(57) **CLAIM**

The ornamental design for a cellular phone with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the first image of a transitional sequence for a cellular phone with graphical user interface showing our new design;

FIG. 2 is a front view of the second image thereof;

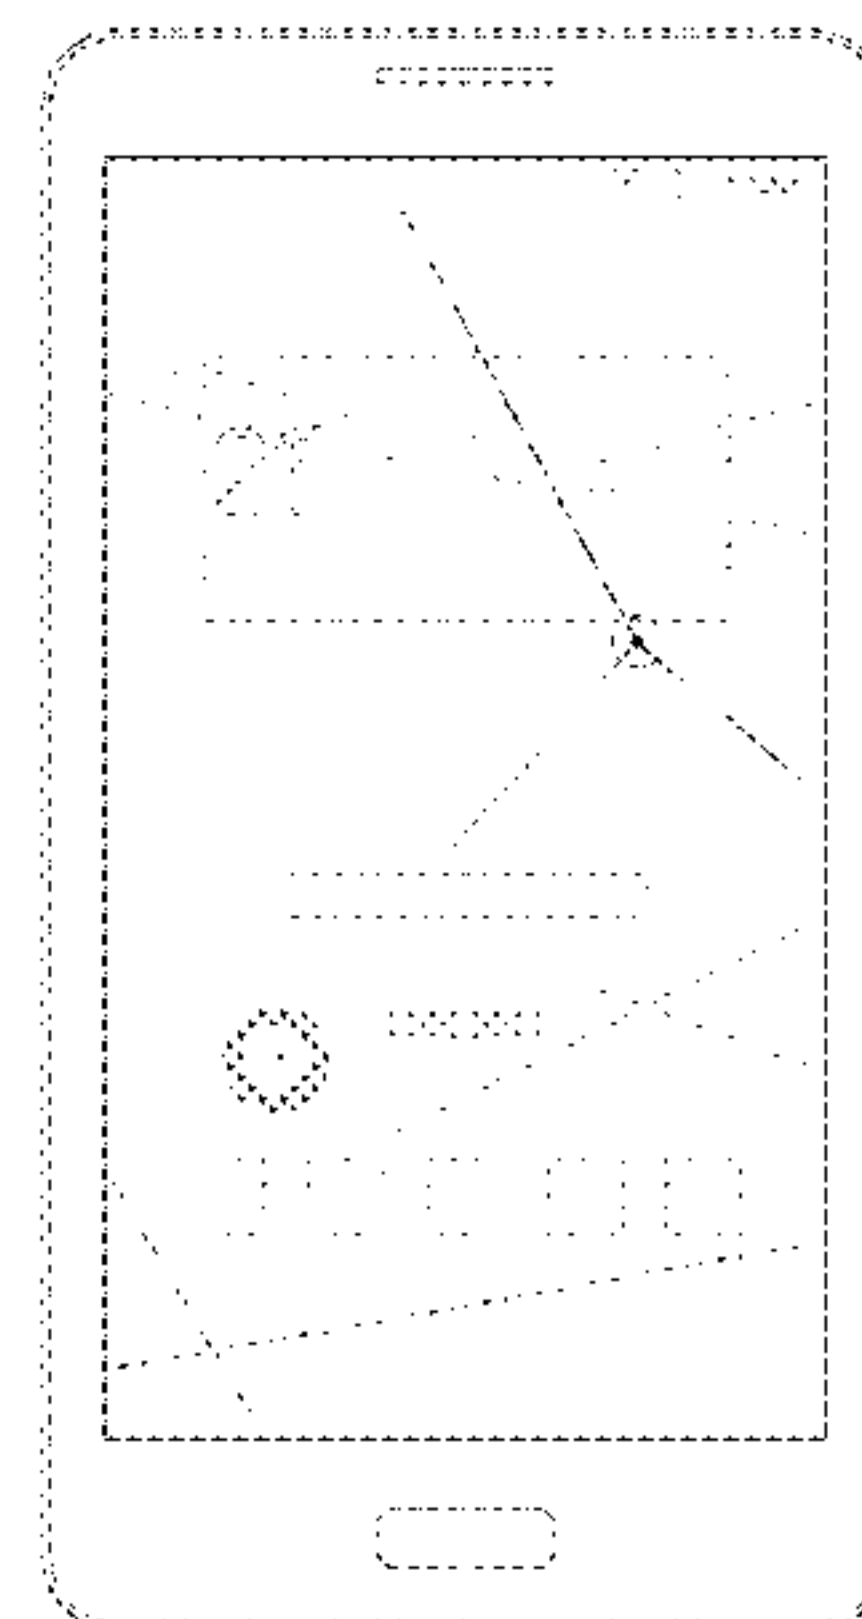

