(57) **CLAIM**

The ornamental design for a tire, as shown and described.

**DESCRIPTION**

FIG. 1 is a side perspective view of a tire showing our new design, it being understood that the tread pattern is repeated throughout the circumference of the tire, the opposite side being the same as that shown;  
FIG. 2 is a front elevational view thereof, the opposite side being identical thereto;  
FIG. 3 is an enlarged fragmentary front elevational view thereof; and,  
FIG. 4 is a side elevational view of the left side thereof.  
In the drawings, the broken lines depict environmental subject matter only and form no part of the claimed design.
