(57) **CLAIM**
The ornamental design for a tire, as shown and described.

DESCRIPTION
FIG. 1 is a perspective view of a tire showing our new design, it being understood that the pattern repeats uniformly throughout the circumference of the tread; FIG. 2 is a front elevational view thereof; and, FIG. 3 is a right side elevational view thereof; the opposite side elevational view being identical thereto; and, FIG. 4 is an enlarged fragmentary front elevational view thereof.
