(57) **CLAIM**

The ornamental design for a captioning communication device display screen or portion thereof with graphical user interface, substantially as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawings will be provided by the Office upon request and payment of the necessary fee.

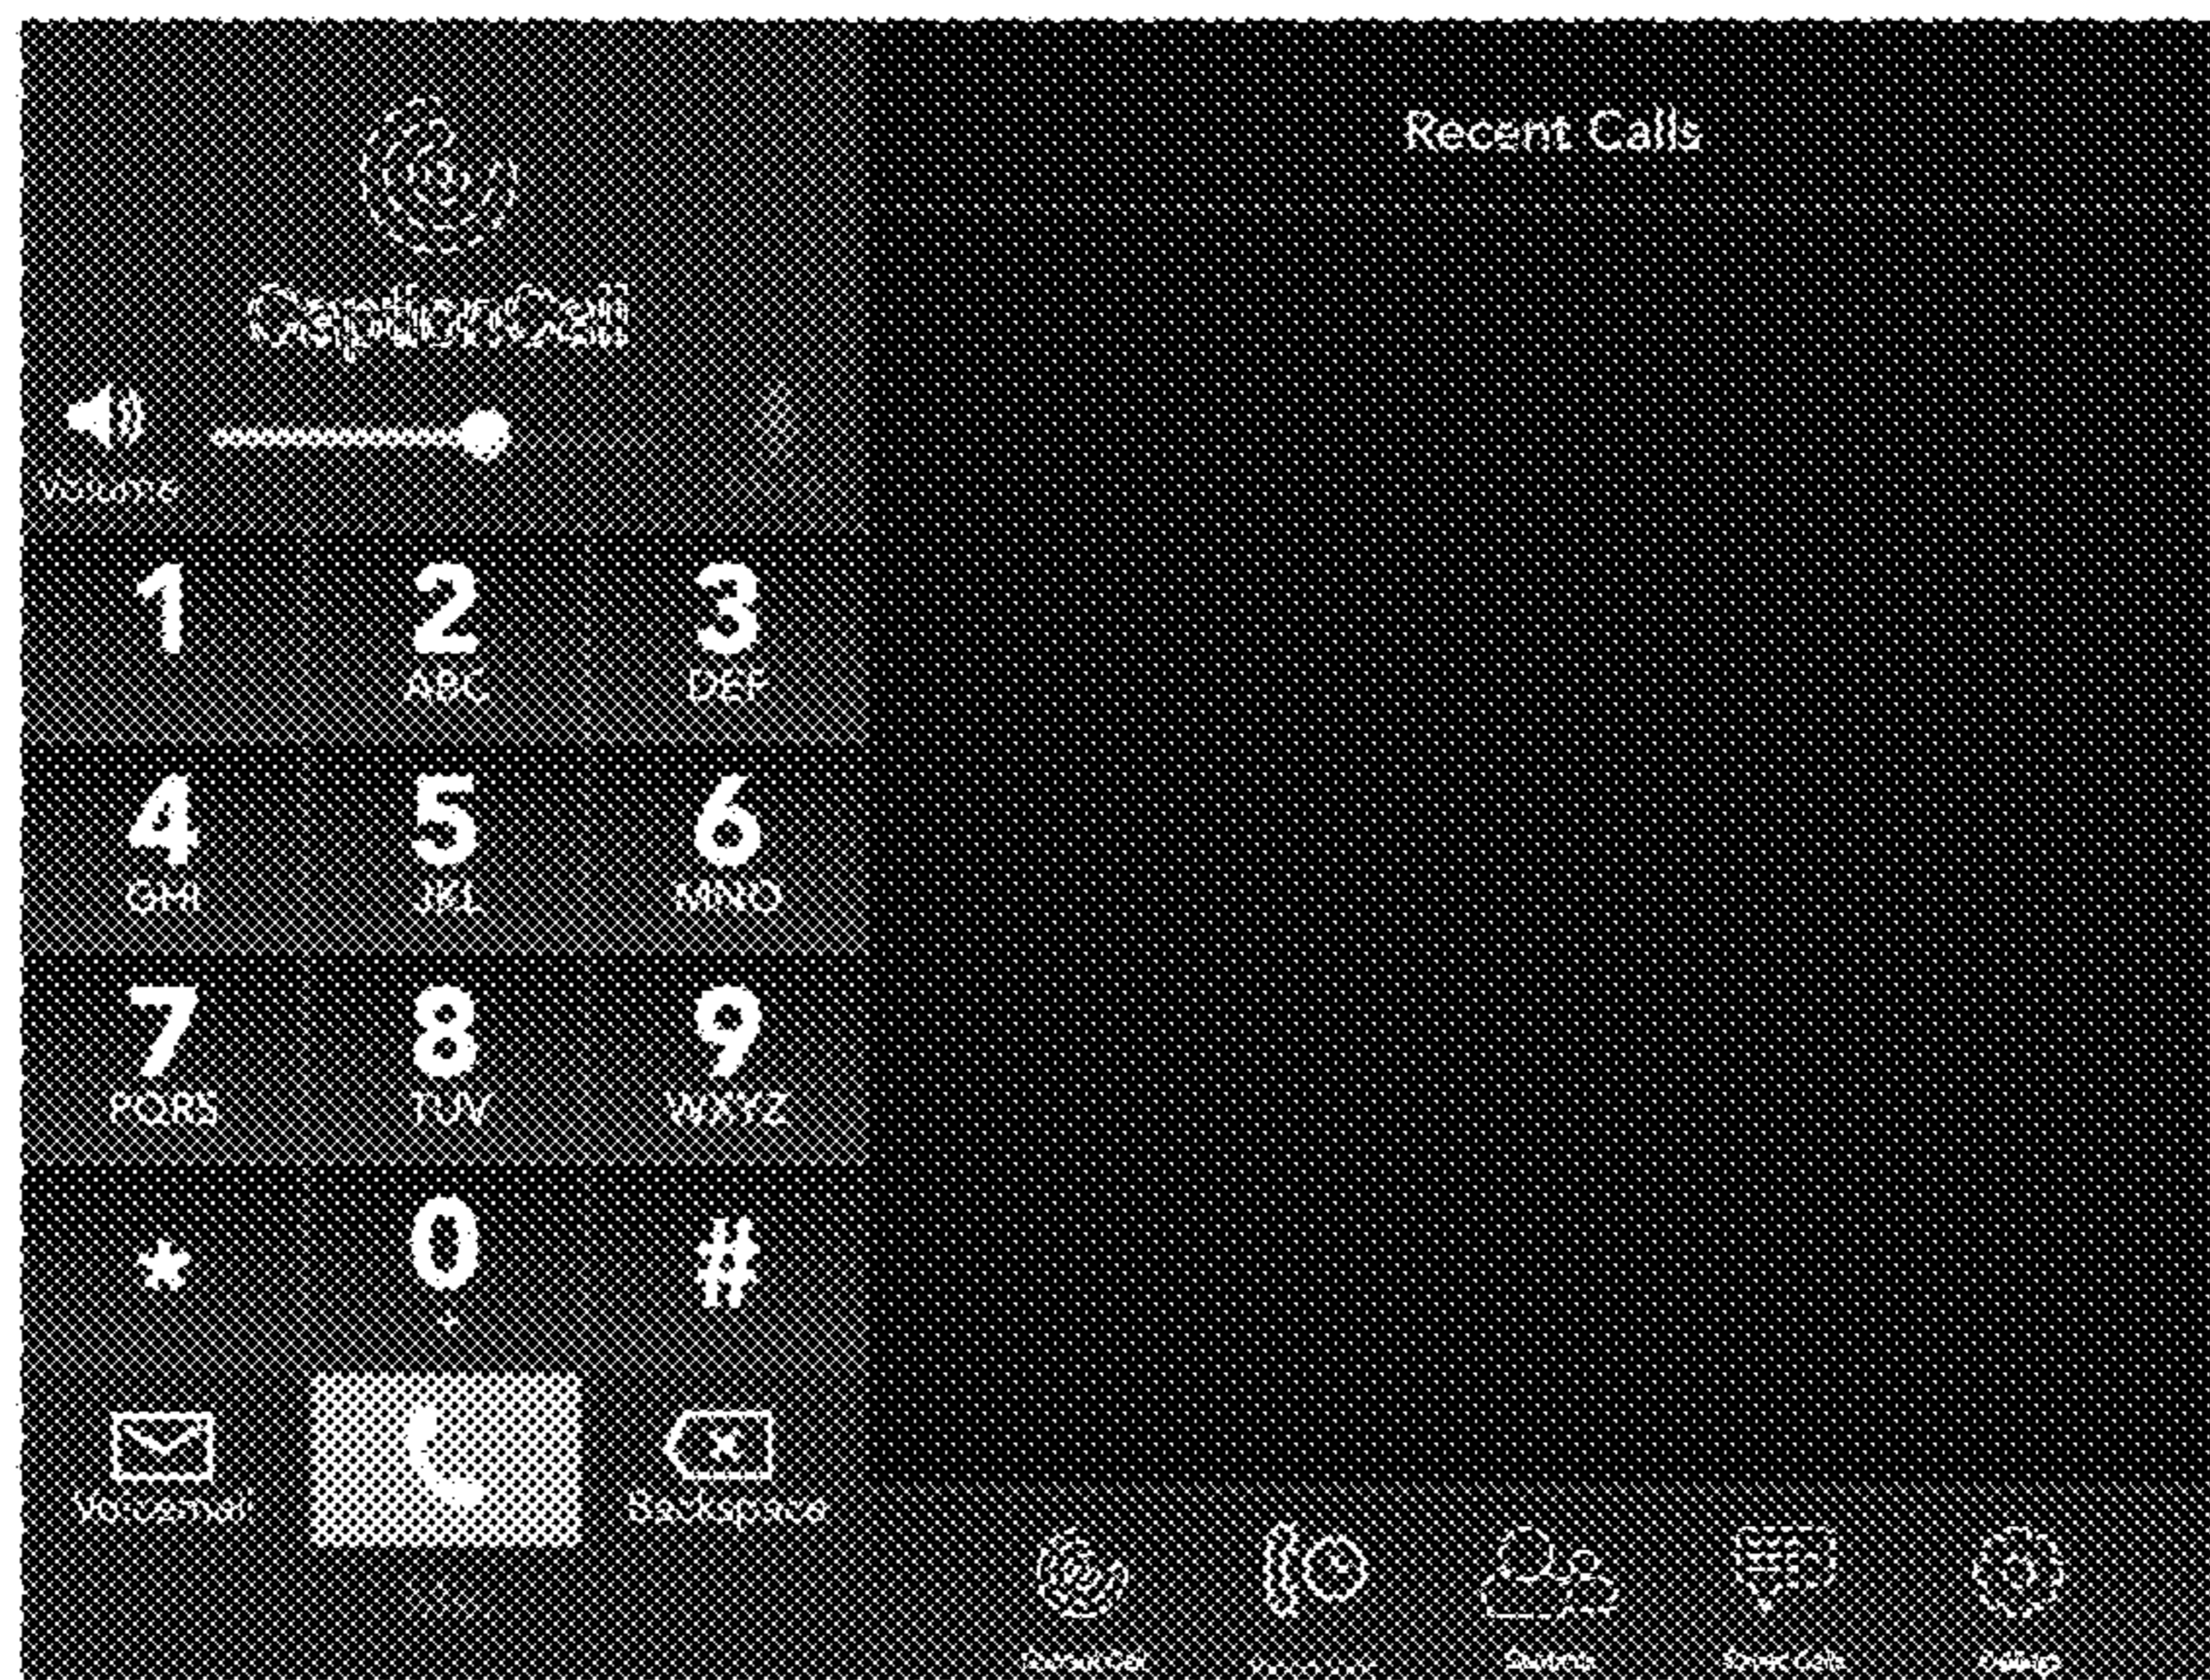

FIG. 1 is a front view of a captioning communication device display screen or portion thereof with graphical user interface according to a first embodiment;

FIG. 2 is a front view of a second embodiment thereof;

FIG. 3 is a front view of a third embodiment thereof; and, FIG. 4 is a front view of a fourth embodiment thereof.

The dot-dash broken line represents a display screen or portion thereof while the remaining dashed broken lines represent elements of the graphical user interface excluded from the claim.
