See application file for complete search history.

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The circular dot-dash broken lines shown in the drawing represents boundaries of the claimed design. The dash-dash lines shown in the drawings represent a display screen or portion thereof with graphical user interface that form no part of the claimed design. The portions of the graphical user interface that are shown as ghosted with lower opacity represent portions of the display screen or portion thereof with graphical user interface that form no part of the claimed design.
