective view thereof as in FIG. 2 and including an environment of a remote switch connected to one end of the mountable light by a cable.

FIG. 10 is a perspective view of a second embodiment of the ornamental design for a mountable light;

FIG. 11 is a second perspective view thereof from an opposite end;

FIG. 12 side view of a first side thereof;

FIG. 13 is a side view of a second side thereof;

FIG. 14 is a side view of a third side thereof;

FIG. 15 is a side view of a fourth side thereof;

FIG. 16 is an end view of a first end thereof;

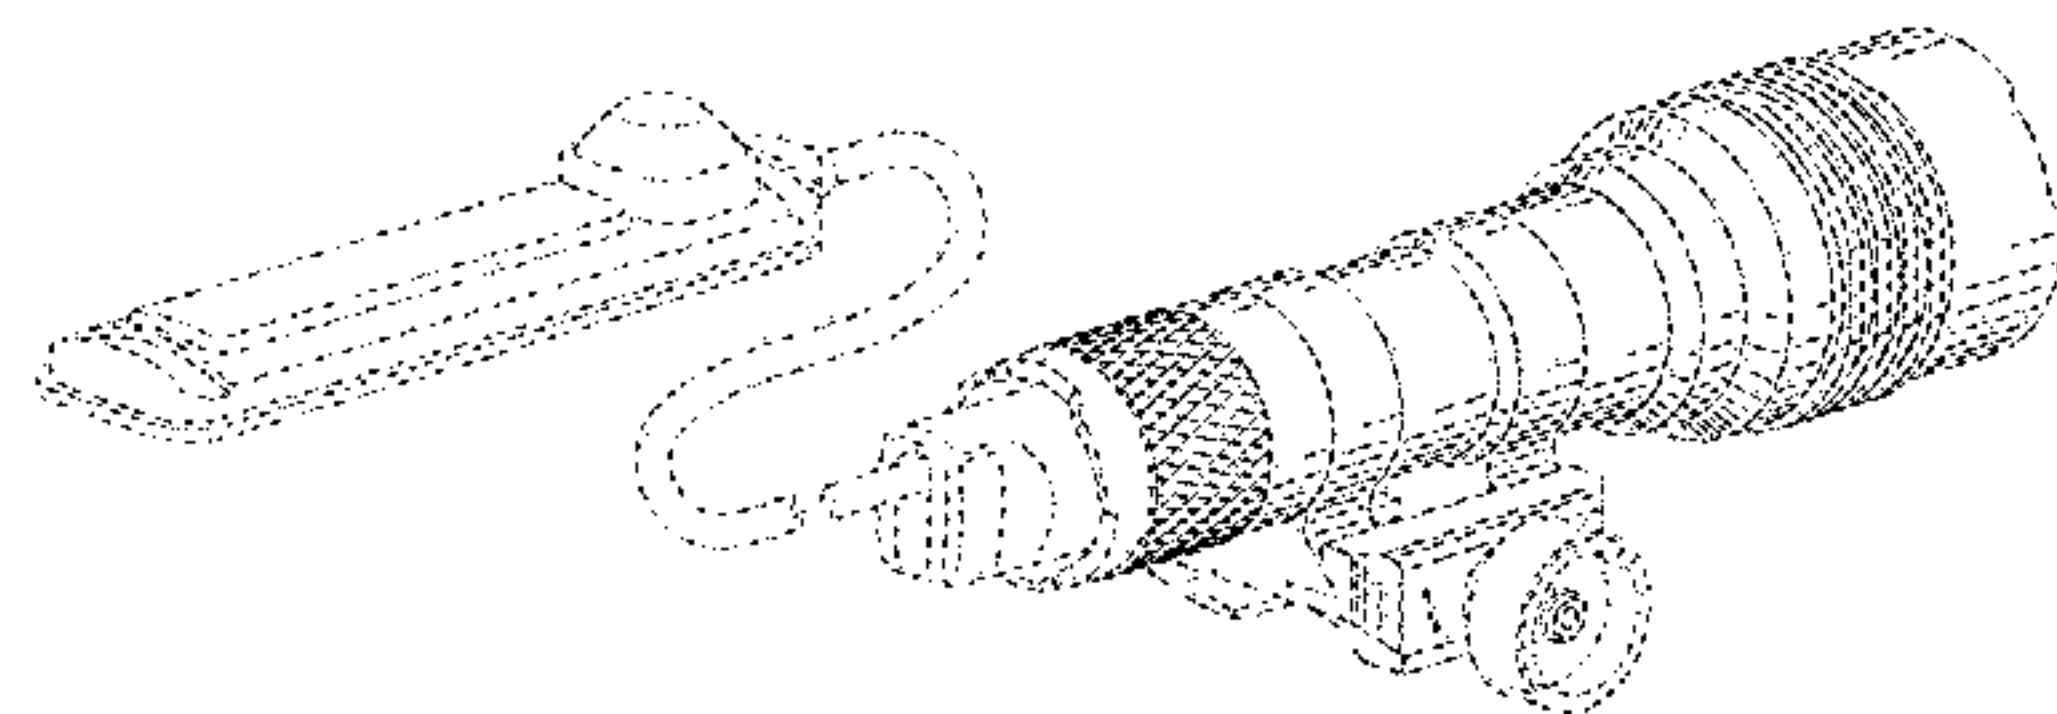

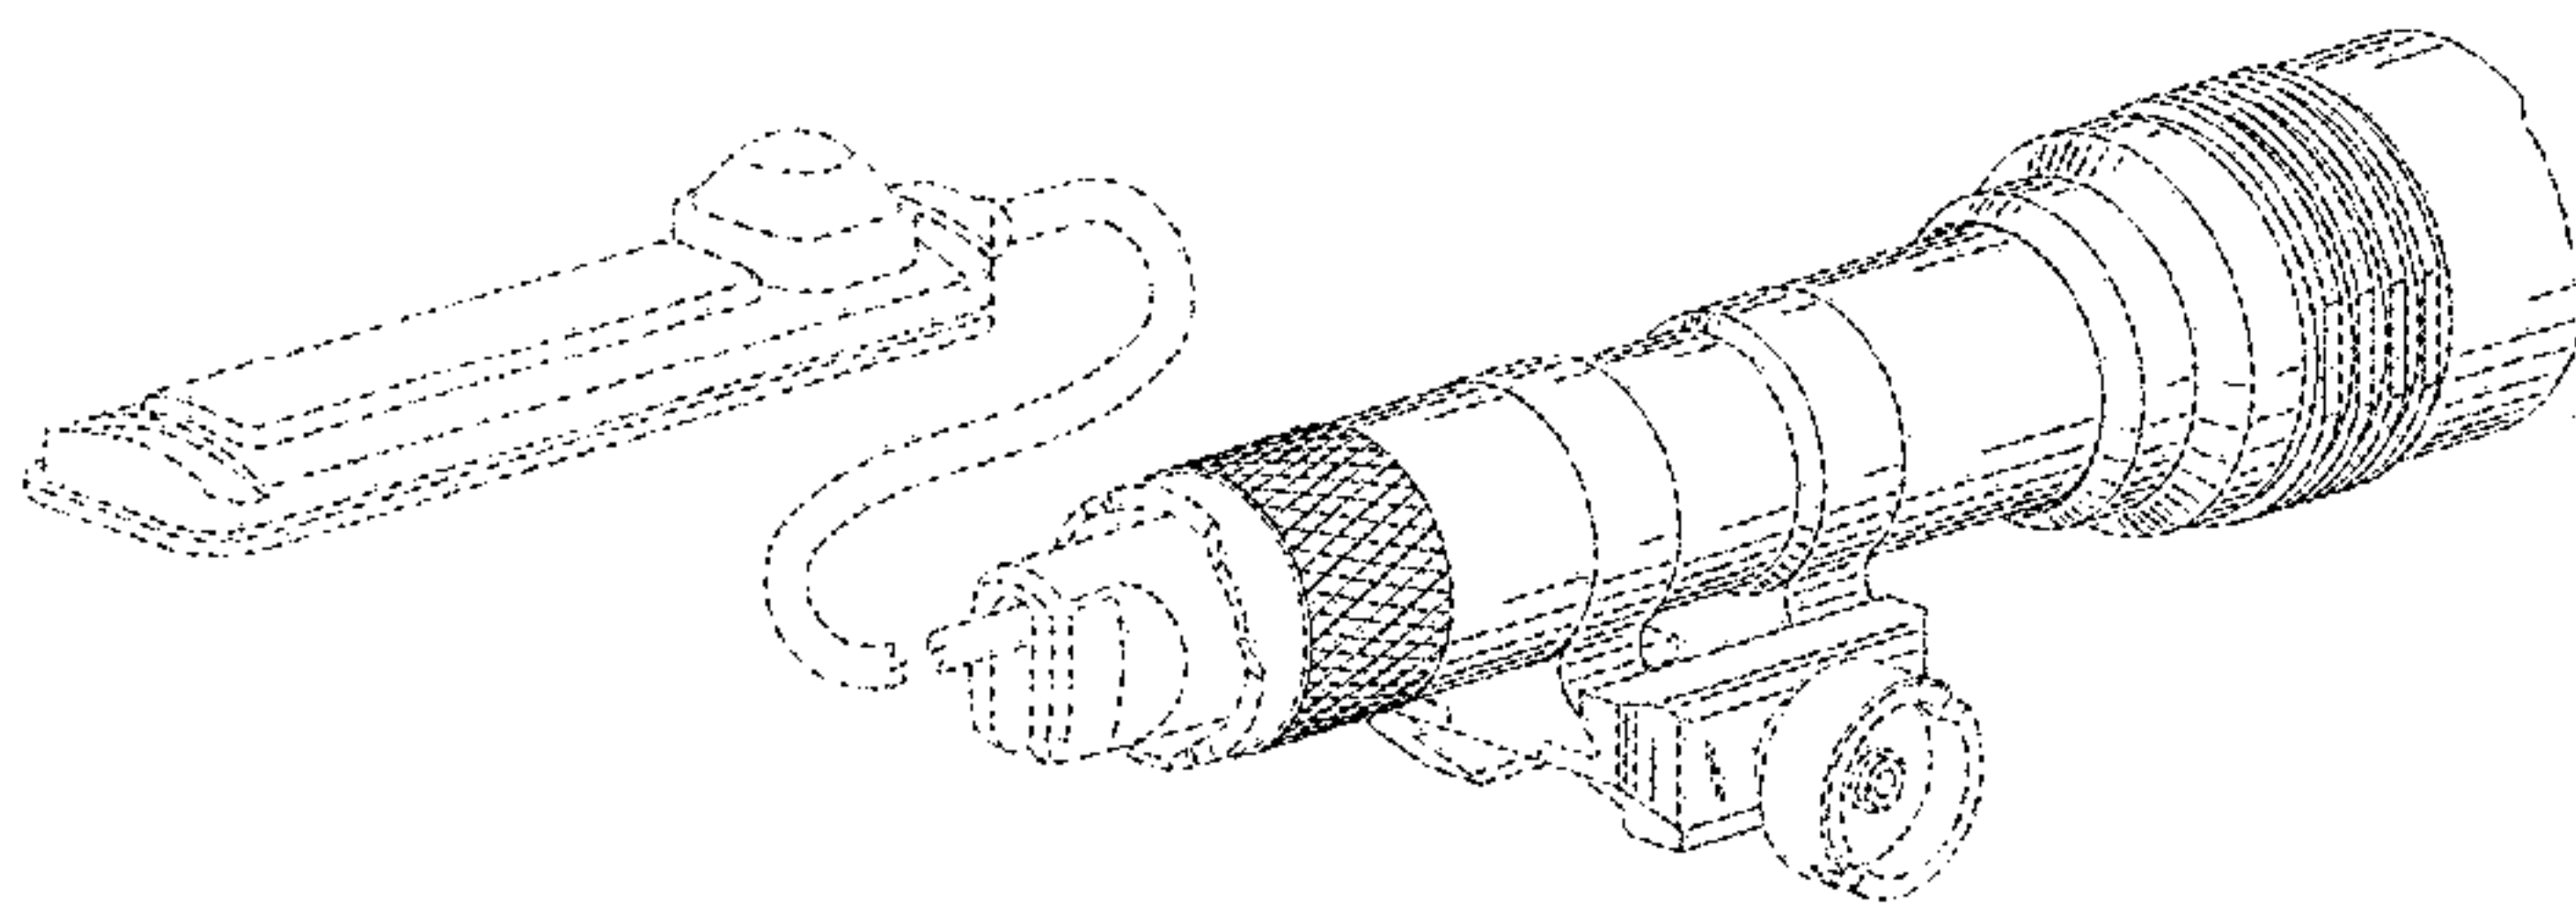

FIG. 17 is an end view of a second end thereof; and,

FIG. 18 is a perspective view thereof as in FIG. 11 and including the environment of a remote switch connected to one end of the mountable light by a cable.

Broken lines (dashed lines) in the illustrations of the DRAWING indicate unclaimed parts of the article and/or unclaimed environment that form no part of the design illustrated and claimed herein, and are not part of the claimed design or of a specified embodiment thereof.

A boundary in the environment indicated by broken lines (dashed lines) does not form part of the claimed design, and any dimension and/or character of the environment between the boundary lines is not part of the claimed design.
