(57) **CLAIM**

The ornamental design for an electronic display with animated user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a first image in a sequence for an electronic display with animated graphical user interface showing our new design.

FIG. 2 is the second image thereof.

FIG. 3 is the third image thereof; and,

FIG. 4 is the fourth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken line showing of the electronic display of the computing device is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
