FIG. 1 is a top, front, and right side perspective view of a window taper candle showing our new design.
FIG. 2 is a front elevation view of the first embodiment of a window taper candle.
FIG. 3 is a rear elevation view of the first embodiment of a window taper candle.
FIG. 4 is a left side elevation view the right side elevation view being a mirror image of the first embodiment of a window taper candle.
FIG. 5 is a top plan view of the first embodiment of a window taper candle; and,
FIG. 6 is a bottom plan view of the first embodiment of a window taper candle.
The broken line disclosure represents portions of the candle which form no part of the claimed design.
