(57) **CLAIM**

The ornamental design for the display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image of a display screen with graphical user interface showing our new design; FIG. 2 is the second image thereof; FIG. 3 is the third image thereof; and, FIG. 4 is the fourth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken line showing of the display screen is included for the purpose of illustrating portions of the display screen with graphical user interface and forms no part of the claimed design.
