(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

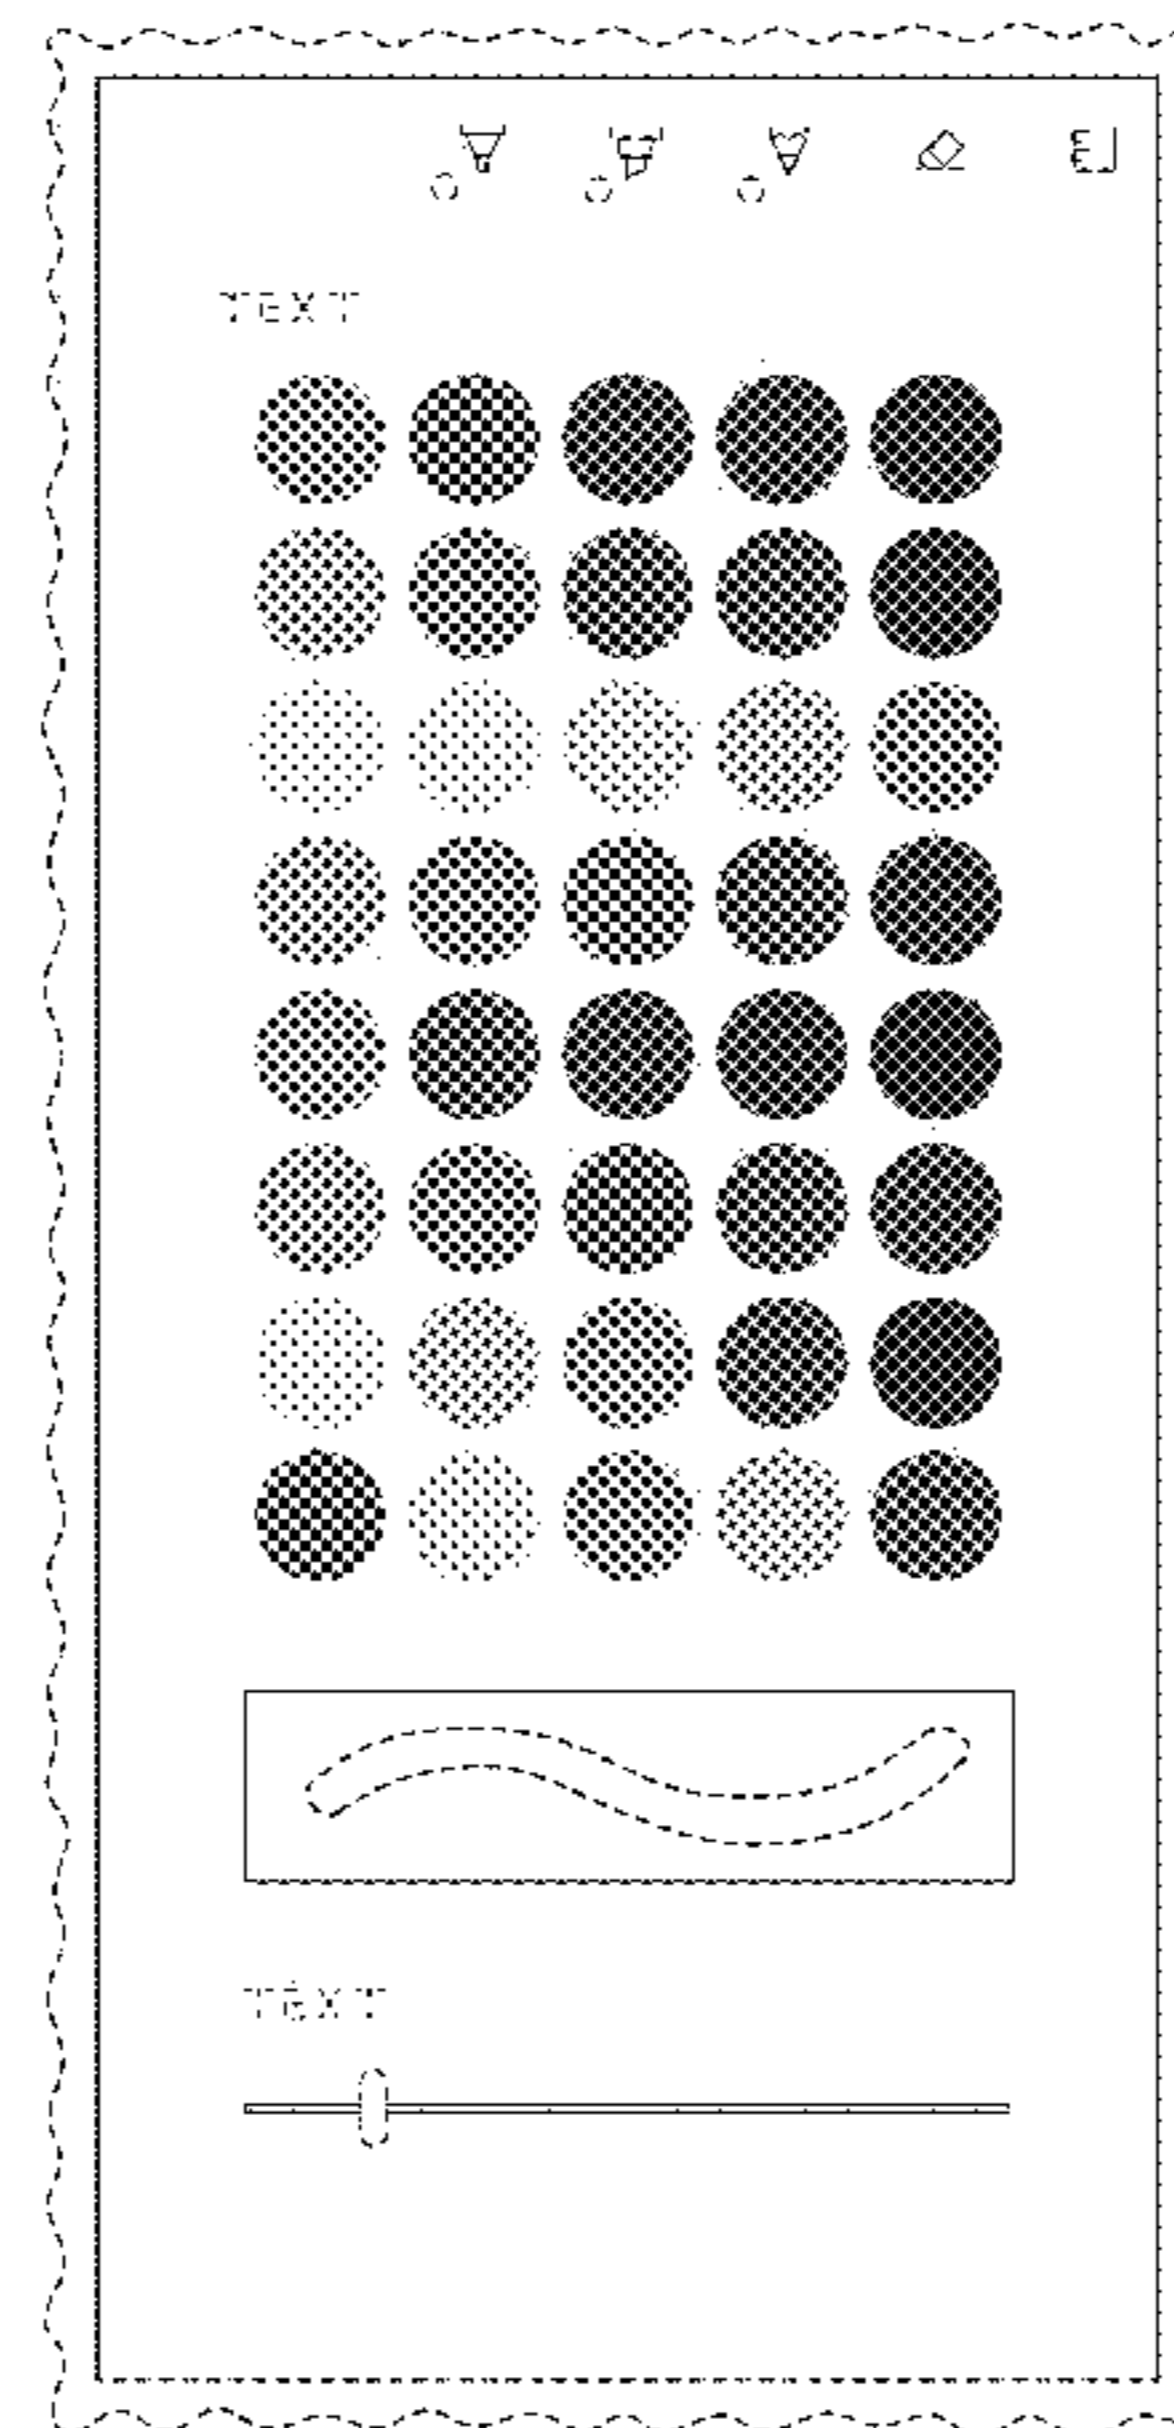

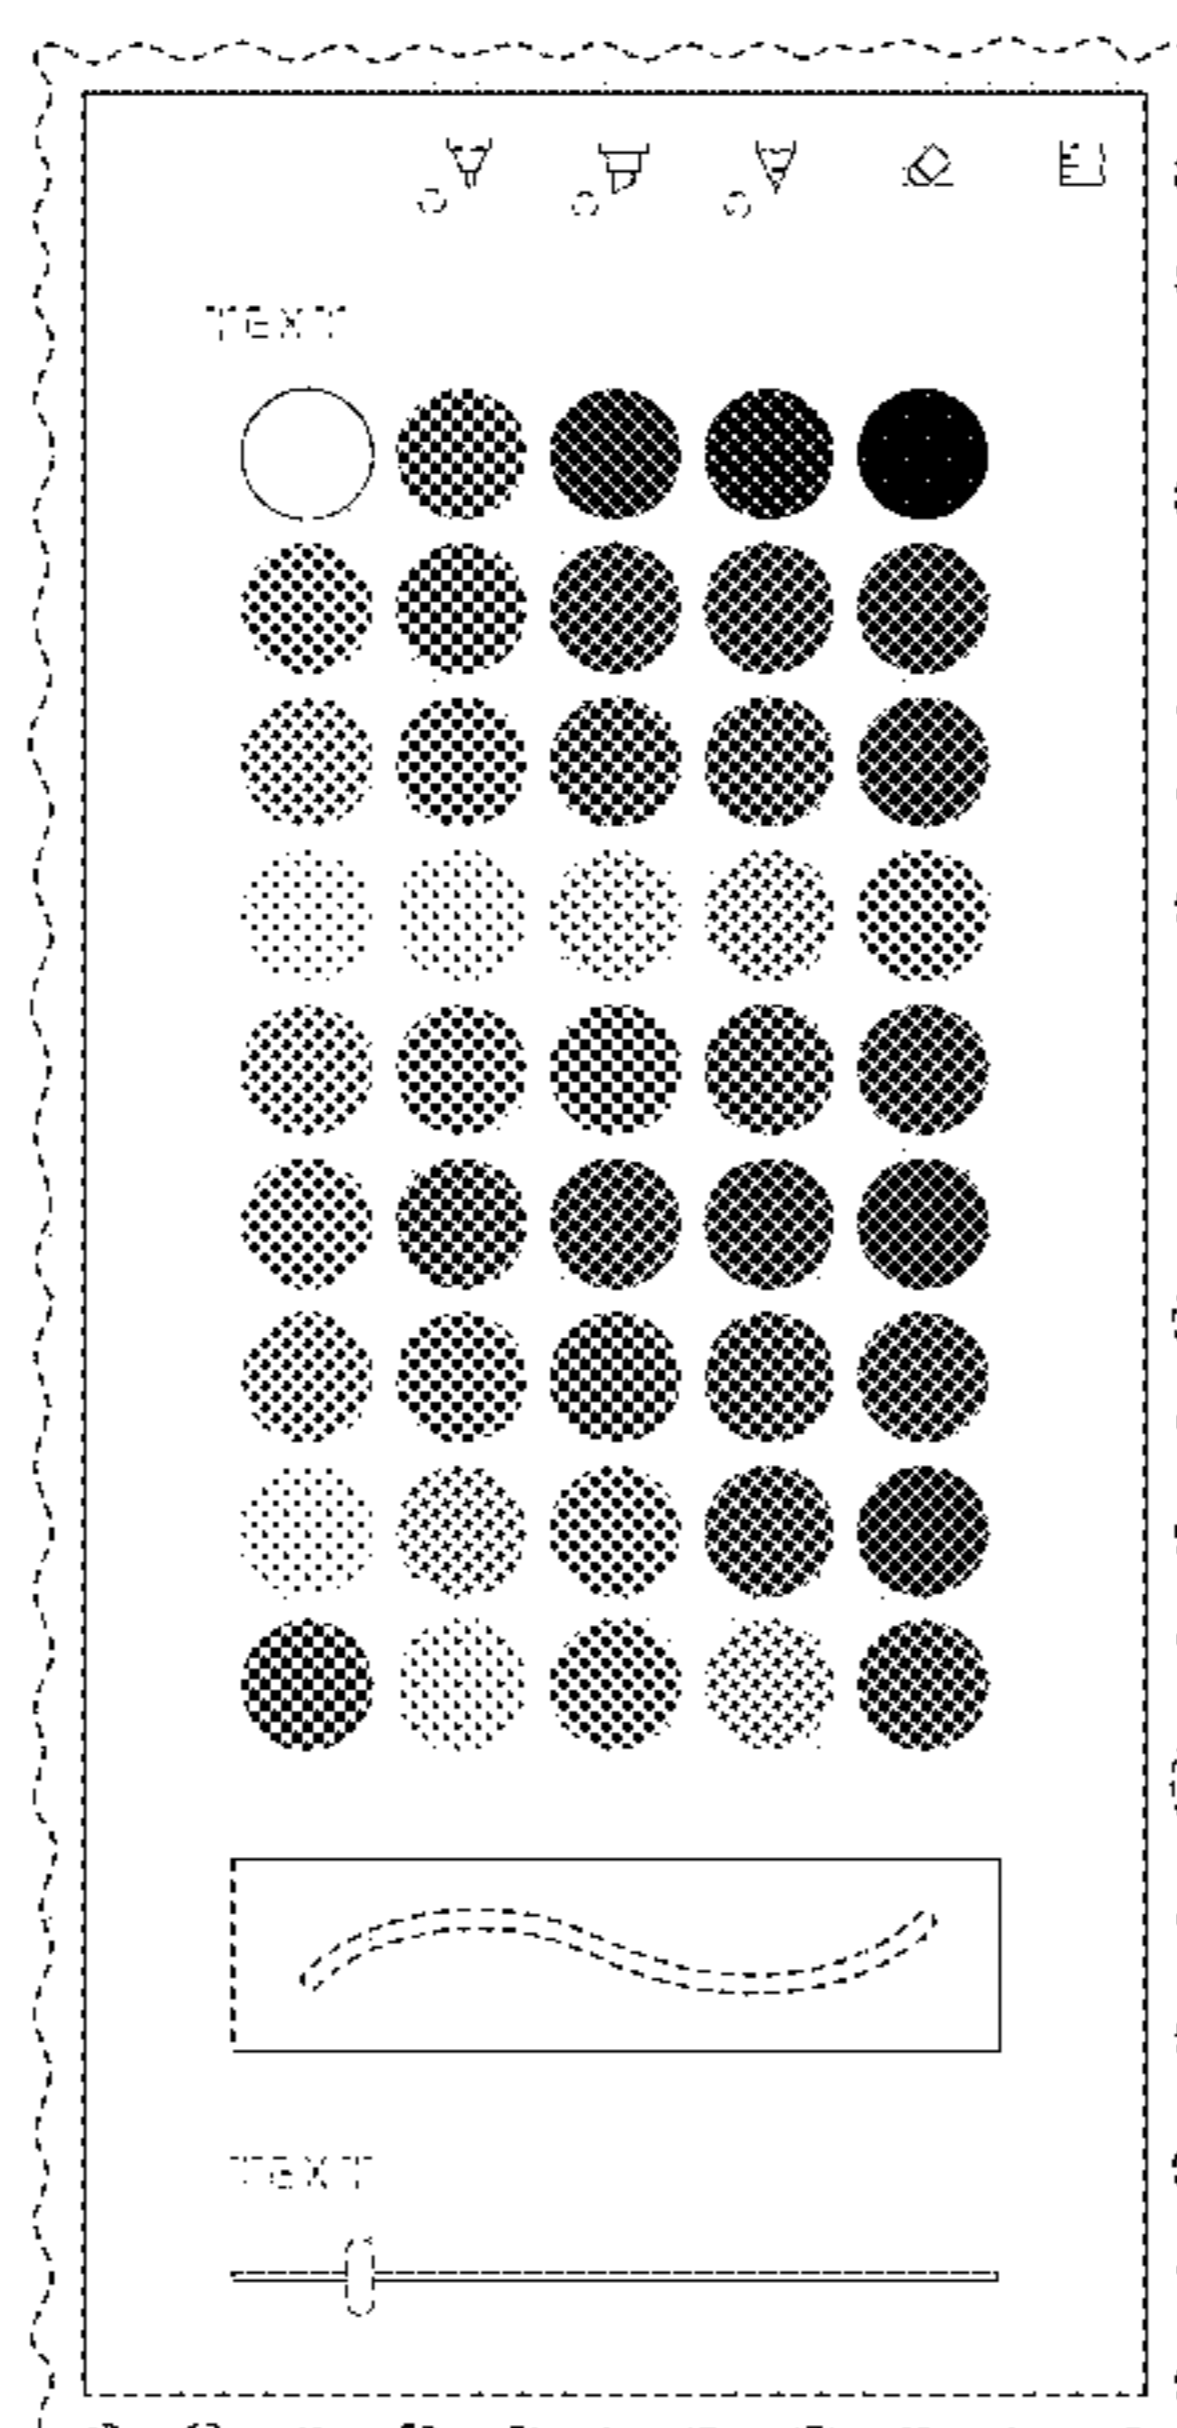

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen with graphical user interface showing our new design; and,

FIG. 2 is a front view of a display screen with graphical user interface showing an alternative embodiment of our new design.

The outermost broken lines illustrate a portion of the display screen. The remaining broken lines illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
