(57) **CLAIM**

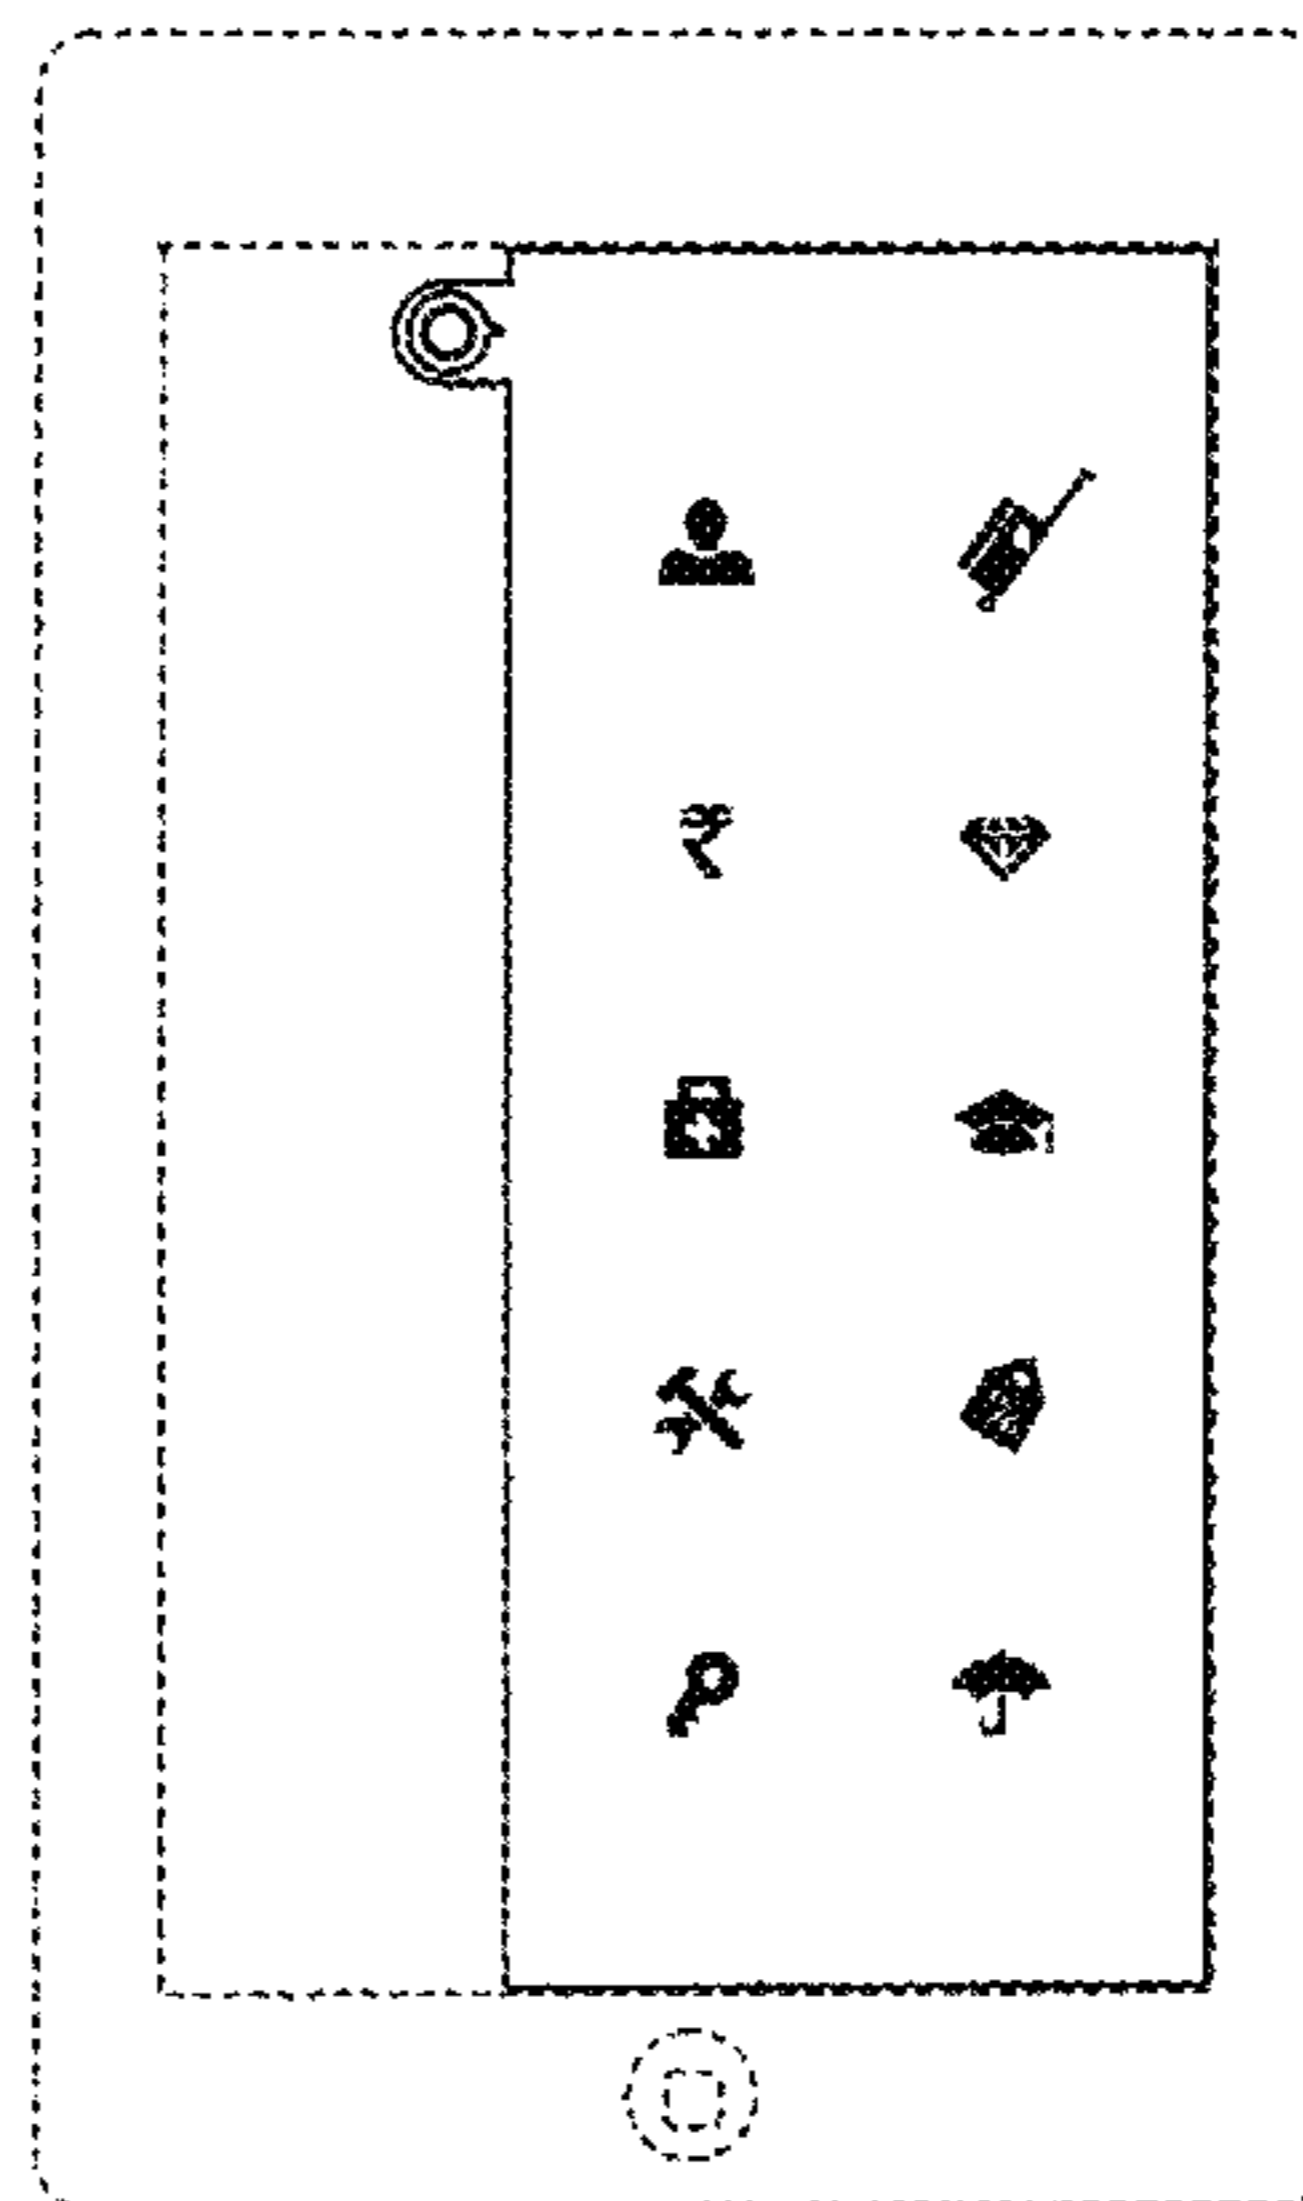

We claim the ornamental design for a display screen or portion thereof with animated graphical user interface for document management, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface for document management, showing a first image in a sequence; FIG. 2 is a front view of a second image thereof; FIG. 3 is a front view of a third image thereof; FIG. 4 is a front view of a fourth image thereof; FIG. 5 is a front view of a fifth image thereof; and, FIG. 6 is a front view of a sixth image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another image forms no part of the claimed design. The broken lines showing an electronic device in all FIGS. are included for the purpose of illustrating environmental structure; the broken line rectangle showing the display screen in all FIGS. and the broken lines showing portions of the graphical user interface in FIG. 6 are included for the purpose of illustrating portions of the article; all broken lines form no part of the claimed design.

1 Claim, 6 Drawing Sheets
