(57) **CLAIM**

The ornamental design for a camera support device, as shown and described.

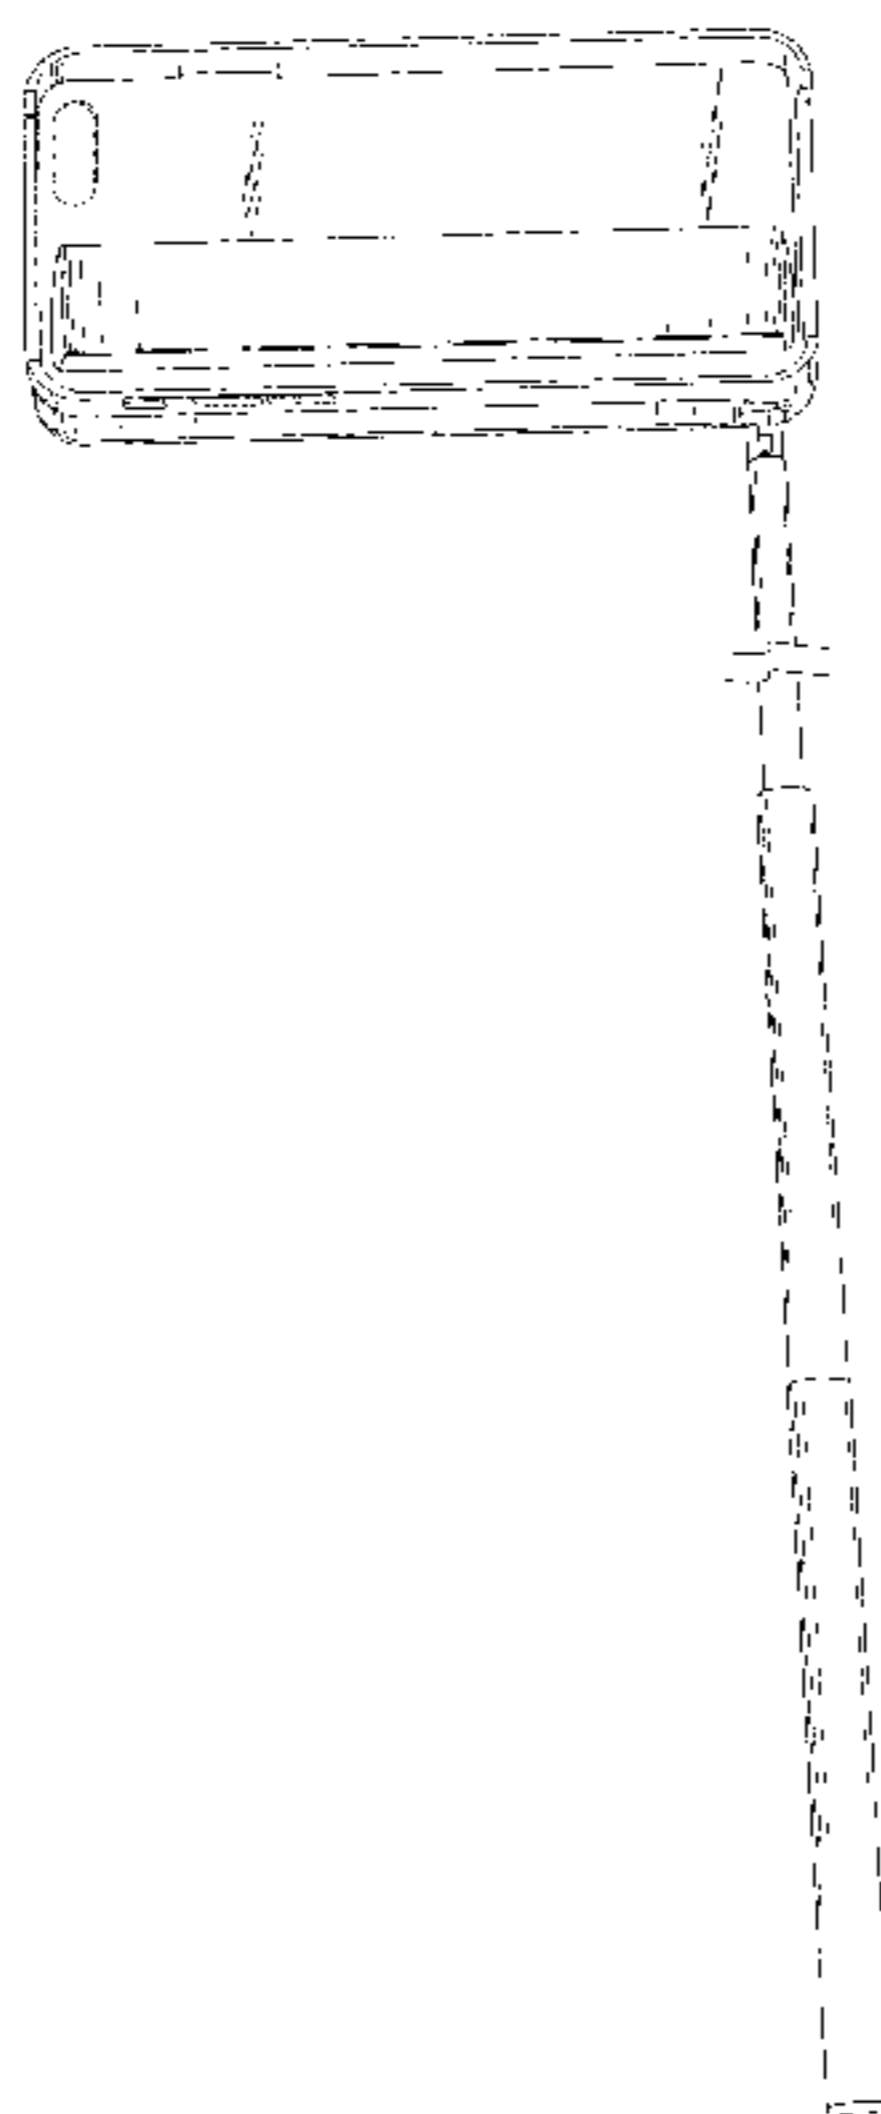

DESCRIPTION

FIG. 1 is a front elevational view of the camera support device showing my design;
FIG. 2 is a rear elevational view thereof;
FIG. 3 is a right side view thereof;
FIG. 4 is a left side view thereof;
FIG. 5 is a top view thereof;
FIG. 6 is a bottom view thereof;
FIG. 7 is a top, front, and right perspective view thereof;
FIG. 8 is a front, left, and top perspective view thereof with an unclaimed smart phone encased therein;
FIG. 9 is a right and top perspective view showing the support handle in an operating position and is fully extended; and,
FIG. 10 is a right and top perspective view showing the support handle removed from a stored position and is partially extended.

The broken lines shown in the FIGS. 1-4 and 7-10 depict portions of the camera support device that form no part of the claimed design. The broken lines shown in FIG. 8 also depict the smart phone which is not part of the claimed design.

The symbolic break lines in the handle of FIG. 10 convey that the appearance of any portion of the handle between the symbolic break lines forms no part of the claimed design.

1 Claim, 3 Drawing Sheets
