(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with an animated graphical user interface showing a first image in a sequence of our new design.
FIG. 2 is a second image in the sequence thereof.
FIG. 3 is a third image in the sequence thereof.
FIG. 4 is a fourth image in the sequence thereof.
FIG. 5 is a fifth image in the sequence thereof.
FIG. 6 is a sixth image in the sequence thereof; and,
FIG. 7 is a seventh image in the sequence thereof.
In each of the figures, the outer edge of the underlying display screen portion is understood to be congruent with the outer edge of the animated graphical user interface shown. The appearance of animated images sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 4 Drawing Sheets
