(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing a first image of our new design;

FIG. 2 is a second image thereof;

FIG. 3 is a third image thereof;

FIG. 4 is a fourth image thereof; and,

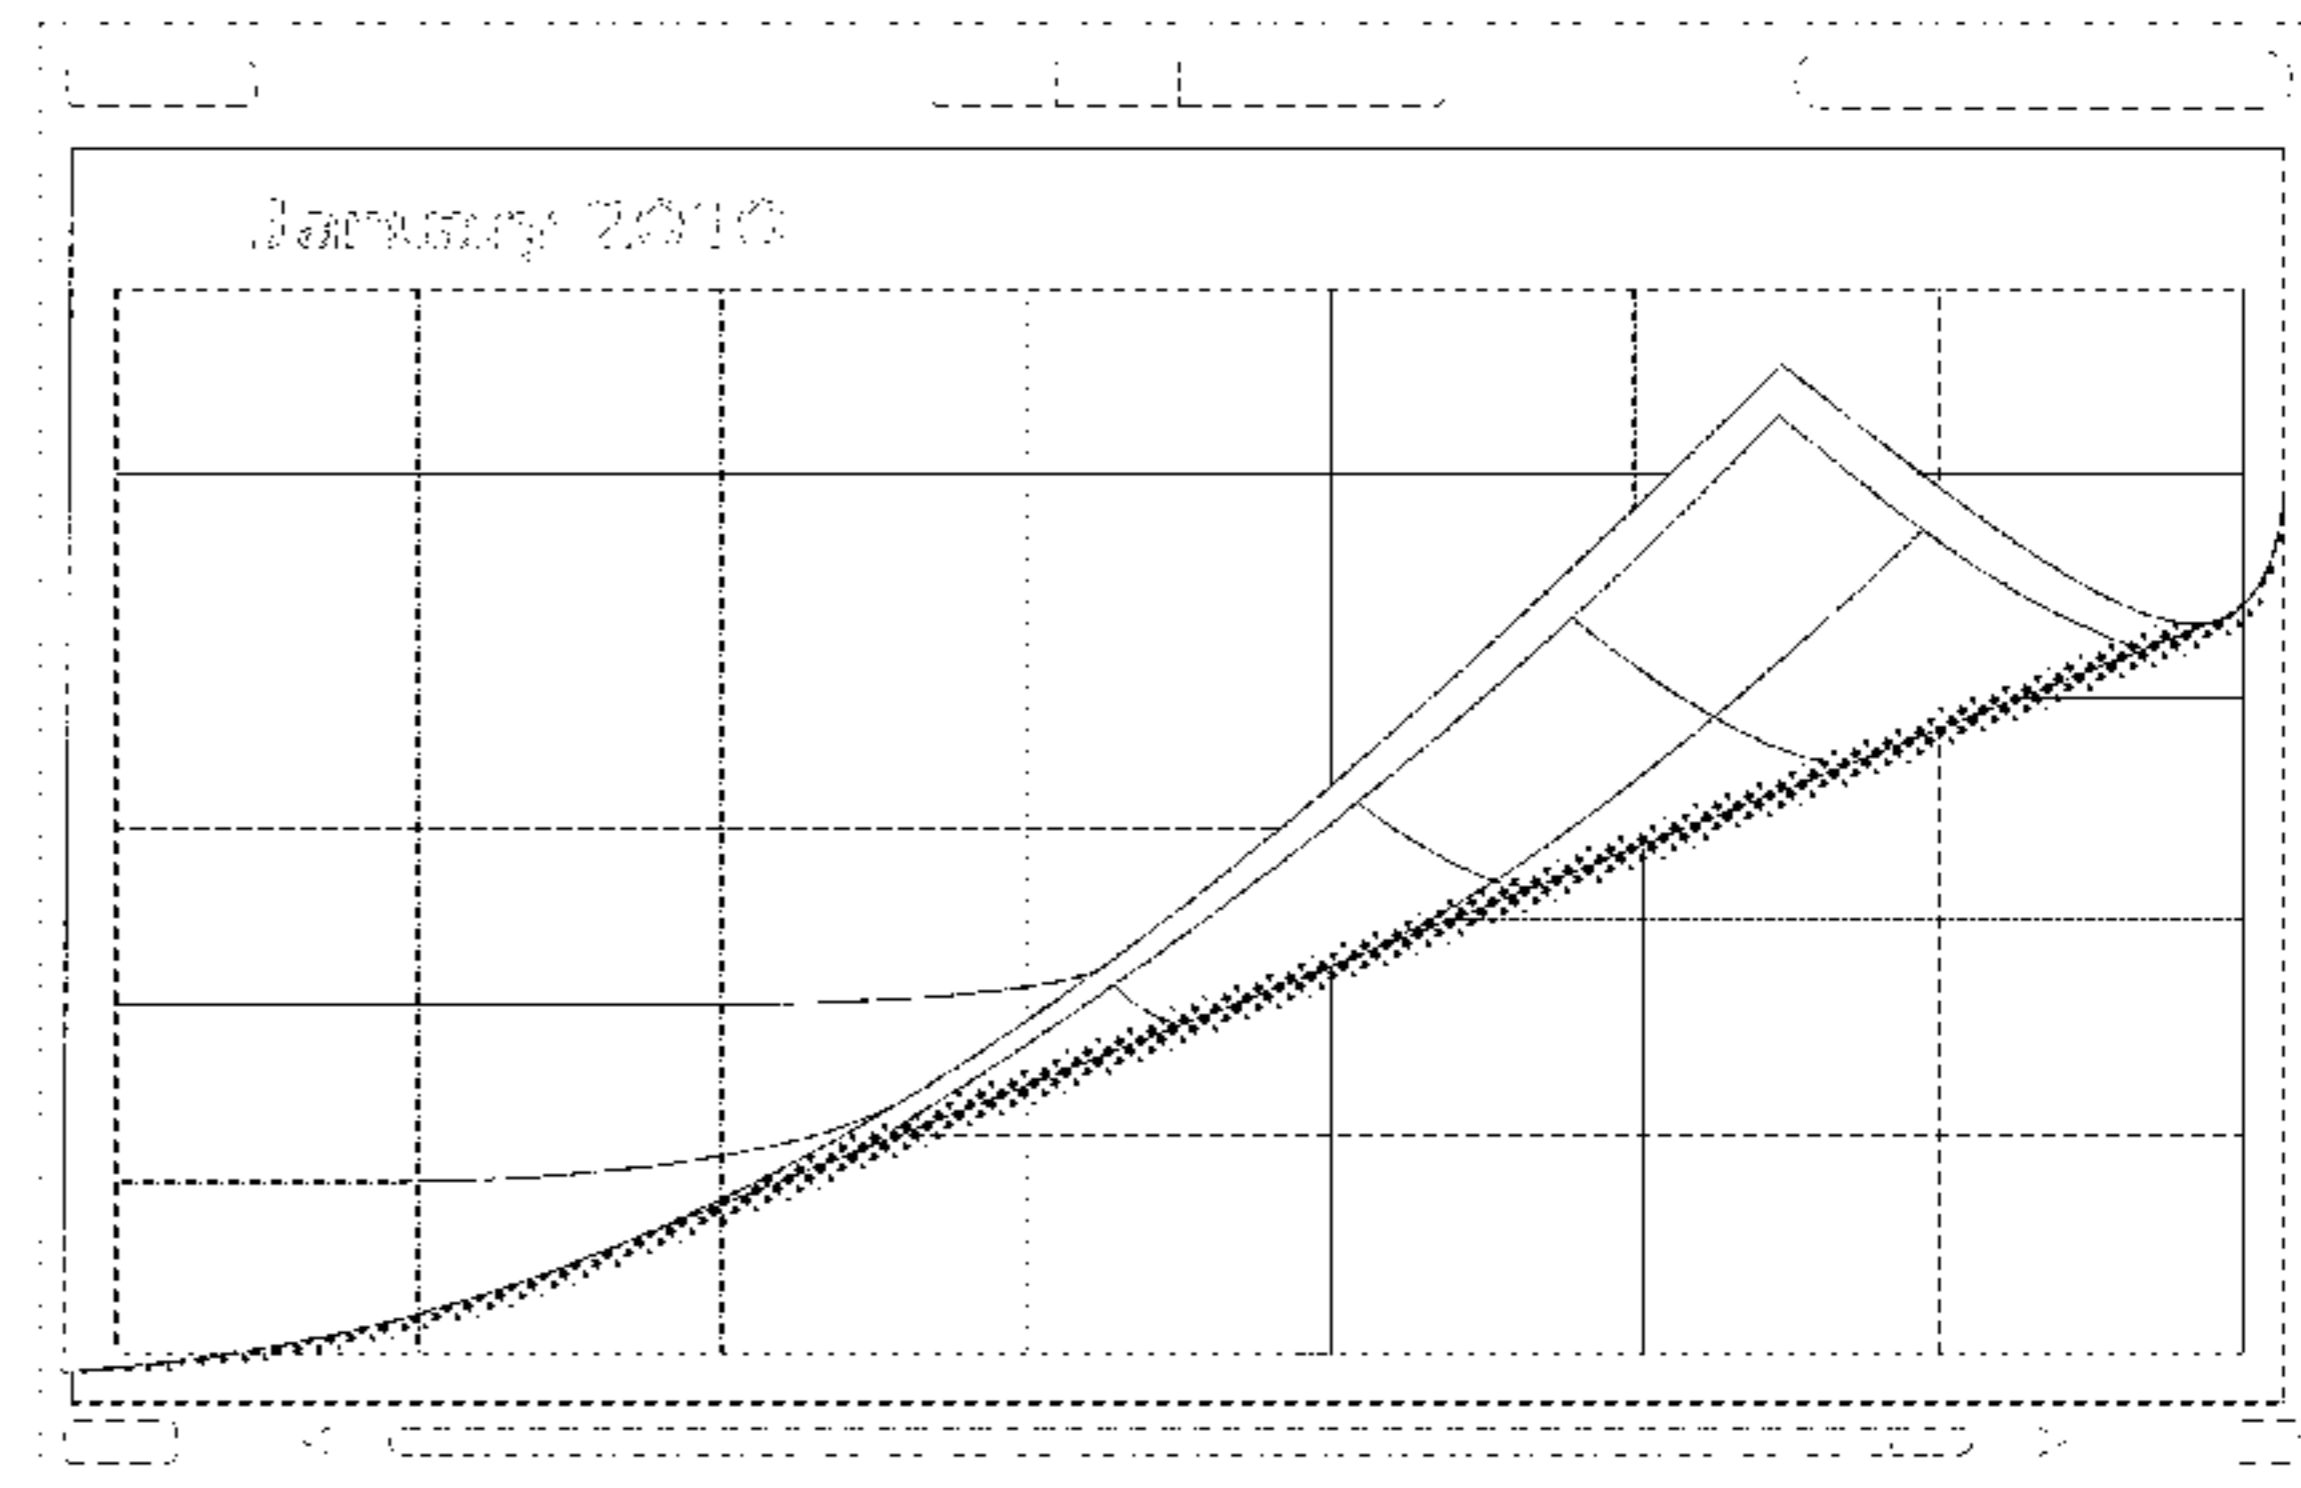

FIG. 5 is a fifth image thereof.

The outermost broken lines in the figures show a display screen or portion thereof, and form no part of the claimed design.

The other broken lines in the Figures show portions of the animated graphical user interface that form no part of the claimed design.

The appearance of the animated images sequentially transitions between the images shown in the Figures. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 5 Drawing Sheets

FIG. 1

FIG. 2

FIG. 3

FIG. 4

The figure shows a calendar grid for the month of January 2010. The grid is enclosed in a dashed border. The text "January 2010" is written vertically on the left side of the grid. The grid consists of 7 rows and 6 columns. The first row contains 5 cells, and the remaining rows contain 6 cells each. The grid is currently empty.

FIG. 5
