FIG. 1 is a front upper perspective view of the modular building window panel of the present invention;
 FIG. 2 is a front elevational view of the modular building window panel of the present invention shown in FIG. 1;
 FIG. 3 is a back elevational view of the modular building window panel of the present invention shown in FIG. 1;
 FIG. 4 is a left side elevational view of the modular building window panel of the present invention shown in FIG. 1;
 FIG. 5 is a right side elevational view of the modular building window panel of the present invention shown in FIG. 1;
 FIG. 6 is a top plan view of the modular building window panel of the present invention shown in FIG. 1;
 FIG. 7 is a bottom plan view of the modular building window panel of the present invention shown in FIG. 1; and,
 FIG. 8 is a back lower perspective view of the modular building window panel of the present invention shown in FIG. 1.
