(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface, as shown and described.

DESCRIPTION

FIGS. 1 and 2 are portrait and landscape face views of a display screen with a graphical user interface, showing our new design, according to a first embodiment thereof; and, FIGS. 3 and 4 are portrait and landscape face views of the display screen with the graphical user interface, showing the new design, according to a second embodiment thereof. Subject matter shown in broken lines is environmental and forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
