(57) **CLAIM**

The ornamental design for a collar for a disposable surgical gown, as shown and described.

DESCRIPTION

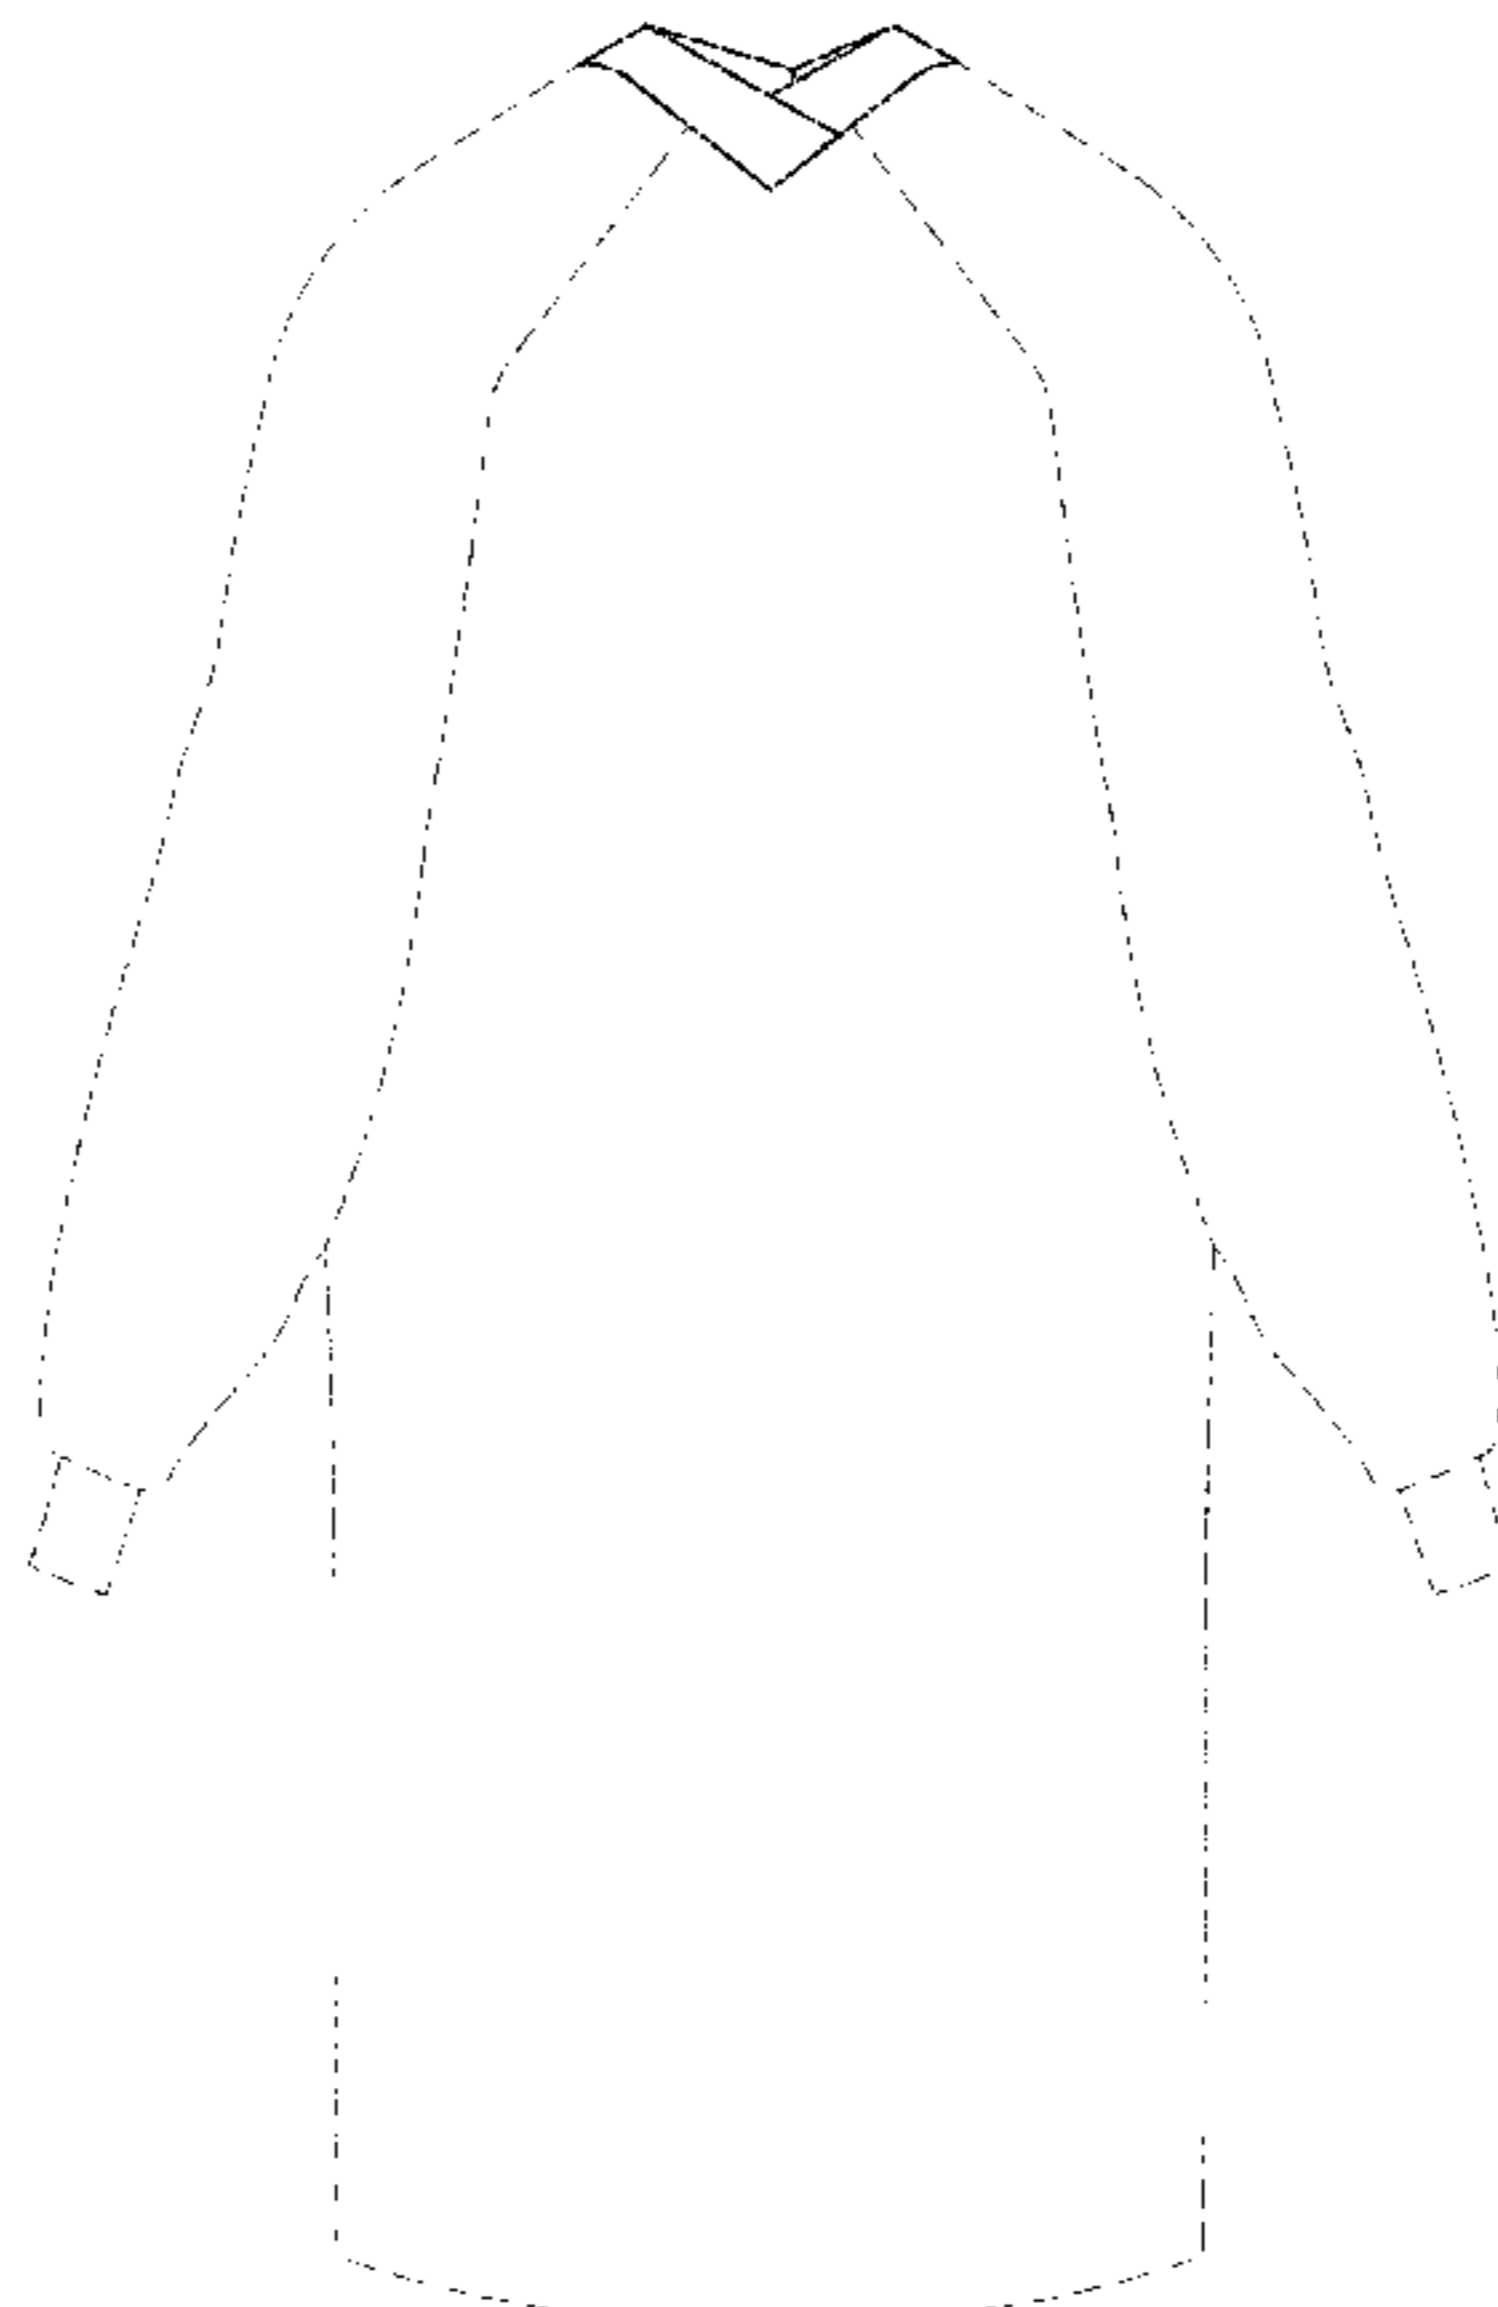

FIG. 1 is a front view of a collar for a disposable surgical gown according to the present design, particularly illustrating the v-neck shape of the collar;
FIG. 2 is a rear view of the collar of FIG. 1 when the disposable surgical gown is secured, particularly illustrating that the collar has a tapered end;
FIG. 3 is a top view of the collar of FIGS. 1 and 2; and,
FIG. 4 is a rear view of the collar of FIG. 1 when the disposable surgical gown is not secured, particularly illustrating that the collar has two tapered ends.
The broken lines in the figures represent unclaimed environmental subject matter illustrating the design in use and form no part of the claimed design. For example, the broken lines including the panels, sleeves, and cuffs of a disposable surgical gown are included for the purpose of illustrating environmental aspects of the collar for disposable surgical gown and form no part of the claimed design.
