(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

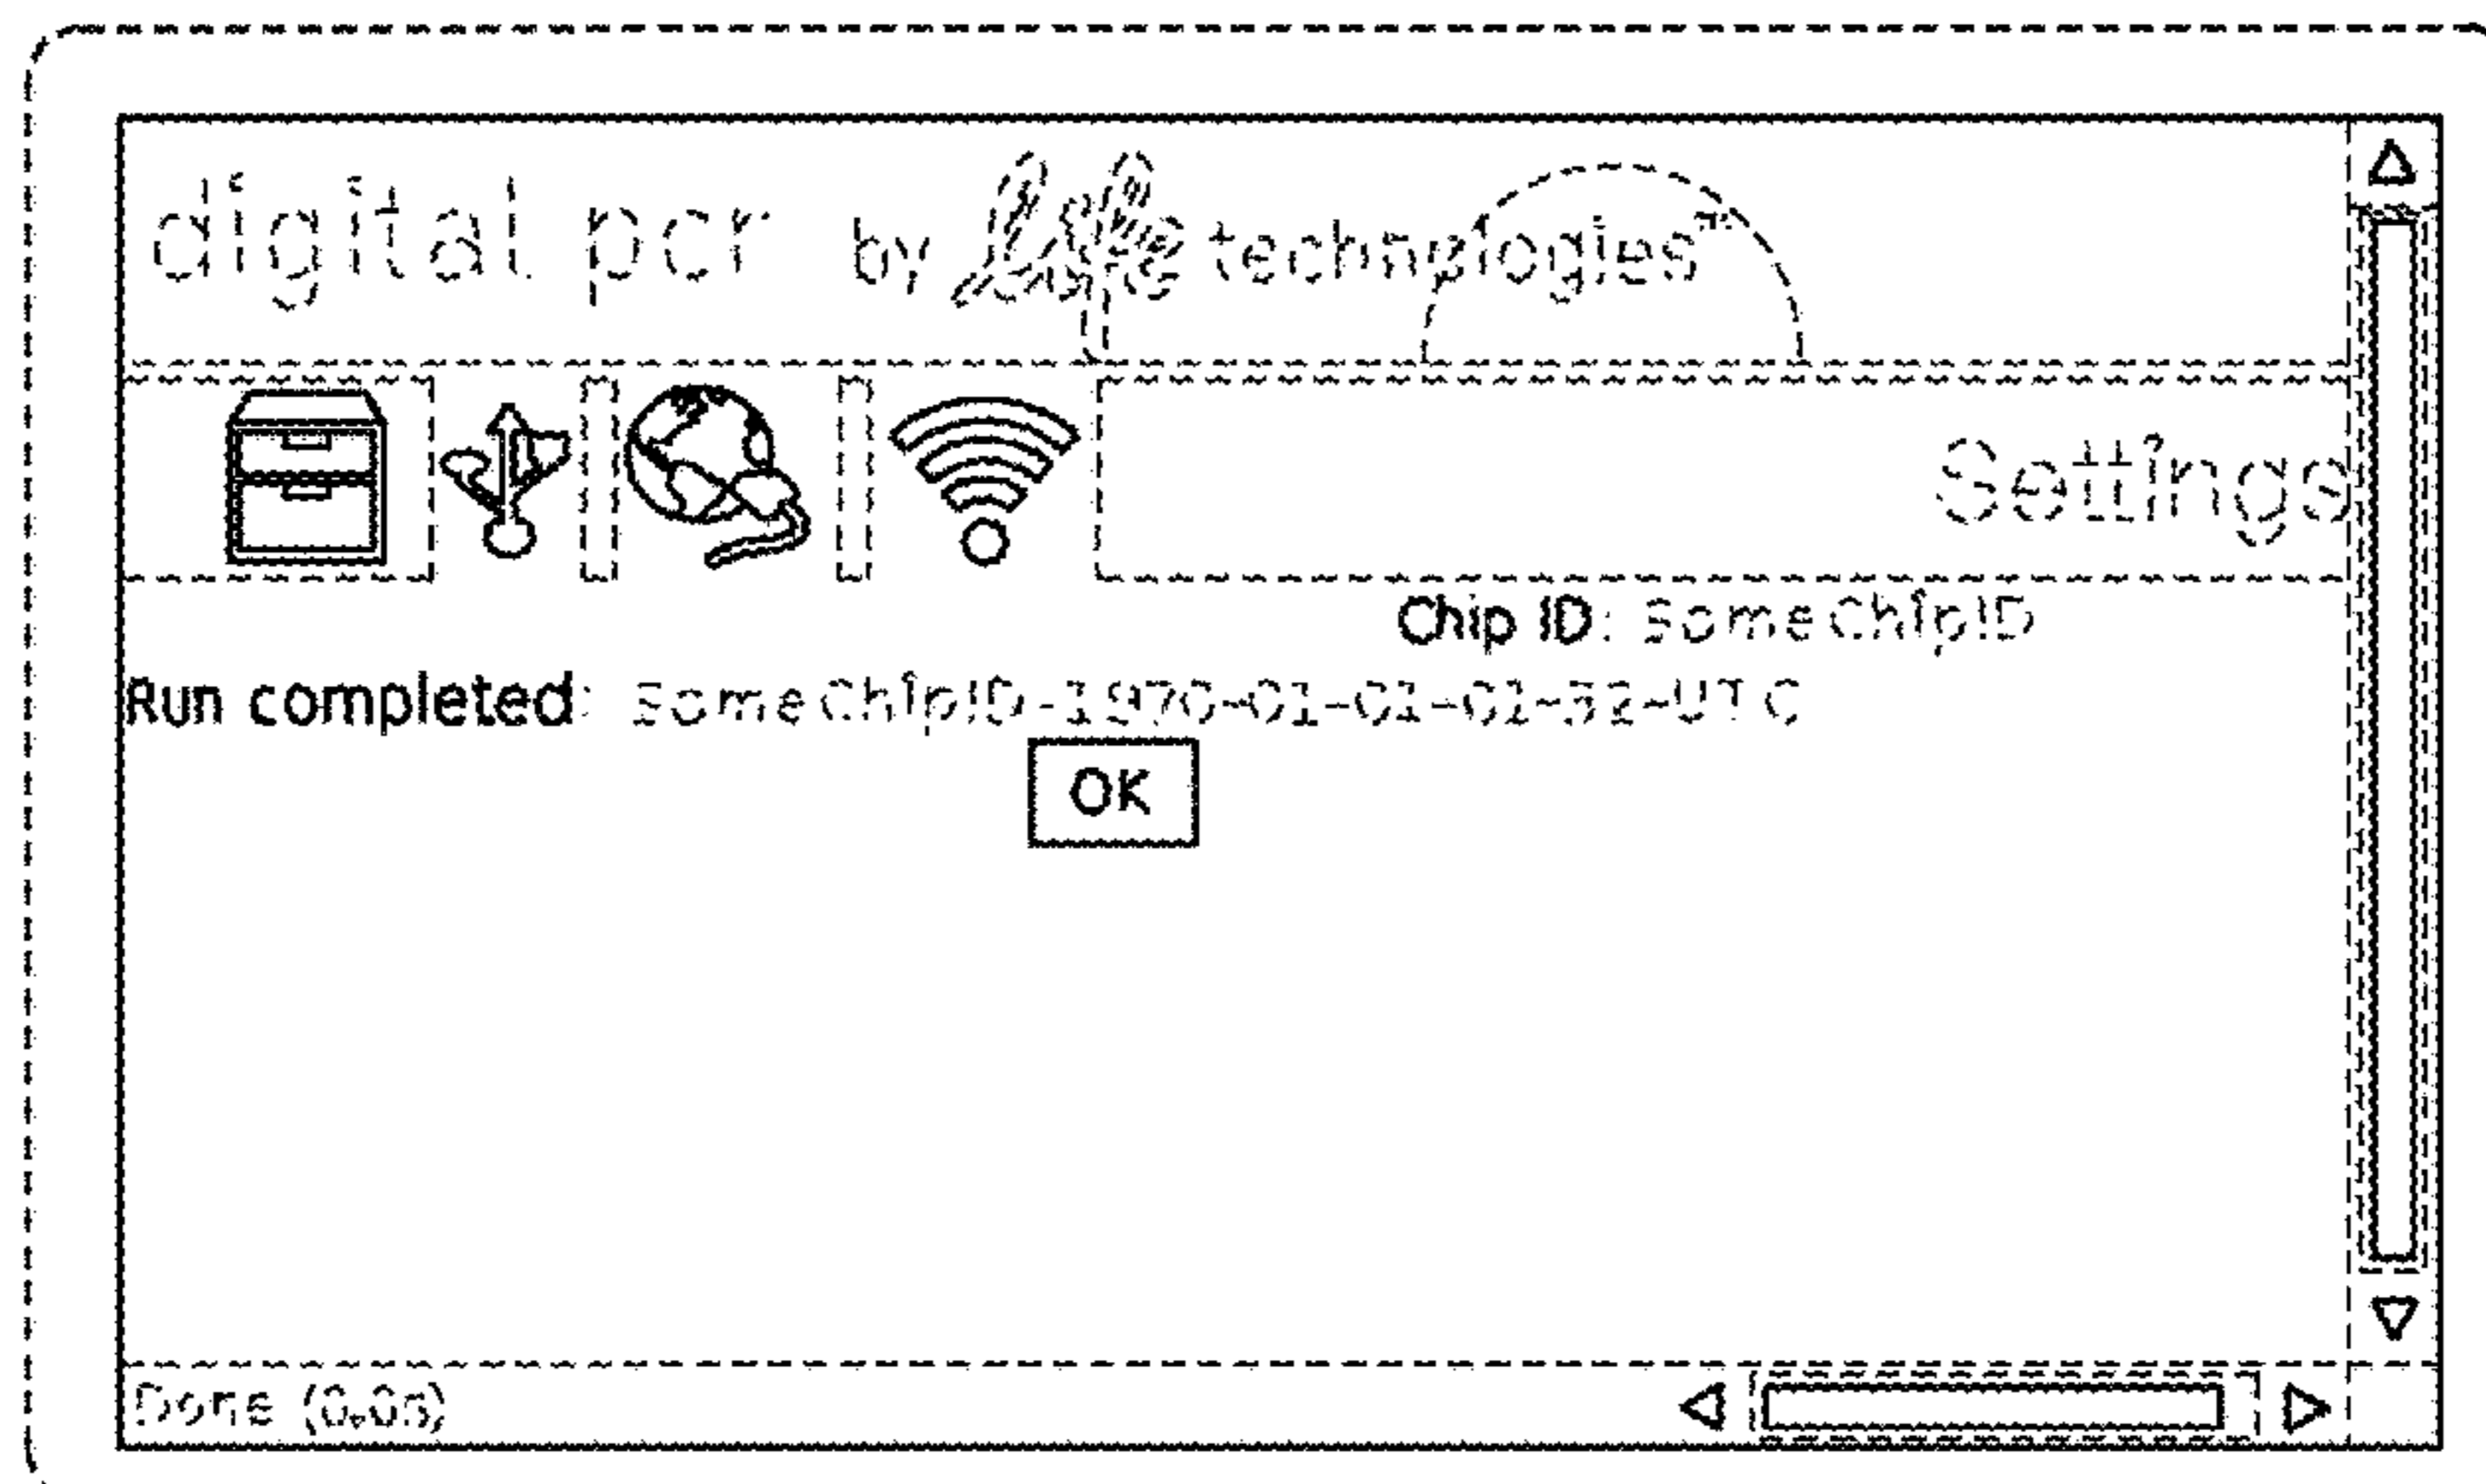

