See application file for complete search history.

DESCRIPTION

FIG. 1 is a front perspective view of a casing bead with metal lath attachment feature, showing our new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a left elevational view thereof; FIG. 5 is a right elevational view thereof; FIG. 6 is a top plan view thereof; and, FIG. 7 is a bottom plan view thereof.

The broken lines in FIGS. 1, 6, and 7 are included for purposes of illustrating portions of the casing bead with metal lath attachment feature that form no part of the claimed design. The casing bead with metal lath attachment feature is shown with a symbolic break in its length. The appearance of any portion of the casing bead with metal lath attachment feature between the break lines forms no part of the claimed design.
