(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface;
 FIG. 2 is another front view of a second embodiment of the display screen with graphical user interface, shown with a different broken line disclosure; and,
 FIG. 3 is another front view of a third embodiment of the display screen with graphical user interface, shown with another different broken line disclosure.
 The dual set of outermost broken lines illustrate a display screen. The broken line showing of text, numbers, icons and boxes illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
