CLAIM

The ornamental design for a portion of a display panel with graphical user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a portion of a display panel with graphical user interface component showing features of our new design.

The outermost dash-dash broken line illustrates the display panel of a communications terminal and forms no part of the claimed design. All other dash-dash broken lines illustrate text, borders, and portions of the graphical user interface and form no part of the claimed design.

The dash-dot-dash broken lines define boundaries of the claimed design and form no part thereof.
