(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with a graphical user interface showing a new design, shown in a first embodiment; and, FIG. 2 is another front view thereof, shown in a second embodiment.

The perimeters of the portion of the underlying portion of a display screen and the graphical user interface are understood to be flush. The broken lines shown in the drawings
