(57) **CLAIM**

The ornamental design for an elongated structural strut for ceiling grids, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of an elongated structural strut for ceiling grids showing our new design.

FIG. 2 is a front elevation view thereof, the rear elevation view being a mirror image thereof.

FIG. 3 is a top plan view thereof.

FIG. 4 is a right side elevation view thereof, the left side elevation view being a mirror image thereof; and,

FIG. 5 is a bottom plan view thereof.

The elongated structural strut for ceiling grids is shown with a symbolic break in its length. The appearance of any portion of the elongated structural strut for ceiling grids between the jagged break lines forms no part of the claimed design.

1 Claim, 5 Drawing Sheets
