FIG. 1 is a front elevation view for a display screen with a homescreen graphical user interface showing a first embodiment of the new design;

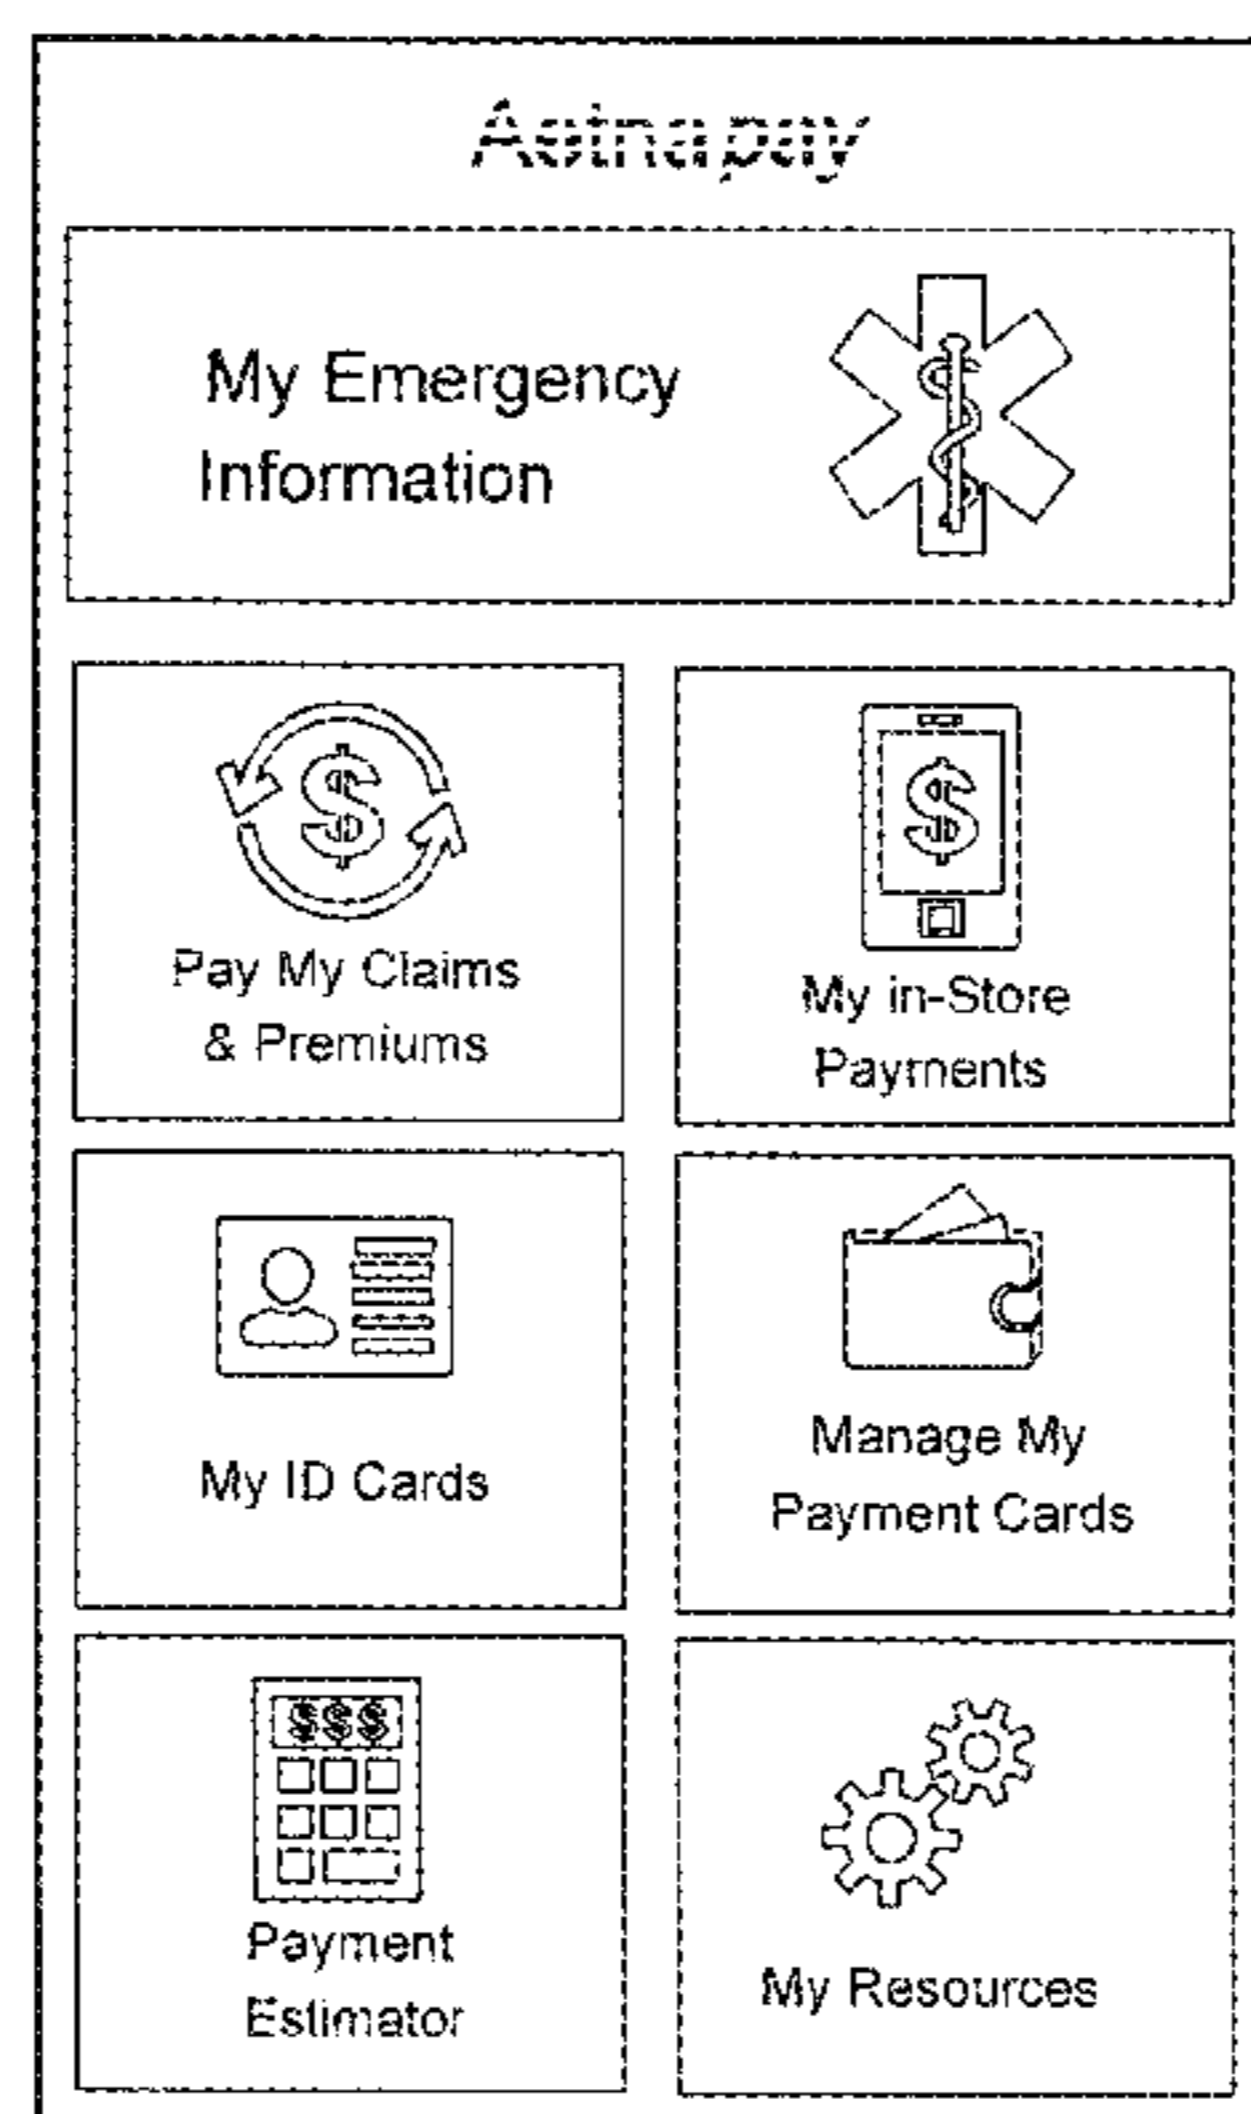

FIG. 2 is a front elevation view for a display screen with a homescreen graphical user interface showing a second embodiment of the new design; and,

FIG. 3 is a front elevation view for a display screen with a homescreen graphical user interface showing a third embodiment of the new design.

The broken line drawings of text, numbers, and icons illustrate portions of the graphical user interface that form no part of the claimed design.

The perimeters of the display screen and graphical user interface are understood to be flush.

1 Claim, 4 Drawing Sheets
