(57) **CLAIM**

The ornamental design for a welding glove protective cap, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of the welding glove protective cap showing my new design in a closed configuration;

FIG. 2 is a bottom perspective view thereof;

FIG. 3 is a top plan view of the welding glove protective cap in an open configuration;

FIG. 4 is a left elevational view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a front elevational view thereof; and,

FIG. 7 is a right elevational view thereof.

The welding glove protective cap is put on a welding glove to protect the welding glove and hands of person from excessive heat and hot particles that are created during the process of welding.
