(57) **CLAIM**

The ornamental design for the air intake manifold, as shown and described.

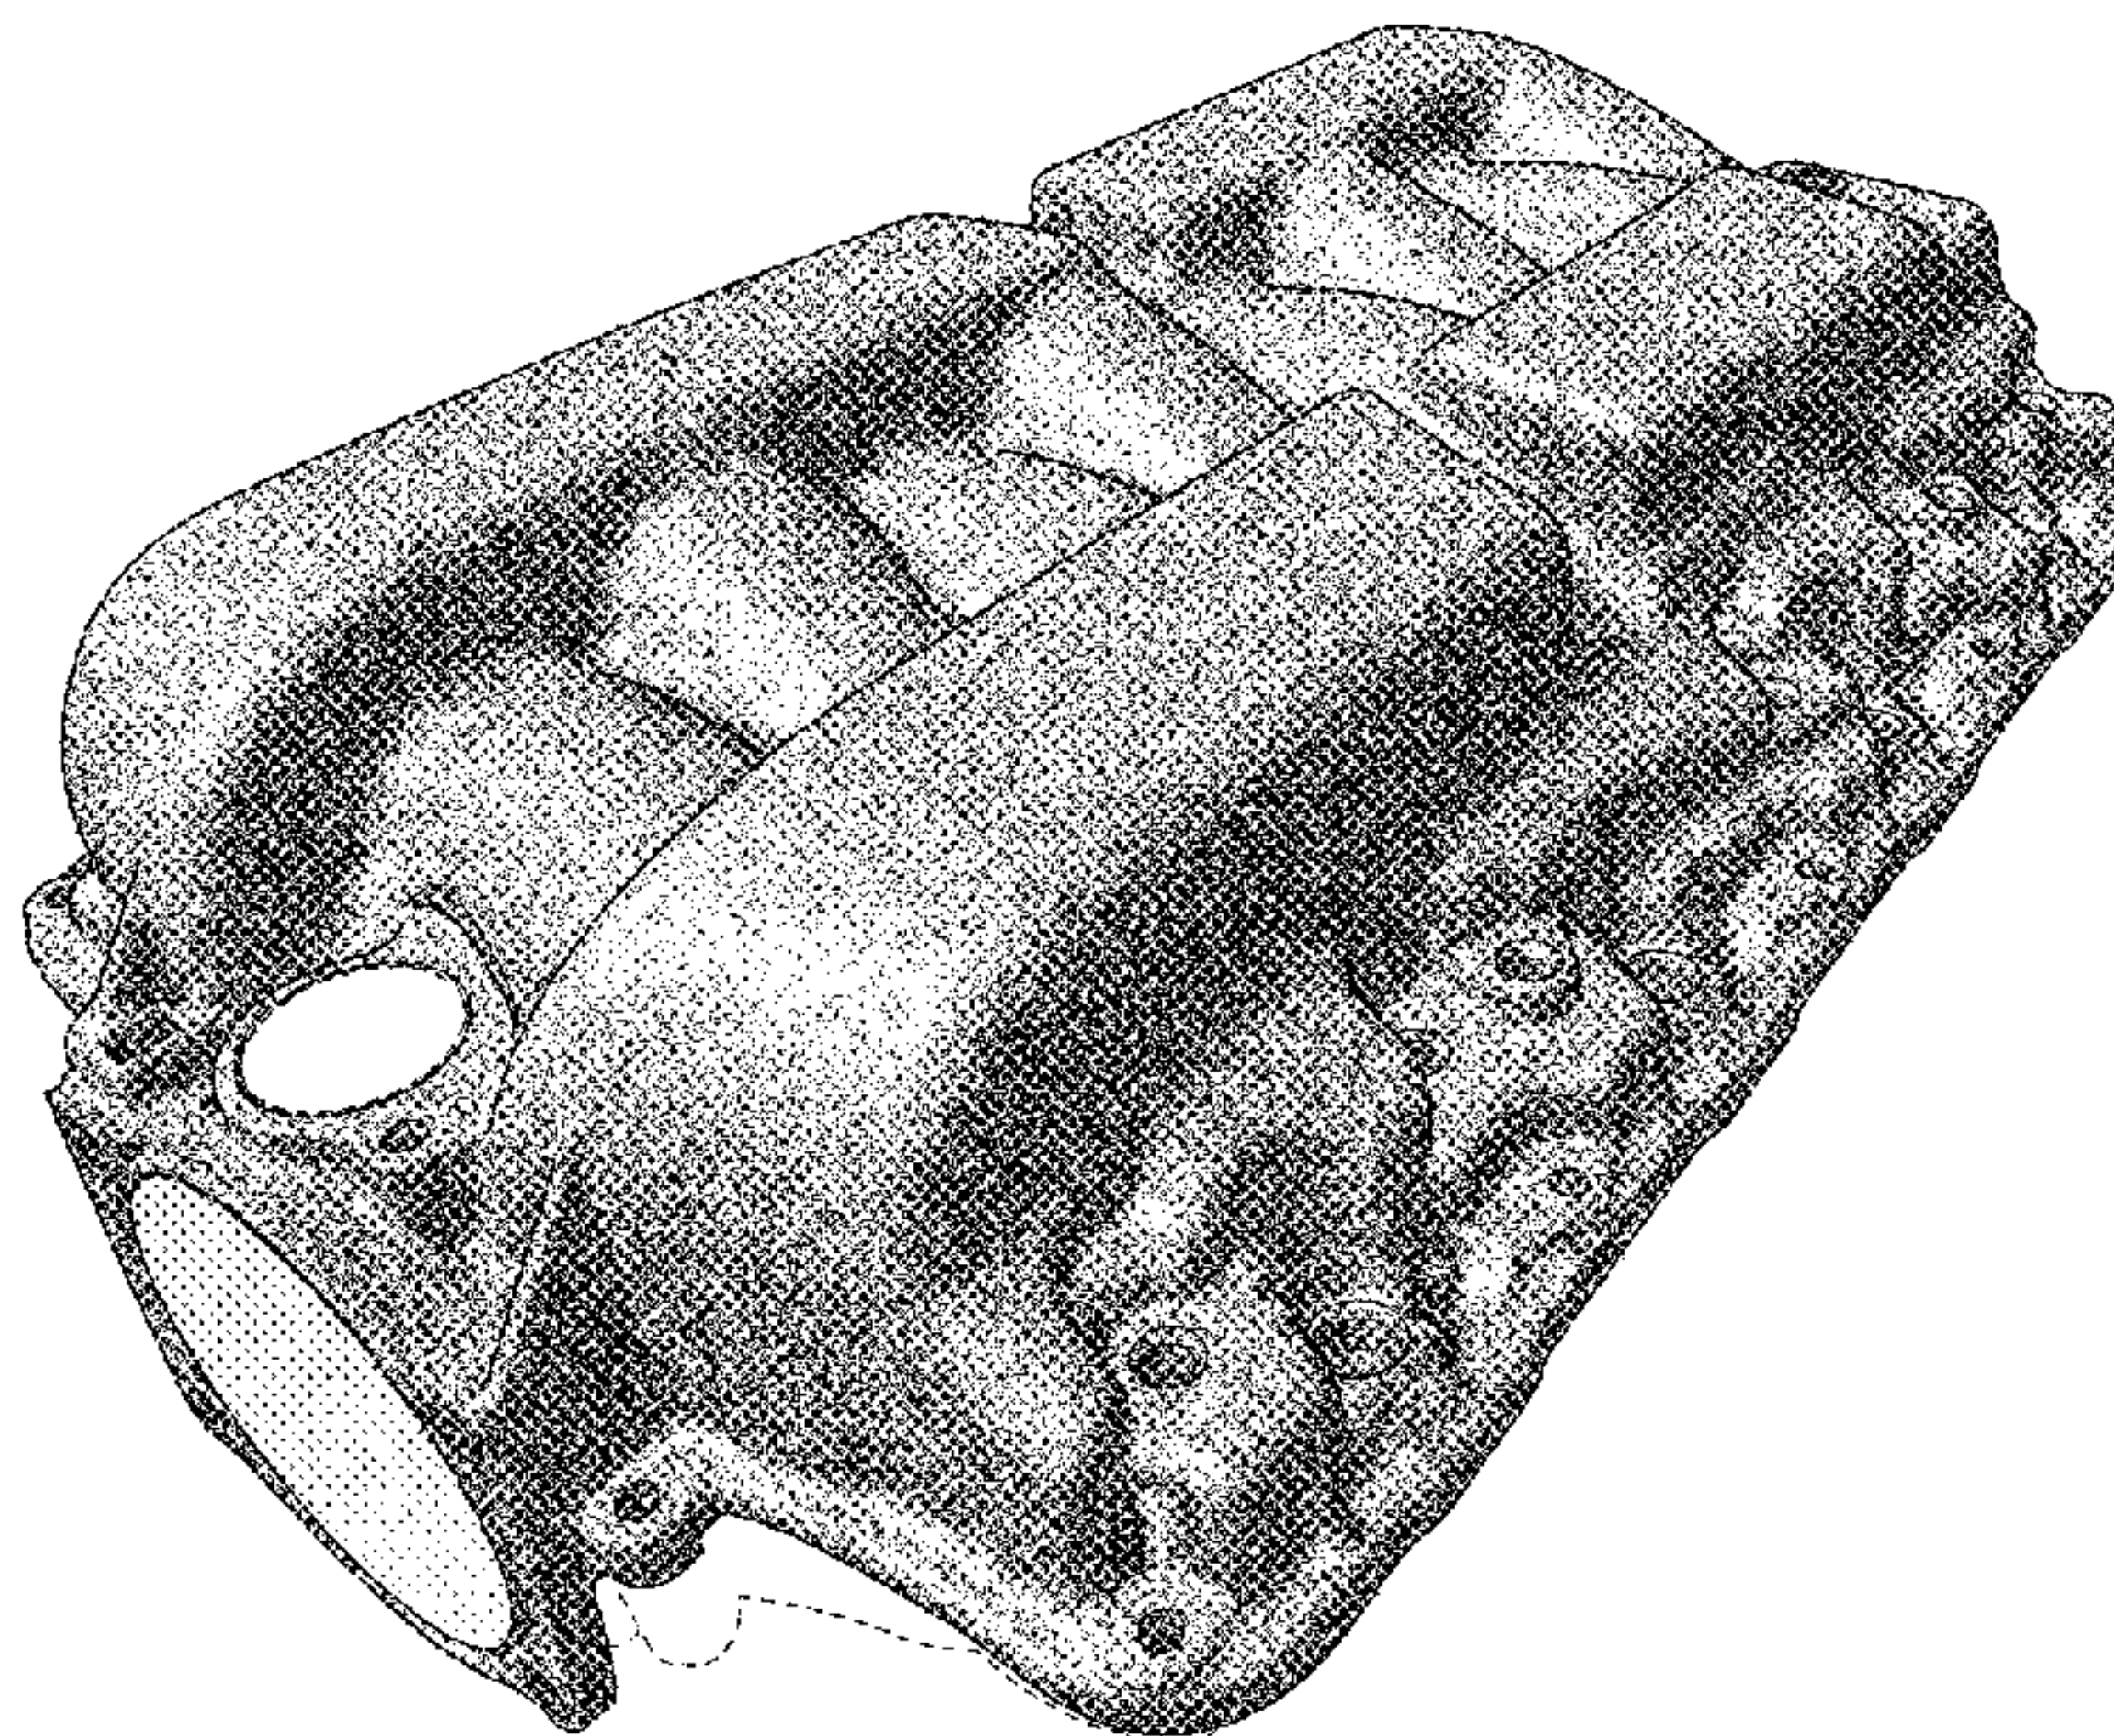

DESCRIPTION

FIG. 1 is an isometric view of an exemplary embodiment of the air intake manifold from a top right front perspective; FIG. 2 is a front elevation view thereof; FIG. 3 is a rear elevation view thereof; FIG. 4 is a top plan view thereof; FIG. 5 is a bottom plan view thereof; FIG. 6 is a right elevation view thereof; FIG. 7 is a left elevation view thereof; FIG. 8 is a perspective view thereof from a top left rear perspective; FIG. 9 is a perspective view thereof from a bottom left front perspective; and, FIG. 10 is a perspective view thereof from a bottom right rear perspective.

The broken lines and the light-grayed-out surfaces of the manifold interior shown in the drawings are for the purpose of illustrating portions of the article and form no part of the claimed design.

The dark-gray stippling and the light gray stippling do not represent a color nor a pattern but are provided to depict shading of the surfaces of the Figures.

1 Claim, 9 Drawing Sheets
