(57) **CLAIM**

The ornamental design for a planar oral rinse suction evacuation dental device, as shown and described.

DESCRIPTION

FIG. 1 is a right side perspective view of a planar oral rinse suction evacuation dental device according to the present invention, showing a disposable sanitary cover component thereof attached to a body component thereof.

FIG. 2 is a reduced perspective view thereof, showing the planar oral rinse suction evacuation dental device in use.

FIG. 3 is an exploded right side elevation view thereof, showing a disposable cover removed from the body thereof.

FIG. 4 is a left side elevation view thereof.

FIG. 5 is a top plan view thereof.

FIG. 6 is a bottom plan view thereof.

FIG. 7 is an exploded front oblique view thereof, showing the disposable cover removed from the body thereof.

FIG. 8 is an exploded rear oblique view thereof, showing the disposable cover removed from the body thereof.

FIG. 9 is an exploded front end perspective view thereof, showing the disposable cover removed from the body thereof; and,

FIG. 10 is a rear end perspective view thereof.

The broken line shown in FIG. 2 is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
