(57) **CLAIM**

The ornamental design for a tarp having a unique identifier and a plurality of grommets for drone navigation, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a tarp having a unique identifier and a plurality of grommets for drone navigation of a first embodiment of the present invention;  
FIG. 2 is a front perspective view thereof;  
FIG. 3 is a rear view thereof;  
FIG. 4 is a front view of a tarp having a unique identifier and a plurality of grommets for drone navigation of a second embodiment of the present invention; and,  
FIG. 5 is a front perspective view thereof.  
The ornamental design which is claimed is shown in solid lines in the drawings. Any broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.