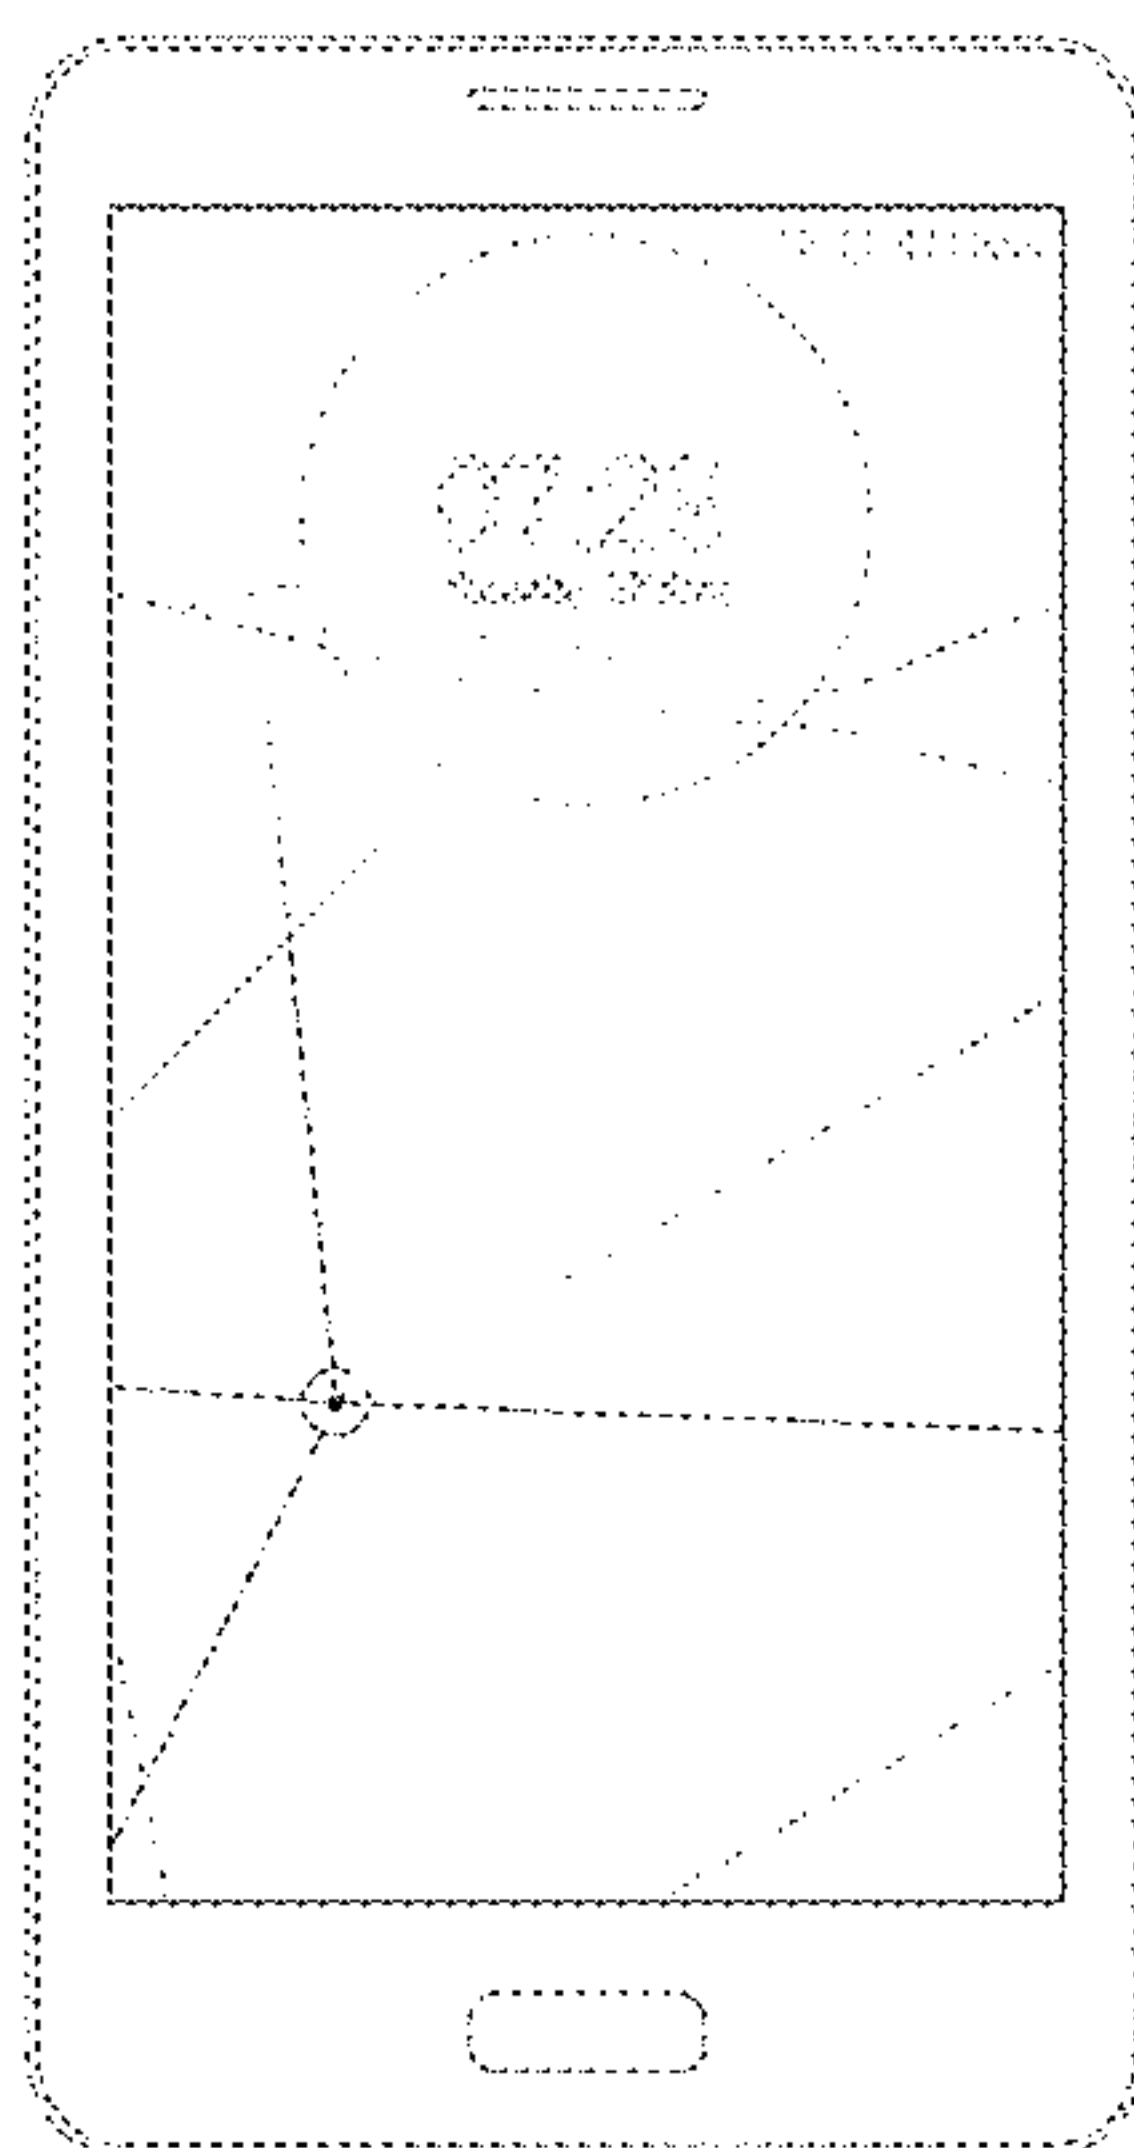

FIG. 3 is a front view of the third image thereof;

FIG. 4 is a front view of the fourth image thereof; and,

FIG. 5 is a front view of the fifth image thereof.

The outermost broken lines illustrate portions of a cellular phone. The remaining broken lines shown within the display screen illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design. The appearance of the transitional image sequentially transitions between the images shown in the figures. The process or period in which one image transitions to another image forms no part of the claimed design.
