DESCRIPTION

FIG. 1 is a front view of a display screen with graphical user interface showing our new design; and, FIG. 2 is an enlarged partial view of the display screen with graphical user interface of FIG. 1.

The outermost broken lines illustrate an electronic device, which is the environment of the design, and which forms no part of the claimed design. The remaining broken lines illustrate portions of the display screen, and portions of the graphical user interface, and form no part of the claimed design.
