(57) **CLAIM**

The ornamental design for a digital information display apparatus, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a digital information display apparatus according to the present invention;

FIG. 2 is a front view of the digital information display apparatus of FIG. 1;

FIG. 3 is a rear view of the digital information display apparatus of FIG. 1;

FIG. 4 is a left side view of the digital information display apparatus of FIG. 1;

FIG. 5 is a right side view of the digital information display apparatus of FIG. 1;

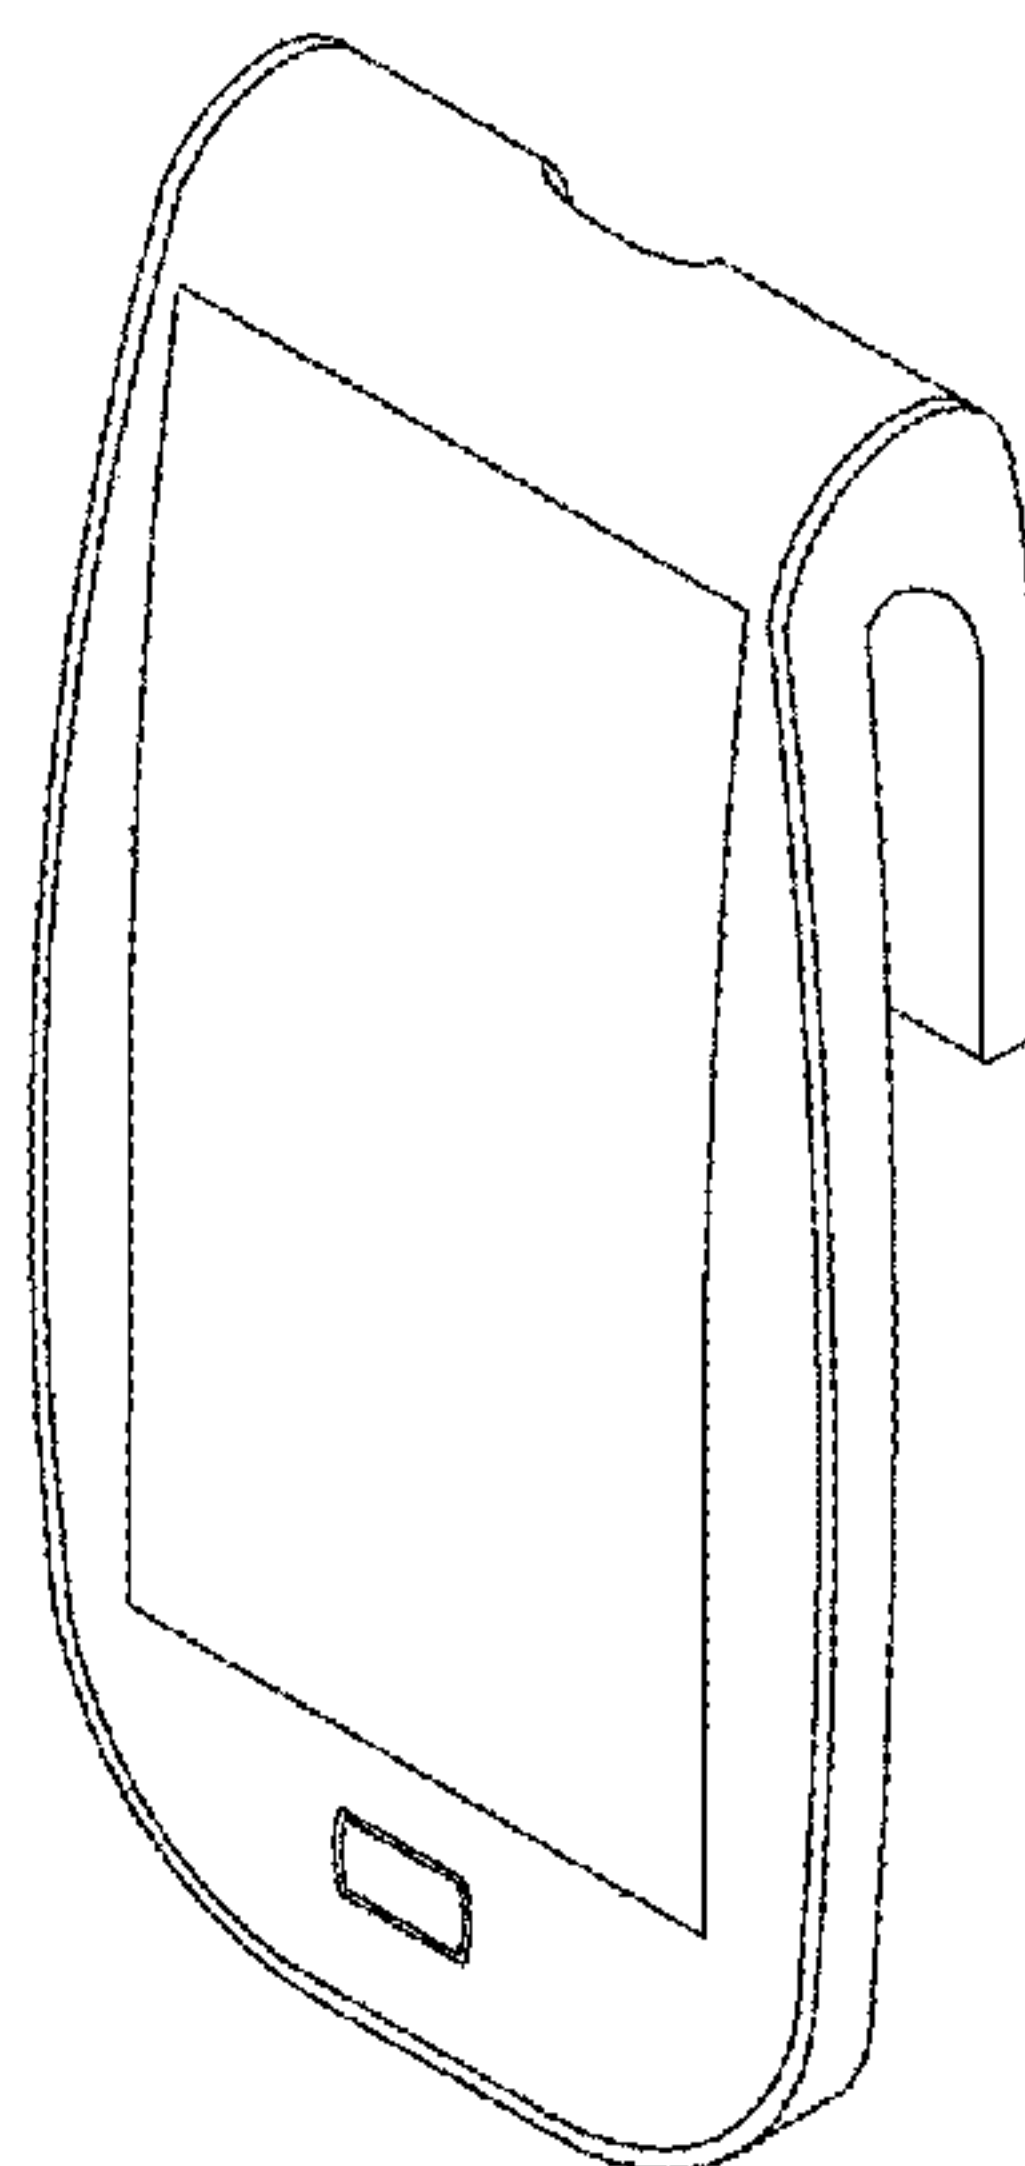

FIG. 6 is top plan view of the digital information display apparatus of FIG. 1;

FIG. 7 is a bottom plan view of the digital information display apparatus of FIG. 1; and,

FIG. 8 is a reference figure showing the product in use.

The broken lines in the drawings show unclaimed environmental subject matter only and form no part of the claimed design.