DESCRIPTION

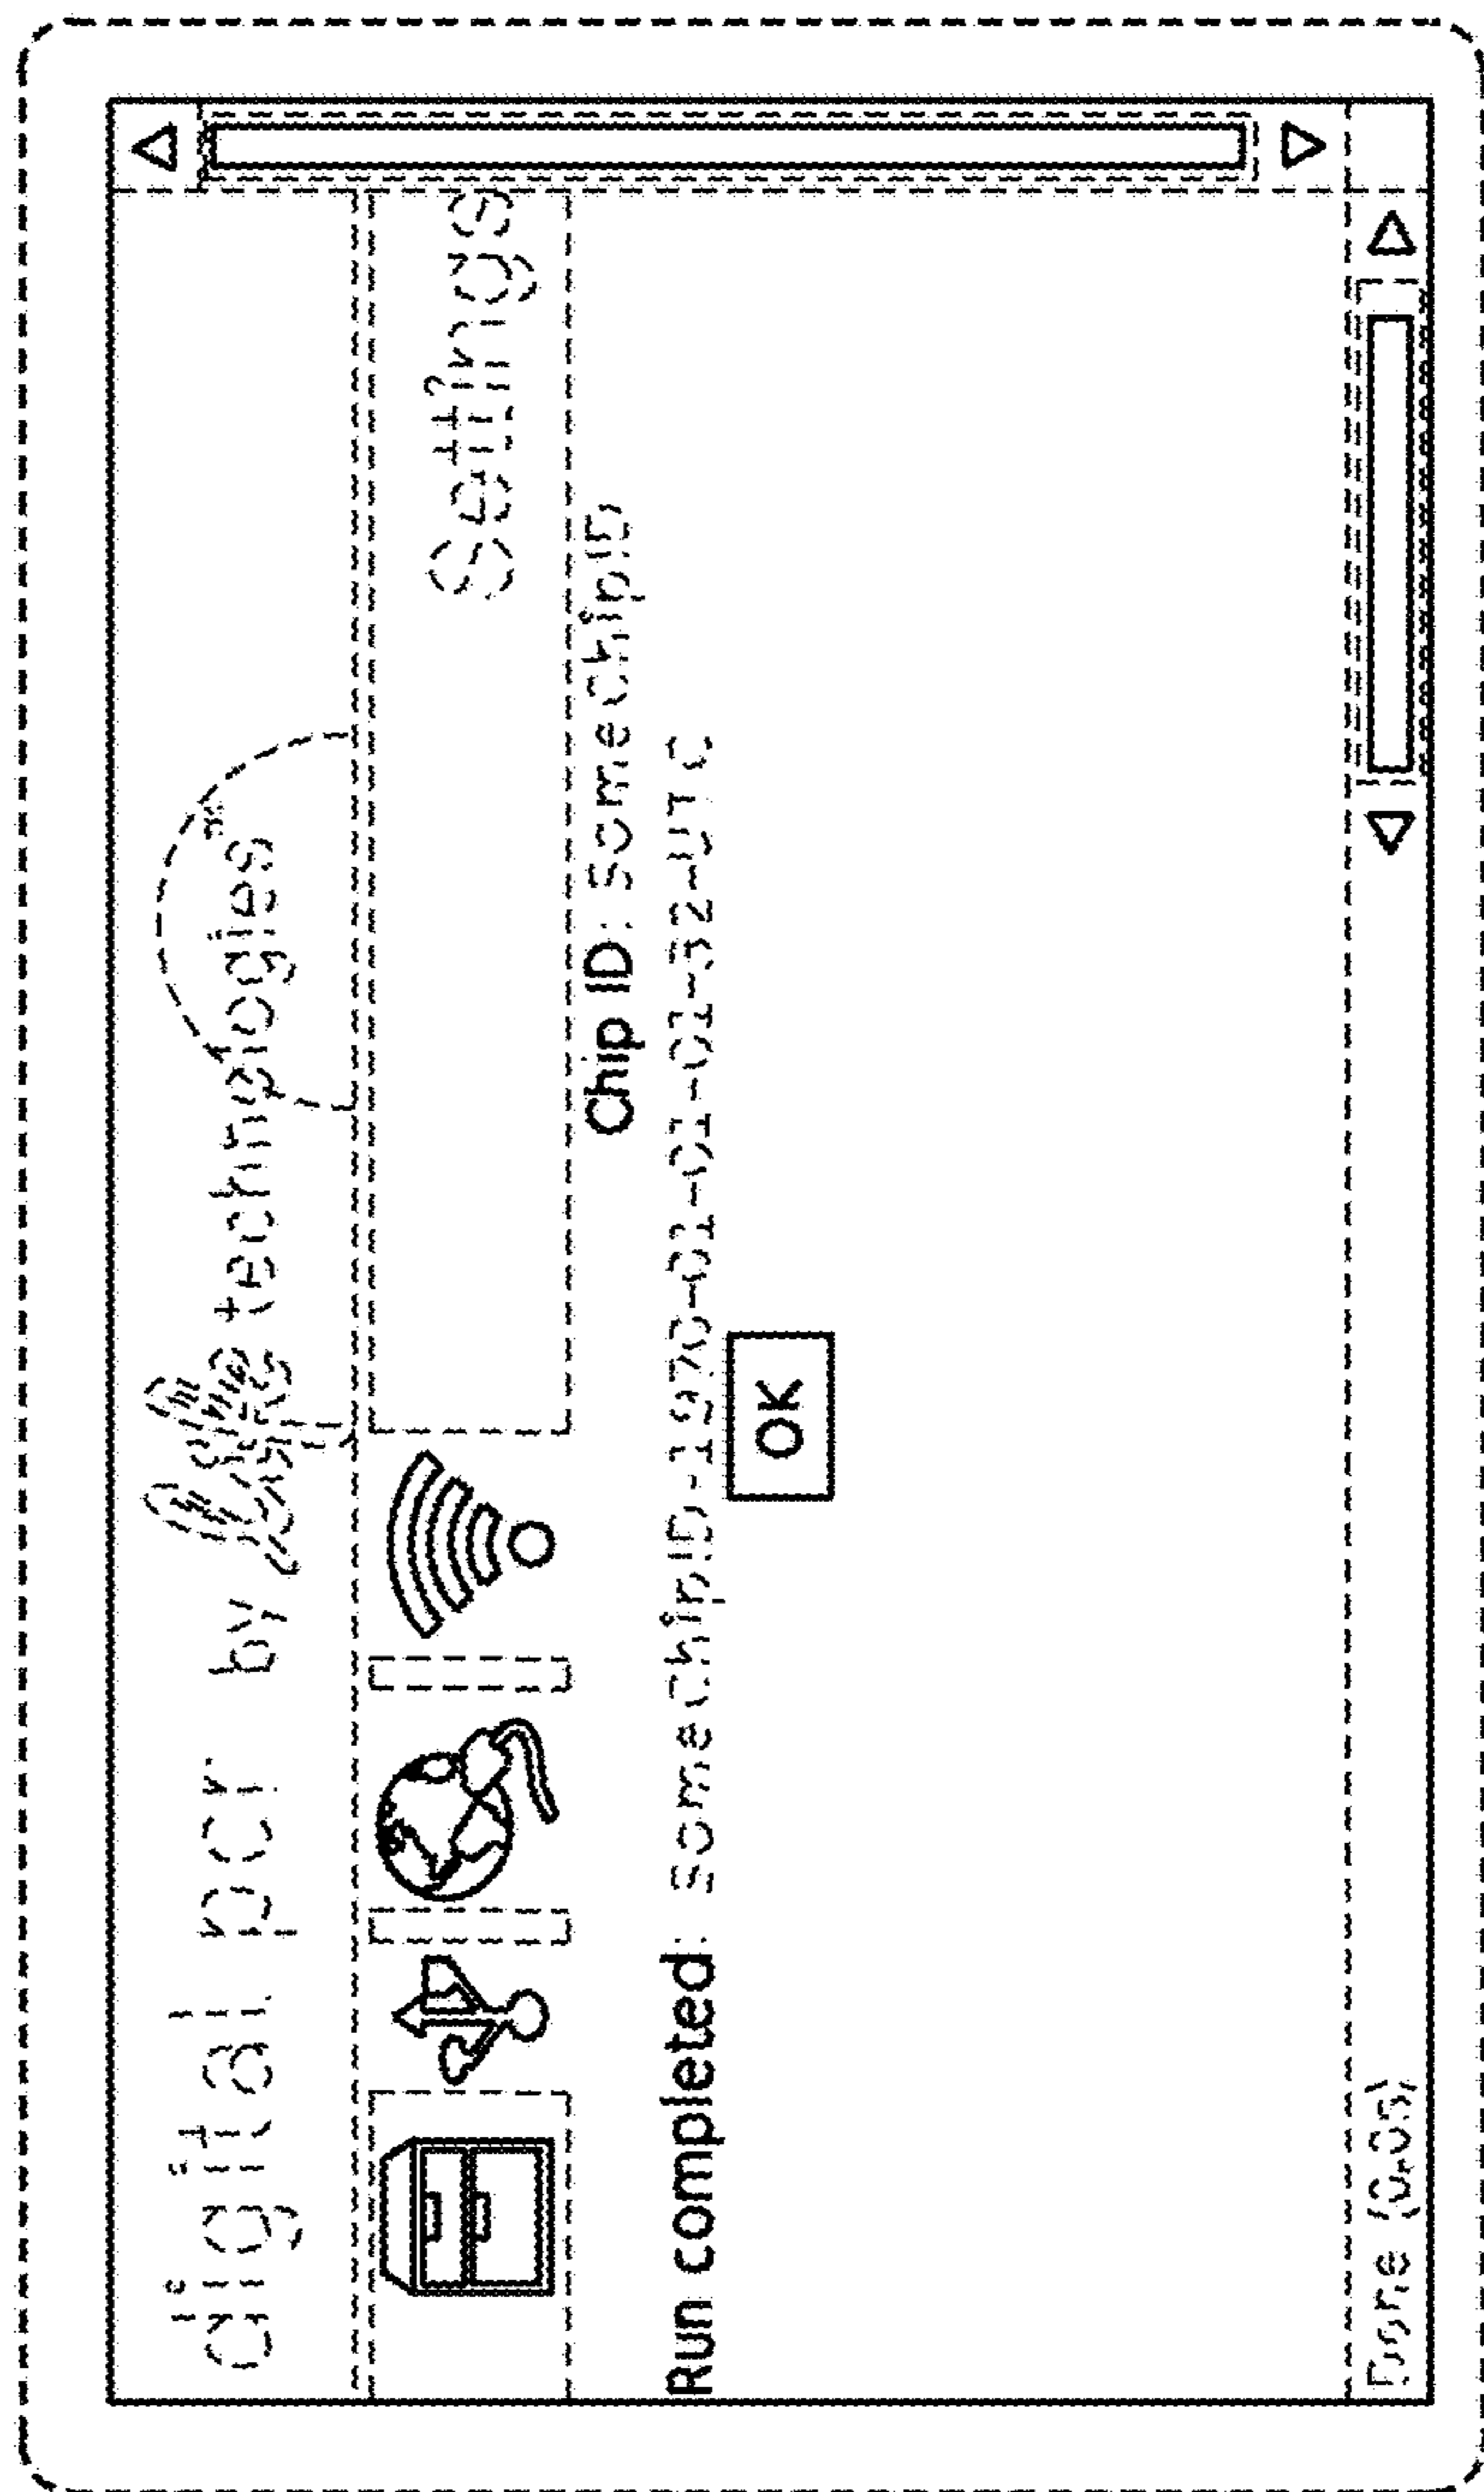

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever. The FIGURE illustrates a front view of a display screen with graphical user interface of our new design.

The present design relates to an ornamental design for a display screen with graphical user interface.

The broken line showing a display screen and elements of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.
