(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface;

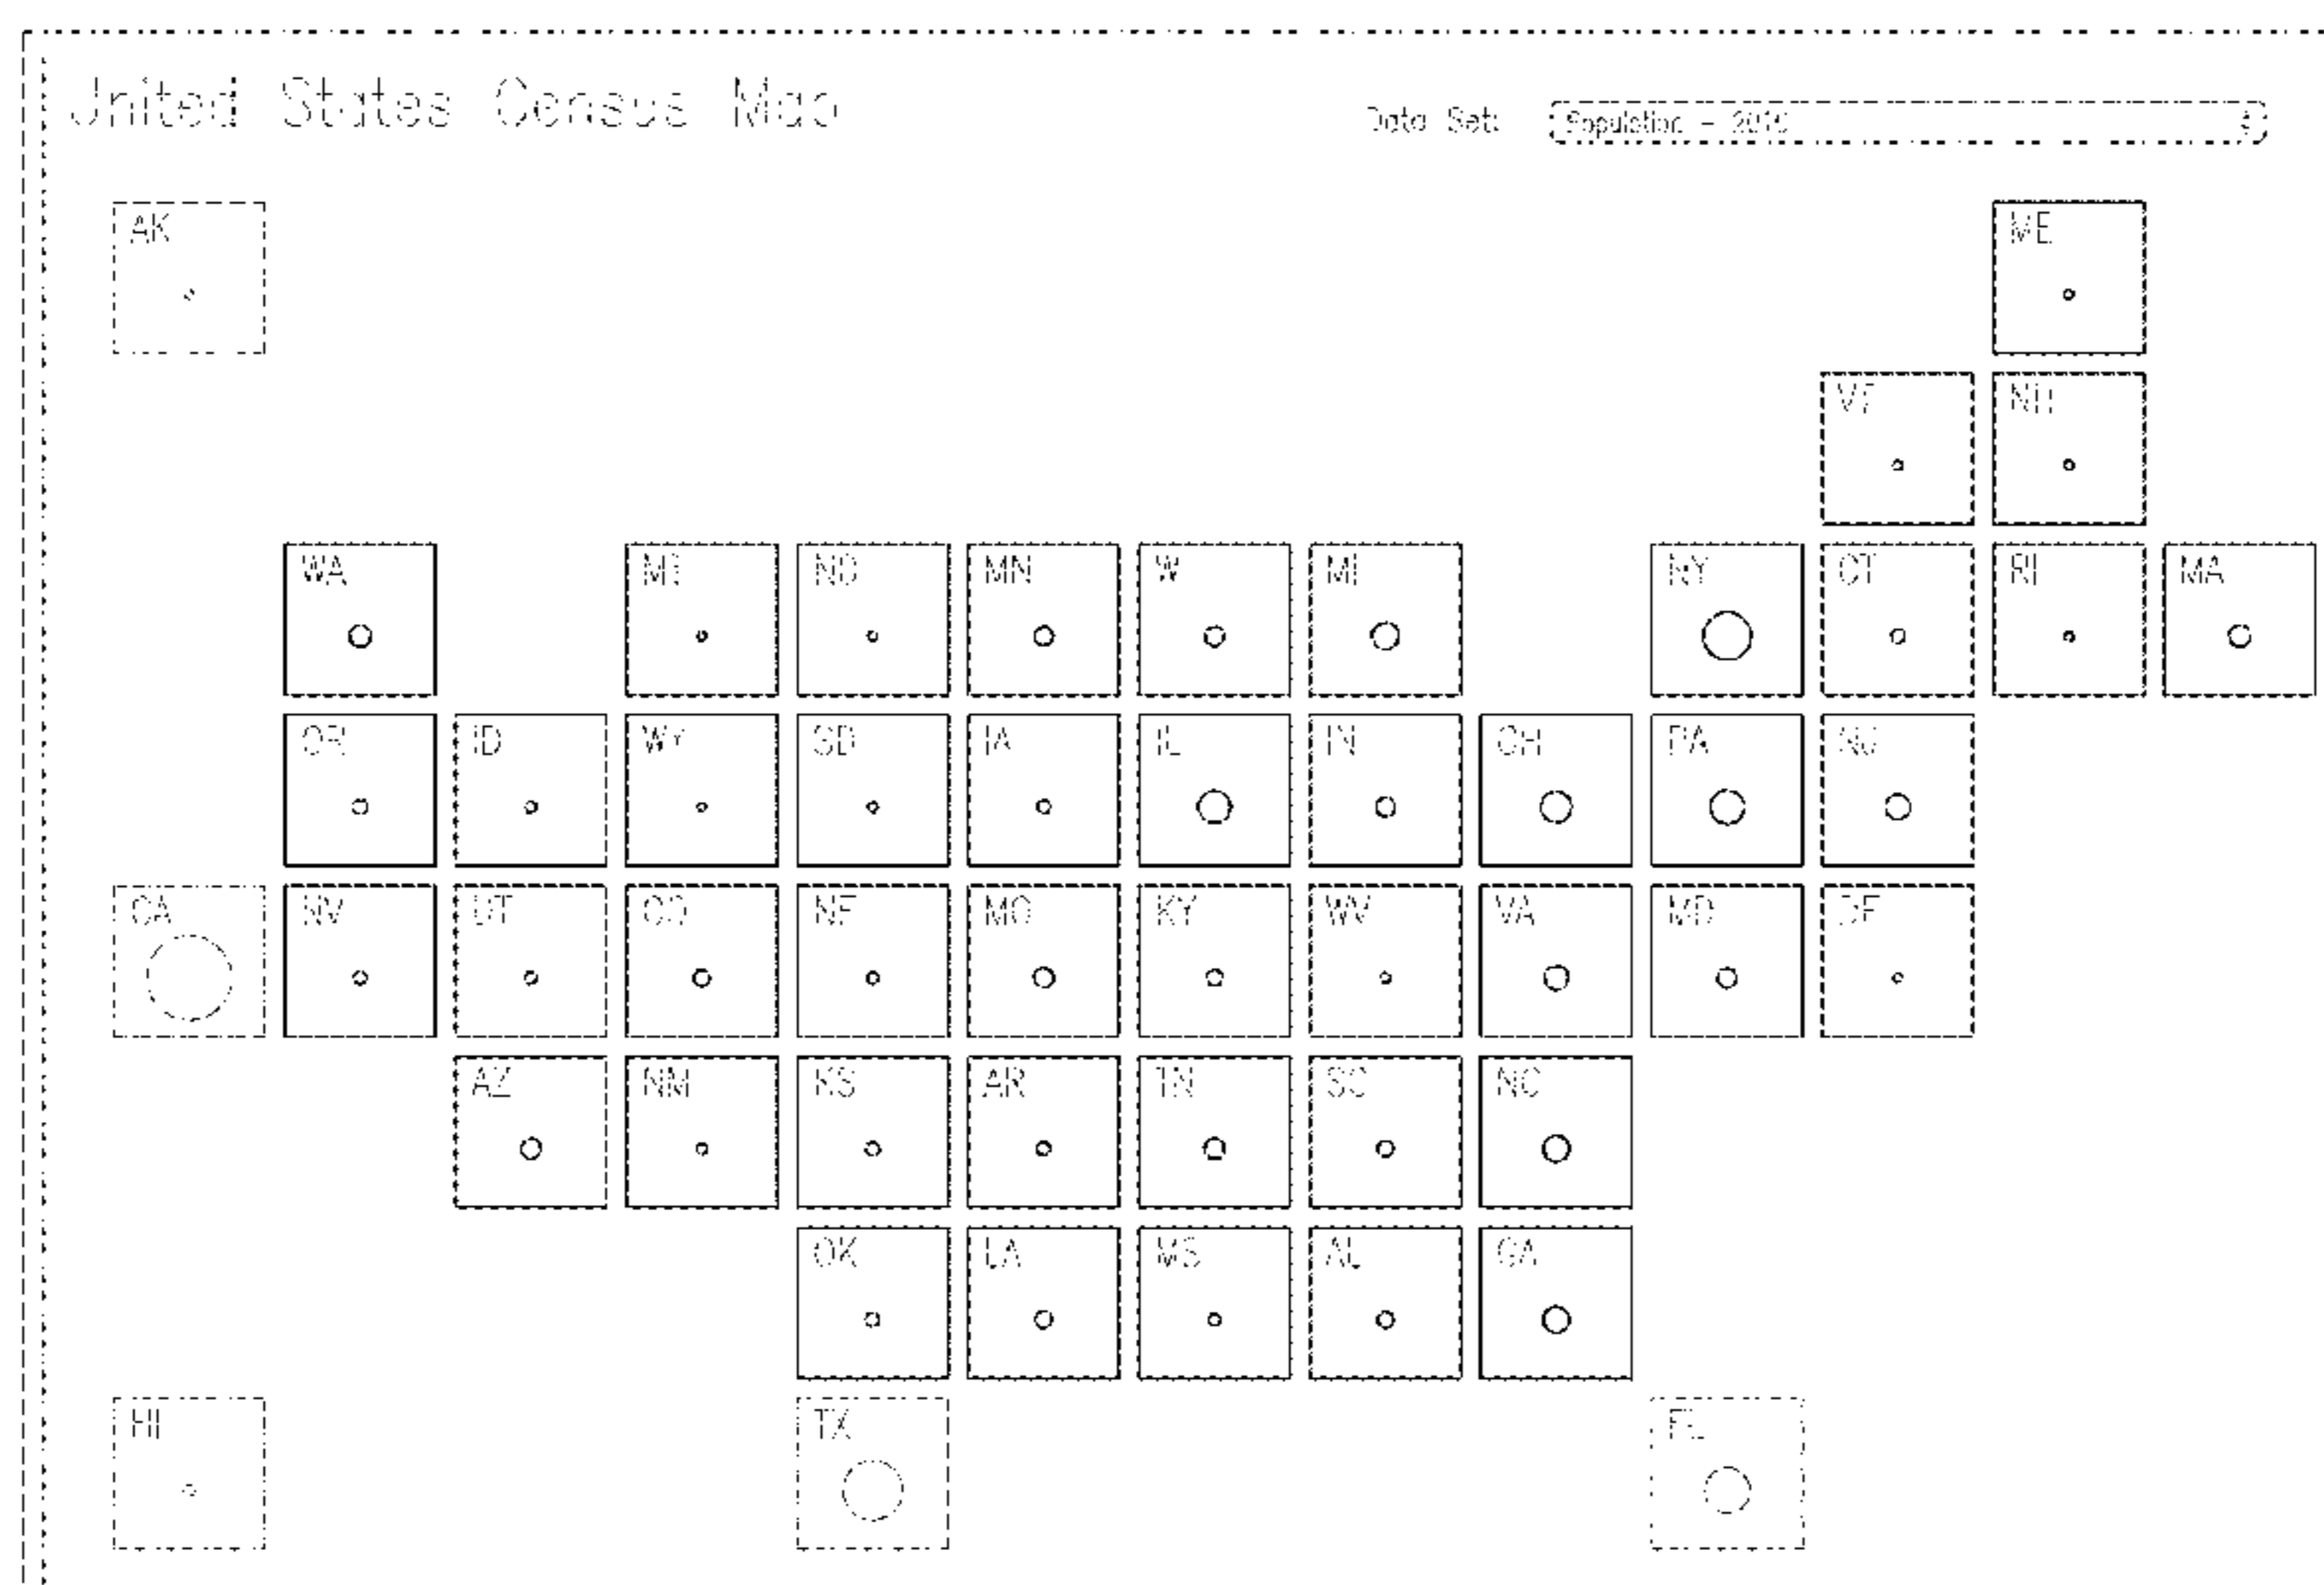

FIG. 2 is a front view of a second embodiment of the display screen with graphical user interface, shown with a different broken line disclosure;

FIG. 3 is another front view of the first embodiment of the display screen with graphical user interface, shown with a different broken line disclosure partially obscuring the claimed design; and,

FIG. 4 is another front view of the second embodiment of the display screen with graphical user interface, shown with another different broken line disclosure partially obscuring the claimed design.

The broken line showing of the display screen with graphical user interface is for the purpose of illustrating portions of the interface and form no part of the claimed design.
