(57) **CLAIM**

The ornamental design for a portion of a display screen with an icon, as shown and described.

**DESCRIPTION**

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a portion of a display screen with an icon showing a first embodiment of our invention in color;

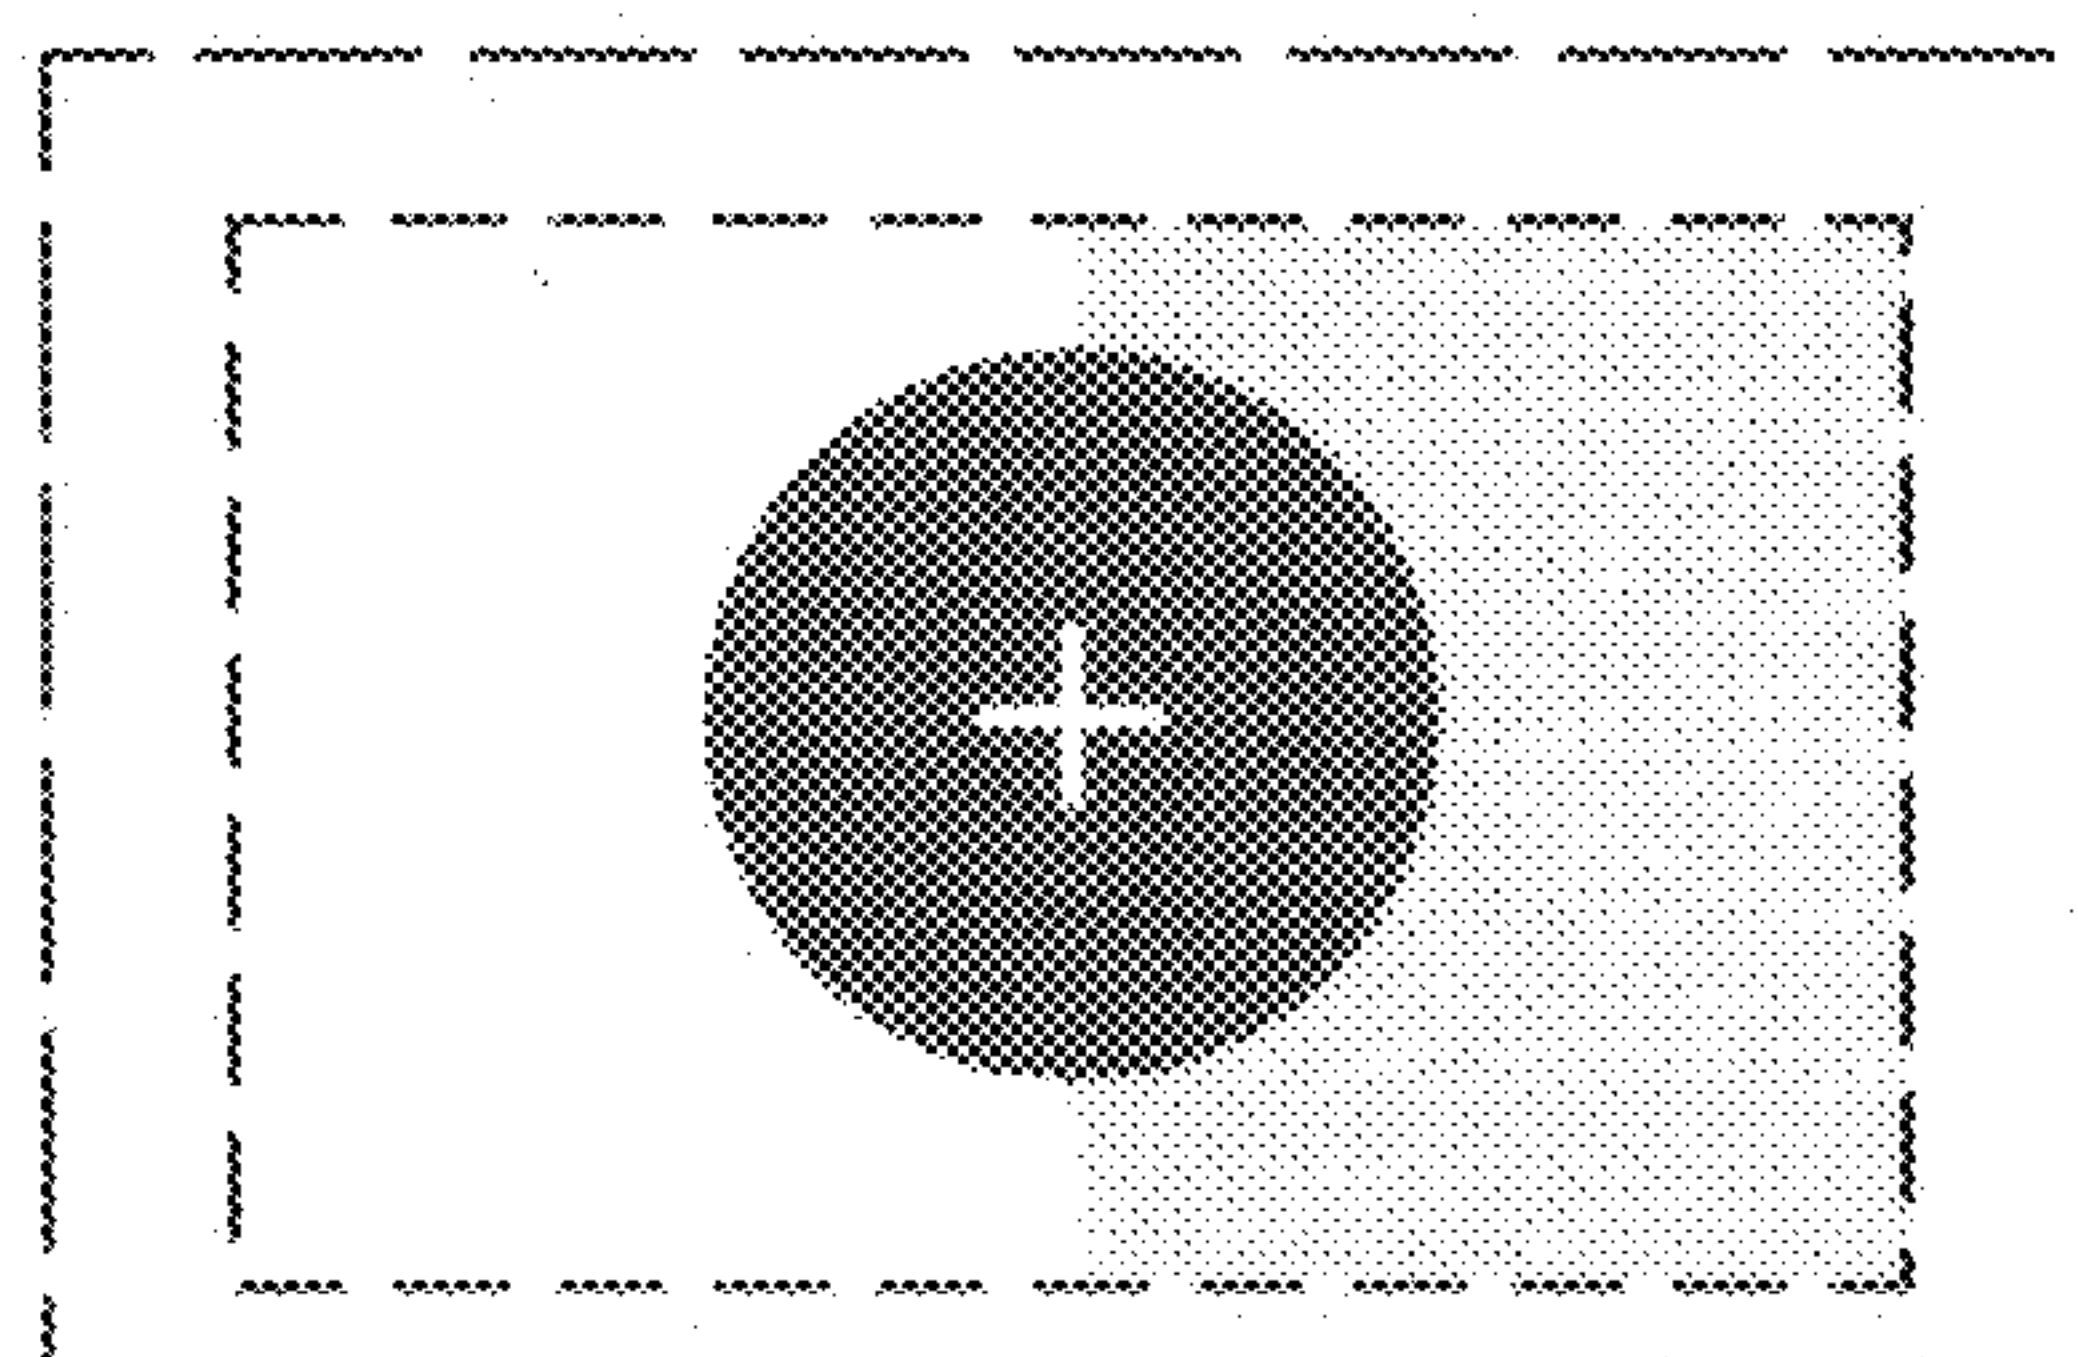

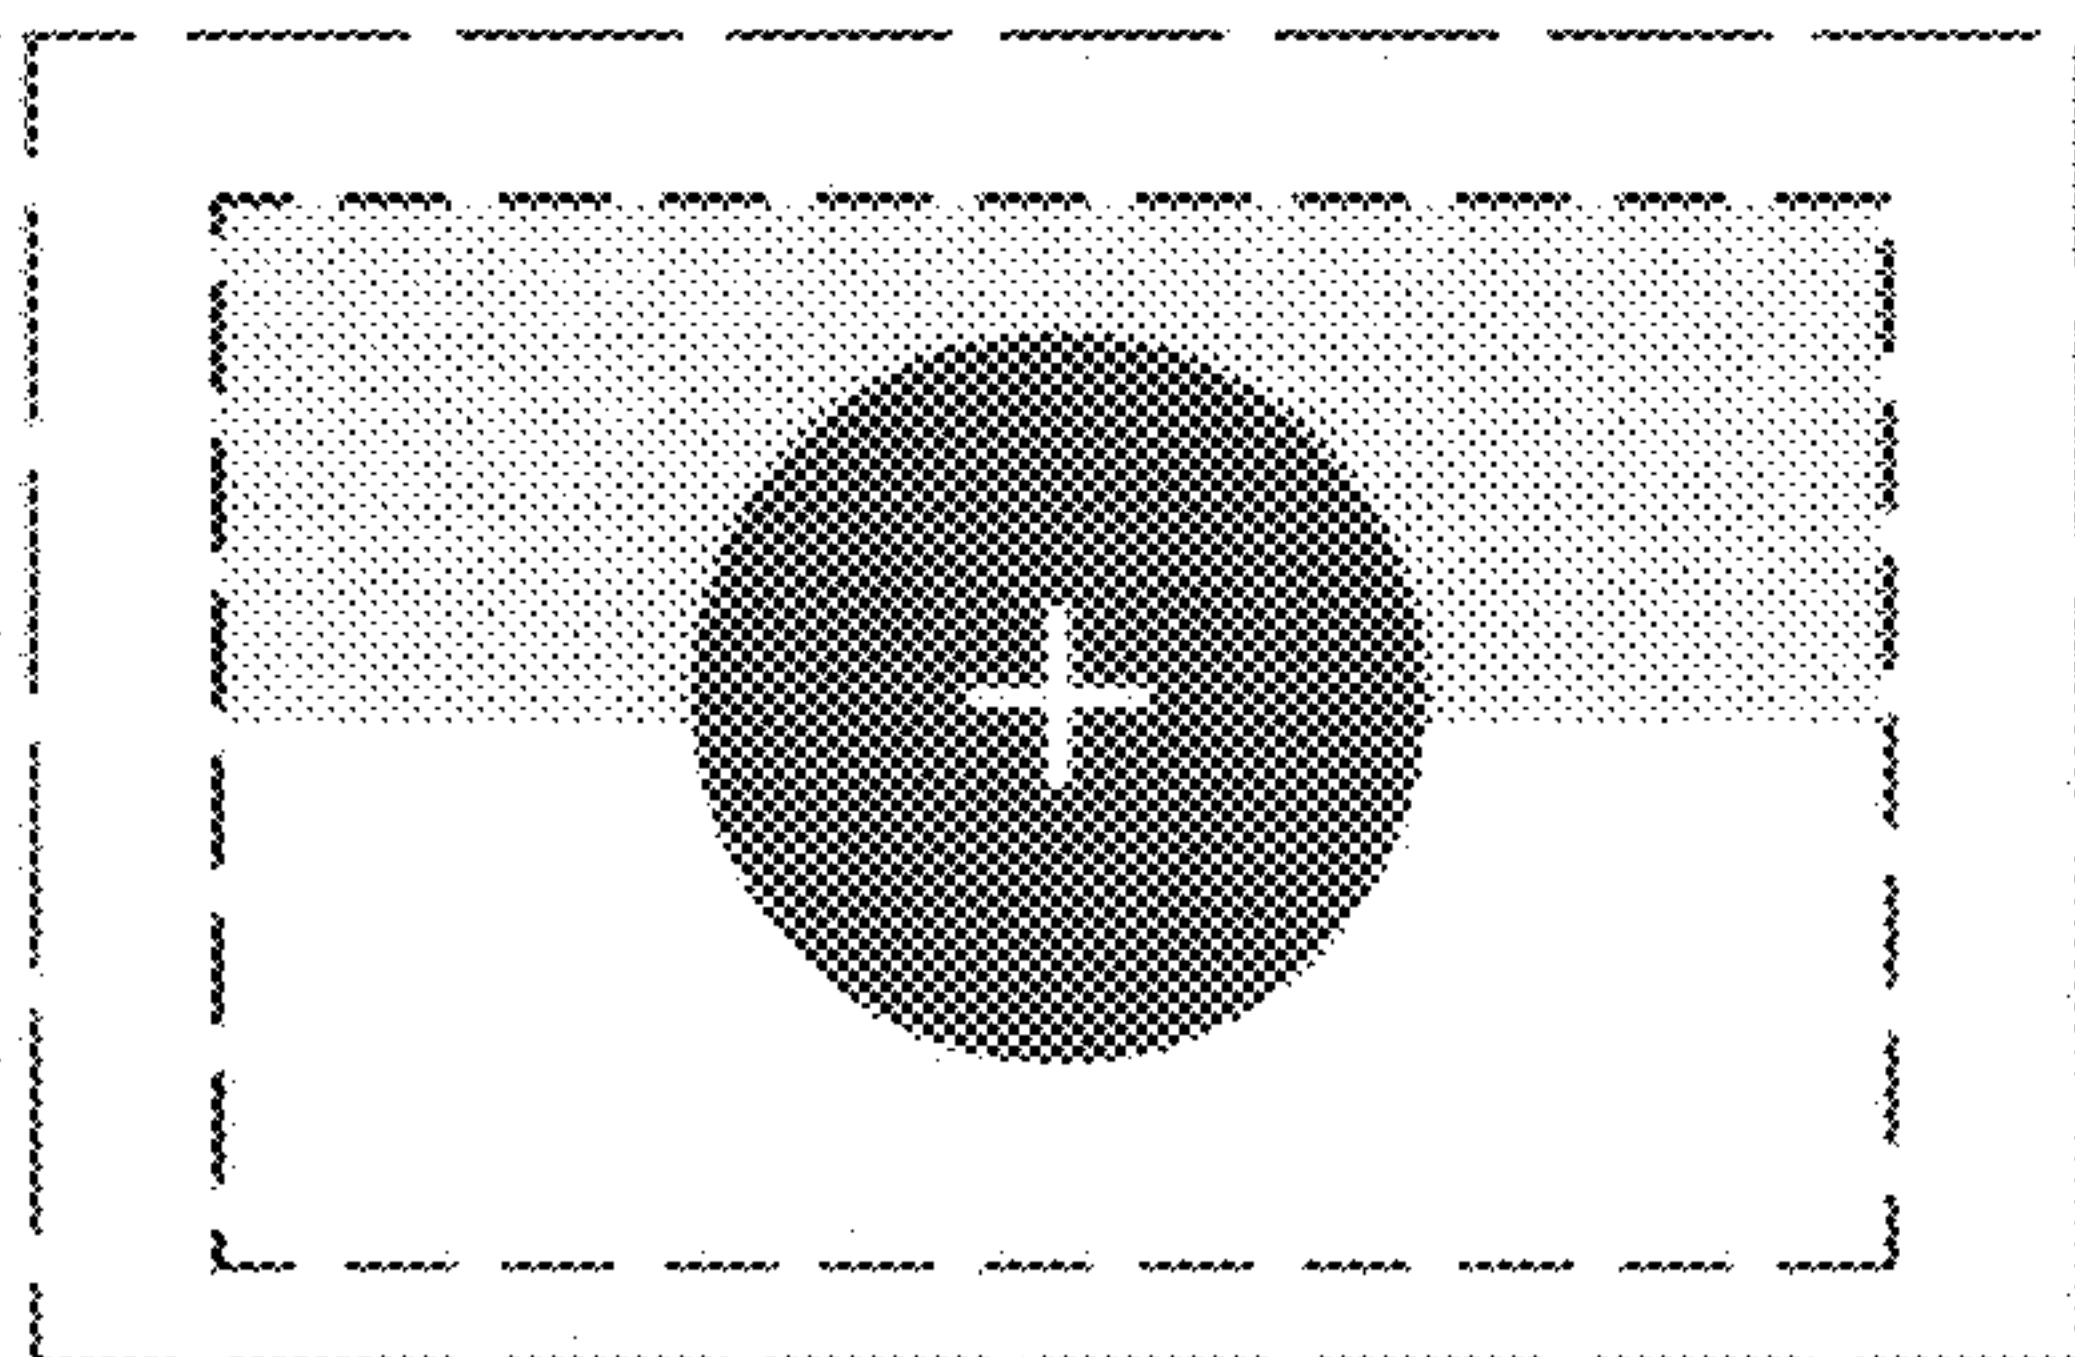

FIG. 2 is a front view of a portion of a display screen with an icon showing a second embodiment of our invention in color;

FIG. 3 is a front view of a portion of a display with an icon showing a third embodiment of our invention; and,

FIG. 4 is a front view of a portion of a display screen with an icon showing a fourth embodiment of our invention.

The gray shading in the drawings indicates a contrast of appearance. The longer-incremented broken lines showing a portion of a display screen illustrate environment and form no part of the claimed design. The finer-incremented broken lines show a boundary of the claimed design and form no part of the claimed design.
