(57) **CLAIM**

The ornamental design for a modular corner building, as shown and described.

DESCRIPTION

FIG. 1 is a front upper perspective view of the modular corner building of the present invention;
FIG. 2 is a front elevational view of the modular corner building of the present invention shown in FIG. 1;
FIG. 3 is a back elevational view of the modular corner building of the present invention shown in FIG. 1;
FIG. 4 is a left side elevational view of the modular corner building of the present invention shown in FIG. 1;
FIG. 5 is a right side elevational view of the modular corner building of the present invention shown in FIG. 1;
FIG. 6 is a top plan view of the modular corner building of the present invention shown in FIG. 1;
FIG. 7 is a bottom plan view of the modular corner building of the present invention shown in FIG. 1; and,
FIG. 8 is a back lower perspective view of the modular corner building of the present invention shown in FIG. 1.
