(57) **CLAIM**

The ornamental design for a plastic can liner film with repeating surface pattern, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of the first embodiment of the plastic can liner film with repeating surface pattern showing my new design;

FIG. 2 is a top plan view of the second embodiment of the plastic can liner film with repeating surface pattern; and, FIG. 3 is a top plan view of the third embodiment of the plastic can liner film with repeating surface pattern.

The stippled shading represents a surface contrast. The plastic can liner film with repeating surface pattern has no appreciable thickness. The dots between the diamonds represent a single point surface contrast. The dash-dash broken lines indicate the environment of the claimed design and form no part thereof.

**1 Claim, 3 Drawing Sheets**

FIG. 1

FIG. 2

FIG. 3
