(57) **CLAIM**

I claim the ornamental design for a urinary catheter funnel, as shown and described.

DESCRIPTION

FIG. 1 is a lower perspective view of a urinary catheter funnel of the present application;
 FIG. 2 is an upper perspective view of the urinary catheter funnel;
 FIG. 3 is a right side view of the urinary catheter funnel, the left side view being a mirror image of the right side view;
 FIG. 4 is a front end view of the urinary catheter funnel;
 FIG. 5 is a top view of the urinary catheter funnel; and,
 FIG. 6 is a bottom view of the urinary catheter funnel.

Note 1: In the drawings, the broken lines are for the purpose of illustrating environment only and form no part of the claimed design. Internal features of the urinary catheter funnel form no part of the claimed design.

A urinary catheter funnel for attachment to a urinary catheter.
