(57) **CLAIM**

The ornamental design for a shoe upper, as shown and described.

DESCRIPTION

FIG. 1 is a front, lateral-side perspective view of a shoe upper showing my new design; FIG. 2 is a lateral-side view thereof; and, FIG. 3 is a rear, lateral-side perspective view thereof. The even broken lines shown in the drawings are directed to environment, are for informational purposes only, and form no part of the claimed design. The long and short broken lines are boundary lines, which define bounds of the claimed design. These boundaries do not exist in reality in the article embodying the design. It is understood that the claimed design extends to these boundaries but does not include the boundaries.
